Re: Referral No. 2124 - Abandonment of the southwestern
portion of Bosworth Street

Gentlemen:

The City Plan Commission at its April 19, 1984 special meeting reviewed and evaluated the subject referral from your Committee. The petition was submitted by Mr. Robert Gaudette, Sr. representing Riverside Mills Realty, 50 Aleppo Street, Providence, Rhode Island 02909.

The Commission's comments and recommendations are as follows:

A field inspection revealed that the aforesaid portion of Bosworth Street is a paper street. Aleppo Street at its intersection with Bosworth Street is a narrow partially improved public right-of-way. To the southwest of Aleppo Street there is a steep slope (difference in elevation approximately 30 feet) rendering the aforesaid portion of Bosworth Street undevelopable as a public right-of-way.

Since the aforesaid portion of Bosworth Street has no practical use as a public right-of-way, the Commission voted:

that no objection is offered to this petition.

Sincerely yours,

Stanley Bernstein

Re: Petition to abandon a portion of Bosworth Street
from the southwesterly line of Aleppo Street to
its southwesterly termination

Gentlemen:

The Narragansett Electric Company presently has an overhead 22KV distribution supply line situated on said Bosworth Street. This facility is an important part of our electric supply system in this area and would be very difficult and costly to relocate.

However, The Narragansett Electric Company will not object to the granting of said petition, provided that in the event that the petition is granted, the Petitioner will convey an easement acceptable to The Narragansett Electric Company which will permit the retention of our facilities in existing locations in said Bosworth Street, together with the right to inspect, maintain, operate and replace the same.

Very truly yours,
