MEMORANDUM

TO: Mayors, Managers, Administrators, and Council Presidents
FROM: Daniel W. Varin, Secretary, State Planning Council
SUBJECT: Overall Economic Development Program
DATE: August 16, 1976

The State Planning Council adopted the annual Overall Economic Development Program for the current year on June 10, 1976. A copy of the OEDP has been mailed to you.

Some subsequent requests to amend the OEDP to include additional projects have been received, and we are aware that others are being prepared, apparently, in response to Section 108 (g-1) of the Public Works Employment Act of 1976, which states that "States and local governments making application under this Act should (1) relate their specific requests to existing approved plans and programs of a local community development or regional development nature. . . ."

At its meeting on August 12, the State Planning Council ruled that all projects proposed as amendments to the current OEDP, and all projects proposed for inclusion in future OEDP's, must be accompanied by a resolution of the sponsor's governing body authorizing submission of the proposal. For projects sponsored by a city or town, this authorization must be by the city or town council.
