PERSONAL EXPRESSION

**COUNCILMAN DeLUCA requests the
privilege of the floor to speak on a point
of personal expression and states:**

"Thank you, Madam President, before this meeting is over I just want to take a moment of personal expression to reflect some thoughts in a Journal Article which seems to be our eyes and ears, when we can't be.

There was a School Board Meeting on Monday night where the Teachers Union President made some comments to the School Board regarding some 196 classrooms that were empty without teachers. They were full of students but without teachers due to a State Mandates Out of State Teacher Conference that all of these teachers were on. Then last Monday, or the previous Monday, there was another day where there were 44 classrooms without teachers and Arthur Zarella, the Superintendent of Schools, admitted that they did have

these types of problems. I think that it is absurd that the Administration failed to plan and prepare for these teacher conferences.

The other side of the coin was a Middle School Social Studies Teacher who substituted for a math class during this crisis and he testified before the School Board that it was basically a waste of time for him, because he could not answer the students questions. I find that statement mind boggling! How can an Educated Certified Teacher have difficulty with basic math? These are 12 year old children who read and follow the instructional part of the chapter and I would hope that a Certified Teacher could do the same. Unless, and I did not know this, that 12 year old kids in middle school are currently learning the Theory of Relativity and if that is the case, I could certainly understand the Social Studies Teachers' difficulty!"

PERSONAL EXPRESSION

COUNCILMAN ALLEN requests the privilege of the floor to speak on a point of personal expression and states:

"It has been several months, since our colleague from the 7th Ward resigned from this Honorable Body. With his resignation came a vacancy of a third Council Member appointed to the Residency Commission. To date, that vacancy has not been filled. Hence, the wishes and directives of the Citizenry of this City who voted overwhelmingly for Residency have also not been fulfilled.

During my recent absence from this Council, several Residency Waivers have been scrutinized by the Finance Committee and two waivers have been voted out of that Committee with recommendation of passage, one of which passed this body by a Majority Vote of those present and with 4 of my Colleagues voting in the Negative. The other was Referred Back to Committee.

This Council can ill afford to grant waivers without the advice and counsel of the Residency

Commission which we created. As Chairman of the Residency Commission, it is my sense that we should not meet and conduct business without the full Council appointments having been made.

To that end, I am asking publicly what I have asked privately over the past several months, that being that the President of this Council appoint a third member of this Five (5) Member Commission. This City Council is duly and legally bound to honor and facilitate the wishes of our electorate. It is time to stop the procrastination and honor that check issued by the voters.

We should not enter this New Year with that check stamped insufficient interest, insufficient attitude, or insufficient ability on our part.

Payment is due and in my humble opinion, long overdue.

Ladies and Gentlemen, it is time to act and act responsibly!"
