

RESOLUTION OF THE CITY COUNCIL

No. 342

Approved August 6, 2004

RESOLVED, DECREED, AND ORDERED:

That the following-named street shown as a cross-hatched area on the accompanying map entitled "Prov., RI, DPW-Engineering Office, Street Line Section Plan No. 064763, dated May 24, 2004,"

VIZ: WILEY STREET (portion of), running northwest from Fillmore Street as described in Attachment "A" and shown as a cross-hatched area on the accompanying plan and designated by the letters E-F-G-H-E (the "abandoned parcel"), having ceased to be useful to the public is hereby abandoned as a public highway to the Petitioner, Times 2 Incorporated. Said abandonment is specifically conditioned precedent upon the following:

1. The Petitioner, Times 2 Incorporated, shall either tender the amount of the value of the abandoned parcel in legal tender to the City of Providence, or shall provide a deed conveying fee simple ownership of property located at Douglas Avenue and Fillmore Street (AP 68, Lots 30 and 79), after appraisal establishes the value of the said property is equal to at least 90% of the assessed valuation of the parcels to be abandoned on Wiley Street and Matthew Street. Should the valuation be less than the requisite 90%, the Petitioner is willing to pay the balance of the fair market value of the abandoned parcels.

2. The City shall retain for itself in the abandoned premises easements sufficient to permit retention of (a) New England Gas Company's facilities in their existing location, together with the right to inspect, maintain, operate and replace the same and with twenty-four hour access to said facilities, or in the alternative should it be determined by the Petitioner that any such facilities need to be relocated in order to comply with an intended use, the Petitioner shall assume all costs of relocation; and (b) Narragansett Electric Company's facilities in their existing location, together with the right to inspect, maintain, operate and replace the same and with twenty-four hour access to said facilities, or in the alternative should it be determined by the

Petitioner that any such facilities need to be relocated in order to comply with an intended use, the Petitioner shall assume all costs of relocation.

3. The Petitioner, at Petitioner's sole cost and expense, shall physically sever the Wiley Street water main under the abandoned parcel from the Fillmore Street main and allow the abandoned water pipeline to remain in place.

4. Petitioner shall comply with all conditions contained in the City Planning Commission's letter dated June 212004.

5. Petitioner shall comply with all conditions contained herein not later than ninety (90) days from its approval. Upon failure to so comply for any reason, the within resolution shall automatically become a nullity.

6. Such other terms and conditions as may be reflected in the record and minutes of the City Council Committee on Public Works, and/or as may be imposed by the Mayor or the Law Department.

And it is further

ORDERED, That the Traffic Engineer be and he is hereby directed to cause a sign to be placed on the above-named highway abandoned as aforesaid, having thereon the words, "Not a Public Highway", and it is further

ORDERED, That after the entry of this order or decree the City Clerk shall cause a notice thereof to be published in a newspaper, published in the County of Providence at least once a week for three successive weeks and a further and personal notice shall be served by the City Sergeant upon every owner of land abutting the above-named street which has been abandoned, who is known to reside within the State.

All the above noted streets are to be abandoned from Fillmore Street to end and are shown as cross-hatched area on the accompanying plan. Area of Ark Court is designated as A-B-C-D--A, area of Wiley Street is designated as E-F-G-H-E; and area of Matthew Street is designated as I-J-K-L-I on the accompanying plan.

SUBJECT: Petition for Street Abandonment
Wiley Street
Providence, Rhode Island

Dear Councilman Hassett:

The referenced Petition to the City Council has been reviewed for any impact this action might have on the Providence Water (PW) water distribution system. Our records indicate that a 6-inch water main is located in Wiley Street.

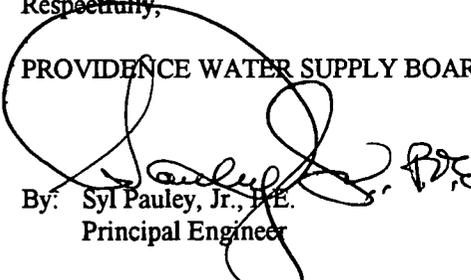

It is our understanding that the Petitioner owns the land along the south side of Wiley Street—a dead-end street—from the intersection of Fillmore Street. The land and buildings situated on the north side of Wiley Street are part of a housing complex with water service coming from Fillmore Street.

PW has no objection to the street abandonment provided that the Petitioner agrees to pay for all costs associated with physically severing the Wiley Street water main from the Fillmore Street main and allows the abandoned pipeline to remain in place.

If you have any questions, please feel free to contact me at (401) 521-6300 EXT 7241.

Re: Proposed Abandonment of Wiley Street

Dear Mr. Gelati:

Pursuant to your request, we have personally inspected the real estate located on Wiley Street (Assessor's Plats 68 and 69) for the purpose of estimating the market value of a proposed full abandonment of Wiley Street as it intersects with Fillmore Street in the Smith Hill neighborhood of Providence.

Specifically, the proposed abandonment contains 7,500 square feet. The area in general measures 30 feet by 254 feet in length along the center line of the street. The City's Department of Public works has no objection to this request. They are requiring a Class 1 Survey for recording.

We have taken into account a number of factors in arriving at a fair market value for the site. The petitioner will gain full use of the site for either commercial or institutional use, as there will be no easements required by the City's Department of Public works. The parcel contains 7,500 square feet of land and is zoned R-3 Residential.

Based upon an analysis of comparable land sales as contained within the offices of Andolfo Appraisal Associates, Inc., as well as reviewing the most recent tax assessments revaluation, a value of \$5.00 per square foot is hereby estimated for this site.

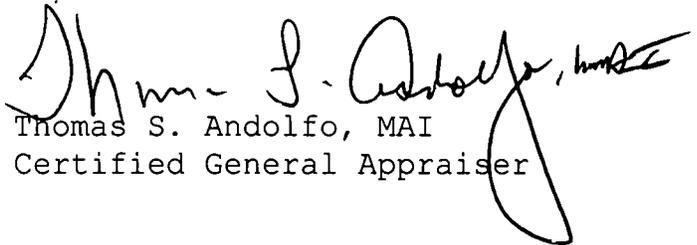

Therefore, 7,500 square feet x \$5.00 per square foot = \$37,500.

Re: CPC REFERRAL NOS. 3228 and 3229: Proposed Abandonment of a Wiley Street
and Matthew Street

Dear Councilman Hassett:

The City Plan Commission at its meeting on Wednesday, June 16, 2004 reviewed and evaluated the request of the Committee on Public Works that the Commission review and make a recommendation regarding the proposed abandonments of Wiley Street and Matthew, as petitioned by Times² Academy.

The Commission made the following findings of fact as required by the *City Plan Commission Handbook* Policy No. 1: "Criteria and Guidelines for Approval of Street, Highway and Rights-of-way Abandonment":

1. *A public interest has to be clearly demonstrated. A public interest is defined as one or more of the following: public health and safety, adequate provision of transportation, general improvement of traffic patterns and/or circulation, convenient access to properties, avoidance of a nuisance, significant economic development, preservation of a historical or cultural feature, and improvement of the general welfare of the community.*

Matthew Street: If the petitioner owns all of the lots on both sides of Matthew Street, abandonment of this right-of-way is not contrary to the public interest. It will not be necessary to have a public right-of-way to access properties and the street will not be necessary for circulation.

Wiley Street: If the petitioner has an agreement with the PHA, abandonment of this right-of-way is not contrary to the public interest. It will not be necessary to have a public right-of-way to access properties and the street will not be necessary for circulation.

2. *No negative impact is evident on existing land uses, future plans, zoning, safety, health or welfare of the community by the proposed abandonment.*

No negative impacts are evident on existing land uses or zoning.

3. *All abutting landowners agree to the proposed abandonment.*

As stated above, all abutters would have to agree to the abandonments.

4. *No physical or legal access will be denied to any land or property in surrounding areas by the proposed abandonment.*

No access will be denied to surrounding areas.

5. *No existing or future public services or facilities need to be protected, provided, or maintained within the right-of-way. An easement retention may be necessary to provide access to, maintain, or provide existing or future service or utility needs.*

It is not known whether public services or facilities need to be protected, provided, or maintained within the right-of-way. The petitioner would need to grant easements if necessary.

6. *The proposed or intended use of the street and/or adjacent properties must be shown on a petition or plan, and such use shall be in conformance with existing zoning and Comprehensive Plan Objectives.*

A petition and plan have been provided. The Comprehensive Plan, in the Transportation, Parking and Circulation Plan, has a policy of discouraging street and alley abandonments citywide. Under the circumstances, however, these abandonments would not be contrary to the spirit of the Comprehensive Plan.

The Commission voted to recommend to the Committee on Public Works that it approve the subject abandonment subject to the following conditions:

1. The petitioner must demonstrate that it owns all properties that front on Matthew Street.
2. The petitioner must demonstrate that the PHA does not object to the abandonment of Wiley Street.
3. The petitioner must perform subdivisions of land as appropriate to consolidate parcels and abandoned rights of way.

Sincerely,
