

RESOLUTION OF THE CITY COUNCIL

No. 28

Approved January 10, 1972

Resolved,

That

the following named person, firm or corporation is hereby granted permission to erect, alter or use a building or structure at the location named herein for the sale of petroleum, kerosene, gasoline, coal oil and their products, compounds and components as described and shown in and on the application therefor and accompanying plat, all on file in the office of the Department of Building Inspection subject to the conditions that said person, firm or corporation shall not violate any of the laws of the State of Rhode Island or any of the Ordinances of the City of Providence relative to the erection, use or occupation of said structure and that said person, firm or corporation shall not allow petroleum, kerosene, gasoline, coal oil or their products, compounds or components, to be conveyed over or across any sidewalk by means of any pipe or hose, and upon such special conditions as are hereby enumerated and further provided that the Director of the Department of Building Inspection may authorize minor changes in the structural detail of plans on file, viz:

Old Colony Petroleum Company, Inc., Plat 101, Lot 172, install two (2) Dual Gasoline Filling Pumps making a total of four (4) Filling Pumps upon the premises, all in accordance with plans approved by Resolution of the City Council No. 576, approved October 12, 1971

The erection or location of any buildings or structures not shown on the original plat on file with the Director of Department of Building Inspection, or any change in the location of buildings or structures from that shown on said plat shall be deemed a violation of this permit.

RESOLUTION OF THE CITY COUNCIL

No. 29

Approved January 10, 1972

WHEREAS, Nancy Prete, charming and devoted wife of our colleague, Councilman Joseph F. Prete has presented him with a bouncing baby son, whom they have named Frank Anthony Prete, thus augmenting their family of two beautiful daughters, and

WHEREAS, Nancy and her first son are both doing well, which gives her consort a jaunty air and the privilege, reserved to a proud father, of handing out congratulatory cigars,

NOW, THEREFORE, BE IT RESOLVED, of this City Council, joined by His Honor, Mayor Joseph A. Doorley, Jr., hereby extend their respective best wishes to a lovely and devoted mother and wife Nancy, for her most important role in perpetuating the name of Frank Anthony Prete that it shall continue a distinguished lineage.

Dear Councilman Payne:

On November 23, 1971 we received a memorandum from the City Clerk's office with regard to a petition requesting the abandonment of Bark Street and two (2) adjacent gangways.

We would like to provide you with the following background information with regard to this Bark Street petition for abandonment.

- (1) In 1970, approximately one year ago, our engineers devoted considerable time in cooperation with the Redevelopment Agency to solve the complex problem of relocating water mains in the Bark Street and Charles Street area.
- (2) Two months ago, on October 7, 1971, a request was made to change the completed water main relocation plan in favor of preserving an historical building at Bark Street. This special request would have involved a complete revision change of design to include easements which, as you realize, are not consistent with Providence Water Supply Board practice.
- (3) On October 22, 1971 we held a meeting with Mr. V. Pallozzi and his staff. This conference produced a tentative plan to resolve the problem.

The subject petition dated November 19 with attached plan dated August 2, of course, is not consistent with the tentative plan approved on October 22. It can only be deduced that the present petition of November 19 is an attempt to circumvent the tentative solution and impose an easement upon the Providence Water Supply Board. We do not look with favor upon such an approach nor do we consider the installation of water mains in easements as good water works practice.

The request for street abandonment and return of the land to private ownership with subsequent easement agreements for water supply facilities is becoming more frequent. At the risk of being repetitious we would advise that past experience has shown that it is impossible to adequately police easements and

December 6, 1971

enforce the rights in these agreements. Vehicles, construction equipment, stock-piled materials, fences, etc., that would obstruct access to our facilities in case of a break in the water mains and prevent us from controlling the flow in a reasonable time would leave the City liable for large claims of property damage due to charges of negligence for maintaining a water distribution under these foreseeable conditions.

We believe you share our pride in the standard of excellence of the Providence Water Supply System which is nationally recognized. Our public responsibility and yours as elected officials, as I understand it, is to 400,000 people who depend on us for a safe and reliable public water supply not to individual, special, or private interests. Easements will degrade the high standard of service and are not consistent with our goals to continue the legacy of an excellent public water supply system.

We respectfully request your consideration of this point of view in deliberation of this and future abandonments of this nature. Therefore, we recommend that the petition be denied since it is not in the best interest of the Providence Water Supply Board or its customers.

Very truly yours,

Joseph E. Martin

SUBJECT: Referral No. 1823 - ABANDONMENT OF BARK STREET

Gentlemen:

This referral from the Committee on Public Works requests the abandonment as a public highway of Bark Street in its entirety which runs from Stevens Street in a generally southerly direction to Charles Street. It also requests the abandonment of two gangways as indicated on the accompanying map.

Inspection revealed that, except for a short portion at Charles Street end, Bark Street is an unimproved dirt trail. All surrounding buildings have either been demolished or are scheduled to be demolished in the near future as part of the Moshassuck Square development.

Upon motion of Mr. Zuccarelli seconded by Mr. Mascia

The Commission

VOTED: To offer no objection to the granting of this petition.

City Clerk's Office, City Hall
Providence, Rhode Island

Dear Councilman Payne:

On December 7, 1971 we received a memorandum from the City Clerk's office with regard to a petition requesting the abandonment of the following streets:

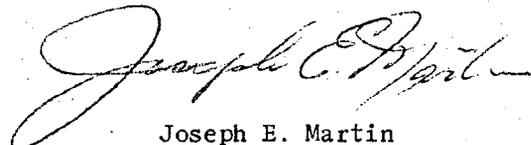

Lock Street;
Charles Street;
Pettis Street;
Babbit Street;
Printery Street;
Iroquois Street;
Gangways (2) Unnamed.

With the exception of Charles Street, we offer no objection to the abandonment of the above listed streets.

In regard to the Charles Street abandonment we respectfully invite your attention to our letter of December 6, 1971 which establishes our reasons for priority consideration of water main relocation in the Bark Street and Charles Street area.

Again we emphatically assert our objections, as stated in our December 6 letter, to the domineering procedures and lack of cooperation by the Redevelopment Agency.

Very truly yours,

Joseph E. Martin

City Clerk's Office, City Hall
Providence, Rhode Island

Dear Councilman Payne:

On December 7, 1971 we received a memorandum from the City Clerk's office with regard to a petition requesting the abandonment of the following streets:

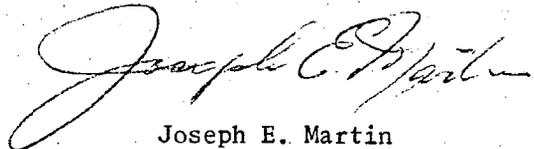

Lock Street;
Charles Street;
Pettis Street;
Babbit Street;
Printery Street;
Iroquois Street;
Gangways (2) Unnamed.

With the exception of Charles Street, we offer no objection to the abandonment of the above listed streets.

In regard to the Charles Street abandonment we respectfully invite your attention to our letter of December 6, 1971 which establishes our reasons for priority consideration of water main relocation in the Bark Street and Charles Street area.

Again we emphatically assert our objections, as stated in our December 6 letter, to the domineering procedures and lack of cooperation by the Redevelopment Agency.

Very truly yours,

Joseph E. Martin
