**THE SIX CYLINDER ROTARY PRINTING MACHINE,**

Used for Printing the EVENING BULLETIN, at the rate of 12,000 to 14,000 per hour.

The circulation of the EVENING BULLETIN having increased so rapidly as to require faster machinery, the Publishers, five years since, at large expense, added to their office a Six-Cylinder Type-Revolver Press, capable of throwing off printed sheets at a rate exceeding 200 per minute, and devoted that machine to the service of the Bulletin. The daily circulation of the EVENING BULLETIN now ranges from 17,000 to 20,000 copies, and the Publishers are compelled to consider the imminent need of still more rapid printing facilities. The Bulletin reaches every considerable town and village in the State, and along the borders of Massachusetts, on the evening of its issue, and is a most effective medium of communication with the people. It is a complete newspaper in all respects; contains the morning as well as evening dispatches from every quarter of the world, and is furnished at the low price of Six Dollars per annum.

**KNOWLES, ANTHONY & DANIELSON, Office, No. 2 Weybosset Street.**

**FOUR CYLINDER TYPE REVOLVING PRESS, on which the PROVIDENCE JOURNAL IS PRINTED.**

The Publishers of the PROVIDENCE JOURNAL continue to bestow labor and expense in unlimited measure to meet the demands of the people of the City and State for a complete newspaper. Having secured a location central and convenient, they are constantly adding features of interest to their counting-room equipments, and increased facilities for newspaper making in their other departments. Their presses are capable of making twenty thousand impressions in an hour, and their working force is large enough to secure the prompt publication of the news by day or night. The terms of subscription have not been advanced since the establishment of the JOURNAL in 1820, but have rather been reduced, as postage is now prepaid on newspapers sent by mail for which the subscription price has been remitted. The terms of subscription are as follows:—

**THE PROVIDENCE JOURNAL,**  
 DAILY, \$5.00 per annum,  
 SEMI-WEEKLY, (Monday and Thursday), \$3.50 in advance,  
 WEEKLY (Friday), \$2.00 in advance.

The JOURNAL is recognized as one of the best advertising mediums in the country, and its prices are uncommonly reasonable for the service rendered.

## SPRINKLING PIPING.

# Parmelee Automatic Sprinkler

The PARMALLEE AUTOMATIC SPRINKLER has been practically proved to be the most efficient Fire Apparatus ever invented. The Water is liberated by the effects of heat. It concentrates all available water on the fire, thus securing GREATER EFFICIENCY and LESS DAMAGE BY WATER than the present system of sprinkling. It has been subjected to SIX accidental fires, and worked with entire success, and is endorsed by all the Factory Mutual Insurance Companies of New England.

Loud peals the thunder, the vivid lightnings flash,  
 I shudder as I listen, and dread the fearful crash,  
 Great men turn pale and tremble, and good men pray to God,  
 Have mercy on this dwelling, we've got no lightning rod.  
 The storm is over now, the skies are clear and bright,  
 Now is the time to prepare for Adversity's dark night.  
 In sixteen years' experience, my friends, I say to you,  
 No building have I slighted but tried my very best to do.  
 Good stock and work we give on jobs both old and new.

Repair your rods before the evil day draws nigh,  
 Old rods (if not in order,) may cause you many a sigh,  
 Do as Ben Franklin did, erect a good lightning rod,  
 Secure your home from danger and put your trust in God.
