

THE CITY OF PROVIDENCE
STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS

RESOLUTION OF THE CITY COUNCIL

No. 588

Effective: ~~XXXXXXXX~~ October 28, 1985

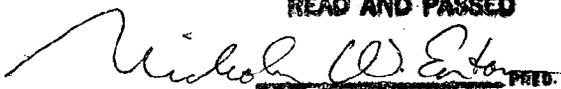

WHEREAS, The sidewalks along Mt. Pleasant High School and Nathanael Greene Middle School are in deteriorated condition which is detrimental to all persons walking along the areas,

NOW, THEREFORE, BE IT RESOLVED, That the Superintendent of the School Department, is requested to study the feasibility of replacing the sidewalks along Mt. Pleasant High School and Nathanael Greene Middle School with bond monies, and

BE IT FURTHER RESOLVED, That Dr. Robert Ricci report back to the sponsor of this Resolution as to the procedure to be used to replace the sidewalks as soon as practical.

JOSEPH R. PAOLINO, JR.
MAYOR

SCHOOL DEPARTMENT

Office of Superintendent

August 22, 1985

Mrs. Evelyn Fagnoli
Councilwoman - Fifth Ward
24 Leslie Drive
Providence, R.I. 02908

Dear Mrs. Fagnoli:

Enclosed please find correspondence from Mr. Anthony Stanzione, Director of Public Works. Mr. Stanzione has provided us with costs of materials necessary to replace sidewalks at the Mt. Pleasant High School and Nathanael Greene Middle School.

The cost to install sidewalks would at least double the material costs. The school department does not have the \$52,000 for this work. Perhaps the city could use some of its Bond monies for this purpose. I would not object to the use of Bond monies.

I am available to discuss this matter with you and others.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert Ricci".

MEMORANDUM

To: Anthony G. Stanzione, P.E. - Director of Public Works
From: Alexander A. Scungio, RLS - Acting Supervisor of Engineering
Subject: Replacing cement sidewalks at Mt. Pleasant High School and Nathanael Greene Middle School
Date: August 8, 1985

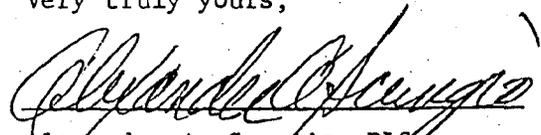

I have directed Mr. John A. Chesebro, Jr., of our Engineering staff to inspect and measure sidewalks with Mr. George L. Nichols, also of our staff, on August 7, 1985.

The Square Yards at Mt. Pleasant are 678, which includes areas within the property. The cost of replacing these areas would be \$3,394.30, based on \$45.50 a Cubic Yard, which is the price that Public Works is paying currently per Cubic Yard. This cost is for material only.

The square Yards at Nathanael Greene are 4,635, including areas within the property. The cost would be \$23,195.90, for material only, based upon the \$45.50 per Cubic Yard.

The total cost of this project would be \$26,590.20, again for material only.

Very truly yours,

Alexander A. Scungio, RLS
Acting Supervisor of Engineering

AAS:jlc

Note: The above figures are based upon Mr. Chesebro's calculations.

Please be advised that if this work was put out to contract, the prices would double due to the addition of labor costs.
