Subject: Abandonment of Streets

Sir:

Attached is a copy of a Memorandum dated March 21, 2000, requesting an abandonment of certain portions of; Alumni Avenue, Pennington Avenue, Whittier Avenue and Barnes Street.

These streets are 'paper streets' and as such are not used by the motoring public, in fact the streets in question can not be accessed by the general public. The streets are part of the Moses Brown Complex and have been for several years.

The Providence Police Department has no objection to the abandonment of these streets.

Director:

Upon extensive research on the status of said streets, the above mentioned locations were never received as City streets. This determination was based on research done at the Engineering Office at D.P.W., Archives, Recorder of Deeds, City Clerks Office and Tax Assessors Office.

More definitively, the Archives supplied me with the most concrete evidence because said locations were in fact listed in a Providence Directory from 1900. This does not merit being a legal document. From this point, we (Mr. John Myers and myself) checked the City Council Resolution books from 1898, 1899 and 1900 and said locations were never passed or received as official City streets. Also note, the Engineering Division also has a received street listing book and said locations were not listed. Based on this evidence there is no justification in proposing abandonments for these alleged streets.

Very truly yours;

Steve Zisiades

SUBJECT: Petition to Abandon Whittier Avenue
(Alumni Avenue to Lloyd Avenue)

Dear Councilman Clarkin:

The referenced Petition received from the Department of City Clerk proposes to abandon Whittier Avenue, a "paper" street, running from the corner of Alumni Avenue to the corner of Lloyd Avenue. The abandonment area is shown "highlighted" in the enclosed Exhibit A.

Accordingly, we have reviewed this Petition with respect to the impact it may have on the Providence Water Supply Board (PWSB) Distribution System. Our present records indicate that Whittier Avenue contains no PWSB water mains, services or appurtenances. Therefore, PWSB has no objection to the proposed abandonment.

Should you have any questions, please contact the undersigned at (401) 521-6300, ext. 7228.

Respectfully,
