Bid Evaluation

On August 15, 2023, Providence Water (PW) received two (2) bids for the Removal and Disposal of Residuals from the South Sedimentation Basin (Exp. 12/31/25) project. The apparent low bidder for the project was Synagro Northeast, LLC (Synagro) with a bid of Seven Million, Eighty-Nine Thousand, Three Hundred Ninety-Three Dollars and Eighty Cents (\$7,089,393.80). The other bid was from J.F. Brennan Company, Inc. with a base bid price of Seven Million, Seven Hundred and Seventy-Four Thousand, Five Hundred and Ten Dollars (\$7,774,510.00). Both bids were submitted in accordance with the Project Manual, including the required 5% bid bond, and also included all of the required City of Providence forms. Qualifications in accordance with Section 00200 Instructions to Bidders, Article 3, Qualifications of Bidders were also provided by both bidders. Neither bidder was able to meet the City's MBE/WBE Goals. Both included the MBE/WBE Waiver Request form with their bid.

Synagro's bid condition is that they will not be able to achieve the required completion timeframe of 105 days for the South Sedimentation Basin cleaning. The substantial completion of the South Sedimentation Basin cleaning work is of significant priority to PW. Therefore, PW deems Synagro's bid as non-responsive and recommends awarding the remaining bidder, J.F. Brennan Company, Inc., whose bid meets all the specifications.

Respectfully Submitted,

1. Synagro Northeast conditioned their bid response stating they could not meet the specifications requirement of 105 calendar days to remove the residuals from the south basin and return to service.

Recommendation: Based on Synagro Northeast conditioning their response to the substantial completion deadline, they are being deemed non-responsive to the specifications. As such, PW recommends award to the next lowest bidder J.F. Brennan Company, Inc. that meets all the specifications
