Paul J. Thomas, PE, Director of DPW

DATE: October 26, 2009

SUBJECT: Resolution requesting the Traffic Engineer to cause the installation of a crosswalk at 105 Academy Avenue to accommodate shoppers and pedestrians within the vicinity and to also cause the installation of signage.

The DPW – Traffic Engineering Division visited the site at 105 Academy Avenue and found that there was an existing crosswalk at Health Avenue, which is near 114/116 Academy Avenue. This existing crosswalk is approximately 45 feet (two car lengths) from 105 Academy Avenue. There is another crosswalk, across Academy Avenue, at #98-100 Academy Avenue, which is approximately ninety-eight feet (4 to 5 car lengths) from 105 Academy Avenue.

Due to the fact that there are two (2) existing crosswalks in close proximity of the proposed crosswalk location, there is no need to install a third crosswalk.
