OUR 1893 ROTARY STEAM CLOTH PRESS

IS MADE OF NEW DESIGNS AND PATTERNS THROUGHOUT, AND IS FULLY GUARANTEED

The Patent Bed gives four points of contact, and also allows the goods to press entirely up to the seams. The goods are pressed uniformly throughout their entire length and breadth, and any extra thickness of the cloth does not strain the machine in any way, as is the case where screws are used to give pressure

We also Manufacture Patent Friction Couplings, Shaftings, Hangers and Pulleys, for all Classes of Work

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1906, BY SAMPSON & MURDOCK CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Brigham Street from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets

PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1906, BY SAMPSON & MURDOCK CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets
