## **ORDINANCE(S) SECOND READING**

**The Following Ordinances were in City Council April 7, 2016, Read and Passed the First Time and are Severally Returned for Passage the Second Time:**

### **COUNCILMAN PRINCIPE**

An Ordinance Amending Chapter 16, Section 16-129, Entitled: "False Alarm Assessment Schedule"

SECTION 1. Chapter 16, Section 16-129, "False alarm assessment schedule," is hereby amended as follows:

Sec. 16-129. - False alarm assessment schedule.

(a) After three (3) separate security alarm system false alarms from an individual user at a single address have been placed in the file, the alarm user will be notified by the chief of police via first class mail that subsequent false alarms will cause the alarm user to be assessed monetary charges as follows: \$150.00 for each subsequent false alarm in the fiscal year (beginning July 1 through June 30).

(b) All charges assessed hereunder shall be made payable to the city for deposit into the general fund.

(c) A grievance board will be formed consisting of two members of the city police department designated by the chief of police, two members of the city fire department designated by the Fire Chief, one member of the city council designated by the president of the council, and two members of the Alarm Association of Rhode Island designated by the Alarm Association, to review any appeals related to the enforcement of false alarms. If an alarm user has a grievance with the city police or fire departments, the user must have his or her alarm servicing company transmit a letter to the grievance board verifying that the alarm company is making every effort to resolve the false alarm problem. The board shall have the authority to promulgate rules and regulations as needed.

(d) The provisions of this section shall not apply to alarm systems owned and/or operated by any governmental agencies.

SECTION 2. This ordinance shall take effect upon passage.

---

An Ordinance Amending Chapter 9, Section 9-94, Entitled, "Excessive Avoidable False Fire Alarm Fees"

SECTION 1. Chapter 9, Section 9-94, "Excessive avoidable false fire alarm fees," is hereby amended as follows:

Sec. 9-94. - Excessive avoidable false fire alarm fees.

(a) Findings.

(1) The city council finds that high incidence of false alarms and/or malfunctions causes a significant diversion of the manpower and resources of the fire department by causing the dispatch of units to the scene of a false alarm or alarm malfunction which renders them out of service and unavailable to respond to legitimate emergency situations.

(2) The city council finds that the continued high incidence of false alarms and/or malfunctions are a threat to the health, safety and welfare of the citizens of the city.

(3) The city council finds that a revision of the procedures to control excessive multiple false alarms and alarm malfunctions would serve the public health, safety and welfare.

(b) Definitions.

(1) *Avoidable false alarm* mean the activation of any alarm which results in the response of the fire department and is caused by the negligence or intentional misuse (including such activation caused by heat, smoke or fire) of the system by the owner or his/her/its employees, servants, agents or guests or any other activation including activation caused by heat, smoke or fire, but shall exclude a false alarm malfunction as defined below.

(2) *Avoidable fire alarm malfunction* means the activation of any alarm which results in the response of the fire department and such activation is caused by mechanical failure, malfunction, improper installation or lack of proper maintenance; and for any other response for which the fire department personnel are unable to gain access to the premises for any reason, or are unable to determine, after reasonable inquiry, the apparent cause of the alarm activation.

(c) The owner of any premises shall be responsible for any avoidable false alarms and avoidable false alarm malfunctions occurring at those premises. Incidents shall be cumulative for all realty held in that name, and fines for avoidable false alarms and avoidable false alarm malfunctions will be assessed to the owner of the premises according to the following fine schedule:

Incidents	Fees
0-3	\$0.00
4-10	\$150.00
10-30	200.00 per incident
In excess of 50	300.00 per incident

(d) After three avoidable false alarms or avoidable false alarm malfunctions in one twelve month period, the owner of the premises will be notified via first class mail that subsequent avoidable false alarms will cause the owner to be assessed fines according to the fine schedule included in this section.

(e) A grievance board will be formed consisting of two members of the city police department designated by the chief of police, two members of the city fire department designated by the Fire Chief, one member of the city council designated by the president of the council, and two members of the Alarm Association of Rhode Island designated by the Alarm Association, to review any appeals related to the enforcement of false alarms. If an alarm user has a grievance with the city police or fire departments, the user must have his or her alarm servicing company transmit a letter to the grievance board verifying that the alarm company is making every effort to resolve the false alarm problem. The board shall have the authority to promulgate rules and regulations as needed.

(f) The provisions of this section shall not apply to alarm systems owned and/or operated by any governmental agencies.

SECTION 2. This ordinance shall take effect upon passage.

Each normally scheduled collection day thereafter in that week shall be postponed by one day.
- 3) Collection of household rubbish, garbage and recyclables by the department of public works or any private entity under contract with the city shall begin no earlier than 7 a.m. and shall be completed by 5 p.m. of the designated pickup day unless alternate collection times are authorized in writing by the Director of Public Works. The provisions of Section 12-64 (3) shall be enforced by the director of public works who shall:
  - a. promulgate such rules as they may be necessary to effect the purposes of Section 12-64 (3); and
  - b. be empowered to assess fines up to five hundred dollars (\$500) for each violation.
- 4) The requirements of Section 12-64 shall be included in the formal agreement between the city and any private entity contracted to conduct regular weekly removal and pickup of household rubbish, garbage, and recyclables.
- 5) No person shall operate any trash, rubbish, garbage, or recycling collection activities within any residentially zoned district, within one thousand (1,000) feet of any residentially zoned district or within two hundred (200) feet of a residential structure between the hours of 11:00 p.m. and 7:00 a.m. unless alternate collection times are authorized in writing by the Director of Public Works.

SECTION 2. The Code of Ordinances of the City of Providence, Chapter 12, Section 61.1 is hereby amended as follows:

Section 12-61.1.- Use of Dumpsters.

Any person engaged in the business of providing dumpsters to others shall, prior to placing a dumpster on public or private property for any period of time, shall first obtain a permit from the director of public works. Said permit shall specify the size and location of the dumpster and the length of time that said dumpster may be used on the said public property.

- (1) Minimum standards. Any dumpster used in the city shall meet the following standards:

- (a) The dumpster shall be painted so as to be reasonably resistant to rust and corrosion.
- (b) The name and telephone number of the dumpster owner shall be clearly painted on at least two (2) sides of the dumpster.
- (c) Dumpsters less than twenty (20) cubic yards in size shall be capable of being closed on all sides, except when opened for deposit or servicing.
- (d) Dumpsters greater than twenty (20) cubic yards in size shall be capable of being secured so as to prevent the spillage of refuse, waste or garbage from the container.
- (e) No dumpster located within two hundred (200) feet of a residential property located in a zone in which dwellings are permitted, shall be serviced between the hours of 11:00 p.m. and 7:00 a.m.

(2) *Use.* Any dumpster used in the city shall be maintained and serviced with a frequency sufficient to prevent spillage from overflow, to prevent the buildup of offensive odors, and to prevent a public hazard. The responsibility for the maintenance and servicing of dumpsters shall rest with the owner of the dumpster. The maintenance of dumpsters shall include the cleanup and removal of all litter thrown or left on the dumpster premises to prevent litter from drifting or blowing on to adjacent premises. Any dumpster regularly used to contain decomposable matter or other odor-generating waste shall be steam cleaned with disinfectant on a monthly basis. Drain holes in dumpsters shall be maintained to prevent leakage of waste fluids and to prevent entry by rodents.

(3) *Illumination or reflectorization of trash containers.* All commercial garbage and/or trash containers or dumpsters so-called located within the city on any part or portion of the public right-of-way, that is, sidewalk, pedestrian footpath, or roadway shall be illuminated with flashing beacon lights affixed thereto or in the absence of beacons, sheeted/affixed with high intensity reflectorized orange and silver construction work-zone sheeting pursuant to regulations specified by the traffic engineer.

All dumpsters shall be illuminated or reflectorized twenty-four (24) hours daily. The traffic engineer shall cause to be printed and have available for inspection and distribution the aforecited regulations concerning specifications for beacon illumination or sheeting reflectorization.

(4) *Placement and screening on private property.* Dumpsters on private property shall not be placed within twenty (20) feet of the public right-of-way or city street line. All dumpsters shall be screened from public view on at least three (3) sides by a solid wall, opaque fence, or compact planting screen of at least five (5) feet in height if such area is not within an enclosed building or structure. Screening shall be constructed in a manner to allow inspection and shall be the responsibility of the property owner.

Provided, however, that upon permit from the director of public works or his/her designee, this requirement may be waived. In approving or rejecting said application, the director shall determine, based upon the totality of the circumstances, whether or not said permit shall be granted. Among the factors the director shall consider are (a) the proximity of the dumpster to the street line, (b) the availability of other space for on-site placement, (c) the impact, if any, such requirement will have on available on-site parking, and (d) the availability and proximity of alternative off-street, parking.

(5) *Violations and penalties.* Any person who shall violate any provision of this section, or any provisions of any rule or regulation adopted pursuant to authority granted by this section, shall upon conviction, be punished by a fine of one dollar (\$1.00) up to and including five hundred dollars (\$500.00). That upon determination by the director of public works or his/her designee, that the public health, safety and welfare would be better served, the director may give notice of such violation and abate said condition according to statute or give notice of said violation and petition the municipal court for an order to abate any such violation.

(6) *Enforcement.* The provisions of this section shall be enforced by the director of public works who shall promulgate such rules as they may be necessary to effect the purposes of this chapter. Additionally, said director shall take reasonable steps to notify residents and owners of the requirements of this chapter and the scheduled days of trash and of the scheduled days of trash and white goods collection.

SECTION 3. This ordinance shall take effect upon passage.

Resolution Recognizing the month of April as "Sexual Assault Awareness Month."

**WHEREAS**, Sexual Assault Awareness Month is intended to draw attention to the fact that sexual violence is widespread and impacts every community member of Providence and Rhode Island; and

**WHEREAS**, Rape, sexual assault, and sexual harassment impact our community as reflected in estimates that show that one in eight women in Rhode Island has been sexually assaulted during her lifetime, and nationally, nearly one in five women and approximately one in 71 men will be raped at some point in their lives; and

**WHEREAS**, Child sexual abuse prevention must be a priority to confront the reality that in this country one in six boys and one in four girls will experience a sexual assault before the age 18; and

**WHEREAS**, Studies have consistently found that people with developmental disabilities face higher rates of sexual assault, with 15,000 to 19,000 raped each year in the United States; and

**WHEREAS**, Individuals, organizations, and public officials must work together to educate our community about sexual violence prevention, to support survivors, and to speak out against harmful attitudes and actions; and

**WHEREAS**, With leadership, dedication, and encouragement, there is evidence that we can successfully prevent sexual violence in Providence through increased education, awareness, and community involvement; and

**WHEREAS**, National organizations, such as the National Sexual Violence Resource Center, and local advocacy groups, such as Day One, the Sexual Assault & Trauma Resource Center, promote April as Sexual Assault Awareness Month as part of a campaign to prevent sexual violence; and

Resolution Calling for Reduced Minimum Charges for use of Credit Cards at Parking Meters.

**WHEREAS**, The City of Providence has installed parking meters and pay stations that accept credit cards; and

**WHEREAS**, The minimum charge for parking is \$0.25 for 12 minutes for parkers who pay with cash; and

**WHEREAS**, The minimum charge for parking is \$2.50 for 2 hours for parkers who pay with a credit card; and

**WHEREAS**, Other cities have lower credit card minimum charges for parking, such as:

New Haven:	\$1.00 for 40 minutes;
Atlanta:	\$1.00 for 30 minutes;
New York City:	No minimum, no extra charge, and

**WHEREAS**, Most residents parking at a meter plan to stay for a significantly shorter time than the current 2-hour minimum charge; and

**WHEREAS**, The current \$2.50 minimum charge for credit cards does not increase turnover but instead creates a risk of depressing business activity, discouraging business development, annoying residents and harming the City's image.

**NOW, THEREFORE, BE IT RESOLVED**, That the Providence City Council hereby requests the Administration to consider immediately reducing the minimum parking meter charge for credit cards to \$1.00; and

**BE IT FURTHER RESOLVED**, That the Providence City Council hereby requests the Administration to investigate promptly the feasibility of alternative, more "user friendly" methods of accounting for the cost of credit card transactions and reporting to the Finance Committee (or other appropriate committee) concerning its findings.

## **PERSONAL EXPRESSION**

**COUNCILMAN SALVATORE Requests the privilege of the floor to speak on a Point of Personal Expression and states:**

**“This House Bill H-8070 eliminates the motor vehicle tax by Fiscal Year 2019. As all of you know, five years ago when we commenced a new term we were told, or our taxpayers, residents, friends and neighbors were told that the city was facing a category five fiscal hurricane. We asked all of our stakeholder groups, our neighborhoods and our taxpayers to make sacrifices, and here we are five years later and we haven’t done anything with the excise tax relative to motor vehicles. While promises were made during the 2014 campaign both at the local and state level, now is the time to address this issue. I am happy to see that folks in the House are taking this matter seriously and I urge all of you to support this measure. Thank you.”**

**COUNCILMAN YURDIN**

An Ordinance Amending Chapter 12, "Health and Sanitation," Article III, "Garbage, Trash, and Refuse," Section 64, "Frequency and Method of Removal of Wastes and Section 61.1, "Use of Dumpsters."

SECTION 1. The Code of Ordinances of the City of Providence, Chapter 12, Section 64 is hereby amended by adding thereto the following:

Sec. 12-64. Frequency and method of removal of wastes.

- 1) All household rubbish, garbage and recyclables shall be removed from the curbside in front of or near such dwelling in accordance with the other sections of this article, and the department of public works shall only be required to pick up such household rubbish, garbage and recyclables as is placed on or near the curbside in front of or near each such dwelling.
- 2) Such regular weekly removals and pickups by the department of public works or any private entity under contract with the city shall be carried out only on the days of Monday, Tuesday, Wednesday, Thursday and Friday of each week. When a holiday falls on the normally scheduled collection day for a given street or neighborhood, collection for that street or neighborhood shall occur on the following day. Each normally scheduled collection day thereafter in that week shall be postponed by one day.
- 3) Collection of household rubbish, garbage and recyclables by the department of public works or any private entity under contract with the city shall begin no earlier than 7 a.m. and shall be completed by 5 p.m. of the designated pickup day unless alternate collection times are authorized by contract as ratified by the City Council. The provisions of Section 12-64 (3) shall be enforced by the director of public works who shall:
  - a. promulgate such rules as they may be necessary to effect the purposes of Section 12-64 (3); and
  - b. be empowered to assess fines up to five hundred dollars (\$500) for each violation.
- 4) The requirements of Section 12-64 shall be included in the formal agreement between the city and any private entity contracted to conduct regular weekly removal and pickup of household rubbish, garbage, and recyclables.
- 5) No person shall operate any trash, rubbish, garbage, or recycling collection activities within any residentially zoned district, within one thousand (1,000) feet of any residentially zoned district or within two hundred (200) feet of a residential structure between the hours of 11:00 p.m. and 7:00 a.m. unless alternate collection times are authorized by contract as ratified by the City Council.

SECTION 2. The Code of Ordinances of the City of Providence, Chapter 12, Section 61.1 is hereby amended as follows:

Section 12-61.1.- Use of Dumpsters.

Any person engaged in the business of providing dumpsters to others shall, prior to placing a dumpster on public or private property for any period of time, shall first obtain a permit from the director of public works. Said permit shall specify the size and location of the dumpster and the length of time that said dumpster may be used on the said public property.

- (1) Minimum standards. Any dumpster used in the city shall meet the following standards:
  - (a) The dumpster shall be painted so as to be reasonably resistant to rust and corrosion.
  - (b) The name and telephone number of the dumpster owner shall be clearly painted on at least two (2) sides of the dumpster.
  - (c) Dumpsters less than twenty (20) cubic yards in size shall be capable of being closed on all sides, except when opened for deposit or servicing.
  - (d) Dumpsters greater than twenty (20) cubic yards in size shall be capable of being secured so as to prevent the spillage of refuse, waste or garbage from the container.
  - (e) No dumpster located within two hundred (200) feet of a residential property located in a zone in which dwellings are permitted, shall be serviced between the hours of 11:00 p.m. and 7:00 a.m.
- (2) *Use.* Any dumpster used in the city shall be maintained and serviced with a frequency sufficient to prevent spillage from overflow, to prevent the buildup of offensive odors, and to prevent a public hazard. The responsibility for the maintenance and servicing of dumpsters shall rest with the owner of the dumpster. The maintenance of dumpsters shall include the cleanup and removal of all litter thrown or left on the dumpster premises to prevent litter from drifting or blowing on to adjacent premises. Any dumpster regularly used to contain decomposable matter or other odor-generating waste shall be steam cleaned with disinfectant on a monthly basis. Drain holes in dumpsters shall be maintained to prevent leakage of waste fluids and to prevent entry by rodents.
- (3) *Illumination or reflectorization of trash containers.* All commercial garbage and/or trash containers or dumpsters so-called located within the city on any part or portion of the public right-of-way, that is, sidewalk, pedestrian footpath, or roadway shall be illuminated with flashing beacon lights affixed thereto or in the absence of beacons, sheeted/affixed with high intensity reflectorized orange and silver construction work-zone sheeting pursuant to regulations specified by the traffic engineer.

All dumpsters shall be illuminated or reflectorized twenty-four (24) hours daily. The traffic engineer shall cause to be printed and have available for inspection and distribution the aforementioned regulations concerning specifications for beacon illumination or sheeting reflectorization.

(4) *Placement and screening on private property.* Dumpsters on private property shall not be placed within twenty (20) feet of the public right-of-way or city street line. All dumpsters shall be screened from public view on at least three (3) sides by a solid wall, opaque fence, or compact planting screen of at least five (5) feet in height if such area is not within an enclosed building or structure. Screening shall be constructed in a manner to allow inspection and shall be the responsibility of the property owner.

Provided, however, that upon permit from the director of public works or his/her designee, this requirement may be waived. In approving or rejecting said application, the director shall determine, based upon the totality of the circumstances, whether or not said permit shall be granted. Among the factors the director shall consider are (a) the proximity of the dumpster to the street line, (b) the availability of other space for on-site placement, (c) the impact, if any, such requirement will have on available on-site parking, and (d) the availability and proximity of alternative off-street, parking.

(5) *Violations and penalties.* Any person who shall violate any provision of this section, or any provisions of any rule or regulation adopted pursuant to authority granted by this section, shall upon conviction, be punished by a fine of one dollar (\$1.00) up to and including five hundred dollars (\$500.00). That upon determination by the director of public works or his/her designee, that the public health, safety and welfare would be better served, the director may give notice of such violation and abate said condition according to statute or give notice of said violation and petition the municipal court for an order to abate any such violation.

(6) *Enforcement.* The provisions of this section shall be enforced by the director of public works who shall promulgate such rules as they may be necessary to effect the purposes of this chapter. Additionally, said director shall take reasonable steps to notify residents and owners of the requirements of this chapter and the scheduled days of trash and of the scheduled days of trash and white goods collection.

SECTION 3. This ordinance shall take effect upon passage.
