MEMORANDUM

Providence, R. I., May 10, 1966

TO: City Plan Commission

SUBJECT: ZONING CHANGE - 532 and 536 Chalkstone Avenue

CONSIDERED BY: Committee on Ordinances

DISPOSITION: Attached is copy of Petition for zoning change on the above mentioned street for study, report and recommendation, back to this Committee.

City Clerk

Committee on Ordinances
City Hall
Providence, R. I.

SUBJECT: Referral No. 1540 - ZONING CHANGE AT 532 AND 536 CHALKSTONE AVENUE

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Thursday, May 26, 1966.

This referral is a request to change Lot 535 on Assessor's Plat 69 from an R-4 Multiple Dwelling Zone to a C-4 Heavy Commercial Zone. The property in question is situated on the southerly side of Chalkstone Avenue, and is at the intersection of Nolan and Wayne Streets. It consists of 5,905 square feet of land and is located one block east of Smith Street.

On an inspection and photographic survey it was determined that the property in question contains a 2½-story frame dwelling in fairly good condition, a 2-stall frame garage, and a 4-stall masonry garage.

The Master Plan calls for high density residential use in this area.

The existing commercial zoning on Smith Street, at the intersection of Chalkstone Avenue, is designed to service this neighborhood. This part of Chalkstone Avenue is extremely narrow, while Nolan and Wayne Streets are no wider than alleyways, and therefore allow no parking. From every aspect, any extension of commercial zoning, and especially heavy commercial, would be a grave danger to the survival of this neighborhood as an habitable one. Therefore,

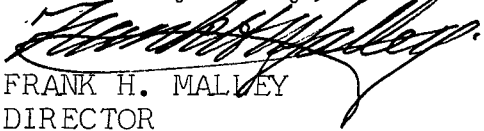

The Commission

VOTED: To recommend that the petition for the C-4 Zone be denied, but has no objection for a change to C-2.
