TRAFFIC ENGINEERING DEPARTMENT

May 11, 1955

The Honorable City Council  
City Hall  
Providence, Rhode Island

Gentlemen:

As requested by City Council, an investigation has been made of the advisability of making Grove Street one way in a westerly direction from Vinton Street to Knight Street.

The problems that exist on this street are primarily local in nature, and some measure of relief may be afforded by making the street one way. The proposal to make this street one way in a westerly direction conforms with the desired circulation pattern of the other existing one-way streets. This department, therefore, has no objection to making Grove Street one way in a westerly direction from Vinton Street to Knight Street.

Very truly yours,

s/ Roger T. Chandler  
Roger T. Chandler
