INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 850 city, county, state and national Directories, present to subscribers and the general public, this, the 1959 edition of the Providence City Directory.

Confidence in the continued growth of Providence's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Providence to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Providence Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE MISCELLANEOUS DEPARTMENT is the first major department printed on white paper, presents lists of city, county, state and federal officials; post office, public school and park and playground Directories; information about legal holidays, wharves, etc.; statistical review; historical sketch; and manufacturing, trade and civic surveys.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Providence the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Providence, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers of homes and places of business.

Community Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Providence.

The Providence Directory Library

Through the courtesy of the publishers of the Providence City Directory, a Directory Library is maintained in the offices of the Providence Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

PROVIDENCE . . . *A New-Old City*

New in Spirit and Vigor—

Old in History and Tradition

Capitol Building, Providence, R. I.

Providence is located at the head of Narragansett Bay, which offers one of the finest ports on the U. S. coastal line, whether on the Atlantic or the Pacific. The Bay not only is suited for shipping, but it furnishes recreational playgrounds for Rhode Islanders and people from all parts of this country and the world. Newport, which is located at the entrance to the Bay, has long been famous as a resort and show place. Narragansett, on the opposite side of the Bay entrance from Newport, also is a well-known summer resort. The fishing industry thrives on many parts of the Bay, which yields an abundant supply of fish and shellfish. Many eating places on the Rhode Island shores of Narragansett Bay are well-known for shore dinners, clambakes and Rhode Island johnny cakes.

Providence was founded in 1636 by Roger Williams, who received a deed for the land from the Narragansett Indians. The primeval forests were gradually cleared from the hills, and what is now a thriving city gradually developed during the intervening centuries. The fame and importance of Providence has given it a high place among the nation's cities. The name of Roger Williams will always be perpetuated in Providence because it was here for the first time that a charter proclaimed a doctrine of noninterference with the religious beliefs of the people. This doctrine of religious freedom has had much to do with the spirit and growth of the city. People of many nationalities and diverse religious faiths live together in tolerance and mutual respect.

The forefathers of many families which still reside in Rhode Island contributed greatly to the original enterprise of the city and state. These early inhabitants established mills, factories, shipping yards, counting houses, and sailing fleets by which means Providence became an important commercial and industrial center of the Thirteen Colonies. Its prestige has been maintained and broadened so that today metropolitan Providence includes some of the largest single industries in the country and is the largest center in the world for certain industrial products.

First Baptist Church

Providence is of interest historically by reason of its fine old houses and public edifices which are fine examples of Colonial architectures. For example, there are the First Baptist Meeting House, built in 1775; the old State House, the old Market Building in Market Square, and private residences too numerous to mention, which principally are located on the hill. It is safe to say that there are more fine and varied examples of residential architecture in Providence than in any other city in the U. S.; each one a type of the best in architecture covering the period from the Colonial days to the present.

The population of Rhode Island is the largest per square mile of any state, and yet this is the smallest state in the Union. Providence is considered the world's largest jewelry manufacturing center and one of the nation's largest centers for the distribution of petroleum products. The city is important in the manufacture of machine tools, textile machinery, rubber goods, iron and steel products, silverware, and textiles, including silk, rayon, cotton, woolen and worsted products. Situated between New York and Boston, which furnish large markets, Providence is in a strategic location for the distribution of goods and services of all kinds. Also, a very considerable foreign trade originates in Providence factories, which send their products to all corners of the world.

According to the U. S. Census of 1950, Providence has 248,674 inhabitants. It should be borne in mind, however, in regard to the population figure, that the city limits include only 18.91 square miles, in contrast to the 100 or more square miles of most cities of comparable importance. The State of Rhode Island has nearly 800,000 (791,896) people, all of whom are in the immediate trading territory of the city, much of which can be considered a "bed chamber" for those who do business and work in Providence. From a commercial standpoint, the trading area of metropolitan Providence includes not only all of Rhode Island, but southern Massachusetts and eastern Connecticut, with a total population of well over 1,500,000.

In addition to excellent port facilities, including both State and Municipal piers, Providence has rail transportation furnished by the New York, New Haven & Hartford Railroad System, extensive overland truck lines, bus service by the New England Transportation Co., Greyhound Lines and others, and air service in all directions furnished by the American, Eastern, National, United and Northeast Air Lines.

Providence is distinguished for its cultural and educational institutions. Colleges and schools which draw students from all over the world include Brown University, one of the oldest and most distinguished institutions of learning in the U. S. Other colleges are Providence College, founded by the Dominicans; Rhode Island School of Design, Rhode Island College of Education, Pembroke College of Brown University, Bryant College, Rhode Island College of Pharmacy, now in the University of Rhode Island, at Kingston. Other cultural and educational advantages include a concert series by the Boston Symphony Orchestra; the Rhode Island Philharmonic Orchestra, which presents a regular schedule of concerts; the Community Concert Association, which is the second largest in the country; the Providence Art Club, which sponsors many art exhibits; and the Players, which presents a series of dramatic productions each year.

The excellent library facilities include the Providence Public Library, the John Hay, Carter Brown and Ann Mary Brown libraries at Brown University, the Providence Athenaeum, and the Medical Library of the Rhode Island Medical Association. The museums include a natural history exhibition at Roger Williams Park, and a comprehensive museum display at the Rhode Island School of Design, which houses the famous Pendleton collection of furniture.

The people who work and live in Providence have ample and exceptional opportunities for play and recreation. Rhode Island is a natural playground, with miles of coast line and with beautiful sandy bathing beaches. As mentioned before, the Bay is a great recreational area. The hinterland is beautiful rolling country, dotted with many ponds, lakes and streams. Golf courses, tennis courts, yacht clubs and other recreational facilities are scattered throughout the state. Fine roads and short distances make them all accessible.

Roger Williams Park in Providence is a show place, with its beautiful flower gardens, acres of shady fields, and a large body of water. This park maintains a zoo and public tennis courts. In winter, residents and visitors also have recreational advantages and sports. The state has developed an area at Diamond Hill for skiing and other winter sports. There also is ice skating at the East Side Skating Club and on the Lakes and ponds. Professional hockey and other winter sports are enjoyed at the Rhode Island Auditorium.

Providence is a city small enough to be thoroughly hospitable and have its people know each other, and at the same time large enough to include the advantages of a great city.

The new and the old blended in the Providence skyline.

Your Home-Building Plans Get Action Here!

Swift decisions, prompt action . . . they're all yours when you apply for a 12-Point Mortgage at Old Colony. All "paper work" is streamlined — moves forward as fast as safety permits — to help you get started sooner.

Other advantages? Yes, by the dozen! Your down-payment is reasonable. You repay the mortgage the easy way — monthly, like rent. You get cash advances as your building progresses — as needed . . . with interest charged only on the amount advanced, from the date of each advance.

What about the interest rate? You get automatic rate *reductions* of ½ % each at stated intervals . . . another reason why so many folks say: "The 12-Point Plan gets better and better as you go along!" Why not see about putting *your* plans into action at your nearest Old Colony office now?

UPON APPLICATION OF

ROOST-NO-MORE

TO THEIR ROOSTING PLACES

"ROOST-NO-MORE" is the only — YES, the ONLY — Proven Method of Ridding Buildings of Birds. It is Proven the World Over.

GUARANTEED FOR AT LEAST ONE YEAR

BEWARE OF IMITATIONS
SUCH AS COMMON GREASE OR OTHER NON-EFFECTIVE SUBSTITUTES

HUMANE TRADE MARK WEATHER-PROOF ECONOMICAL NON-INFLAMMABLE NON-TOXIC ODORLESS

"ROOST-NO-MORE" IS

- **WEATHERPROOF**—Rain will not wash it away, sunlight will not dissipate it.
- **NON-INFLAMMABLE**—It absolutely does not create any fire hazard.
- **NON-TOXIC**—It does not kill or injure birds in any way; and it is completely harmless and odorless to human beings.

"ROOST-NO-MORE" is a harmless gelatin compound that birds find very disagreeable underfoot. It is applied only to natural landing places, such as cornices, ledges, window sills and gutter edges. The birds are effectively prevented from roosting up to one year. Since birds are creatures of habit, they therefore rarely return to a building that once has been treated.

"ROOST-NO-MORE" has been used successfully on thousands of buildings in the New England area. A few of the more prominent ones are:

- **Peerless Co.**
- **N.E. Telephone and Telegraph Co., Prov.**
- **Citizens Savings Bank, Providence**

Unsolicited letters of recommendation are on file in our office, and are available for your inspection.

We will be pleased to send a representative to survey your building and submit an estimate—No obligation, of course!

ELECTRICAL APPLIANCES

TO LIVE BETTER ELECTRICALLY—
TO MAKE FULL USE OF TODAY'S WORK-SAVING APPLIANCES, YOU NEED . . .

HOUSEPOWER

Today 4 out of 5 homes are underwired. Their wiring systems just haven't kept pace with the ever-increasing additions of new, labor-saving electric appliances. If your home suffers from LOW HOUSEPOWER, if it hasn't a 3-wire service entrance of at least 100-AMPERE CAPACITY, call your electric contractor today. Without obligation, he'll advise you how to put your home in the FULL HOUSEPOWER class. Then you can take full advantage of low cost electricity to live happily - electrically - as never before.

GAS HEATS BEST
NOW COSTS LESS

LOWER COST EQUIPMENT

Gas equipment costs less to buy, less to install and lasts twice as long as other automatic heating equipment. This means the cost of depreciation is cut in half.

BETTER LIVING

Gas is immaculately clean, burns with no soot or film whatsoever. Cleaning bills in the house are reduced, and housekeeping chores are cut down. Gas heating equipment has no complicated moving parts to wear out or grow noisy. So completely automatic, you just set it and forget it — it even orders its own fuel.

DEPENDABILITY

Every minute of the day or night, no matter how severe the weather may be gas is delivered to your house by underground pipeline. In event of power failure, gas is the only automatic fuel that can continue to give heat.

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

RHODE ISLAND'S FINEST HOTEL

The FALSTAFF Room
featuring prime Aberdeen Black Angus - Perfection in beef. Served every evening at dinner.

The TOWN Room

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

▼

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.
