Dear Councilwoman Brassil:

As you are aware, the undersigned is the owner of extensive property on both sides of South Street and Elm Street crossing Richmond Street.

We have been making substantial investments in improving the whole area and have not requested any City help to this point.

We would very much appreciate your help in locating new street lights (sodium vapor) going east-west on South Street and east-west on Elm Street as well as on the Richmond Street section between these two streets.

Thank you very much for your continuing help.

Sincerely,

James R. Winoker
