CHIEF OF URBAN RENEWAL PLANNING

CLASS TITLE: Chief of Urban Renewal Planning

CLASS DEFINITION: Responsible administrative and technical planning and urban renewal work of professional nature in assisting the Director in the conduct of the urban renewal program in all its phases, and related work as required.

DISTINGUISHING FEATURES OF WORK: Under supervision of the Director the Chief of Urban Renewal Planning is the Executive Officer of the City Plan Commission and is charged with responsibility for administering the policies of the Commission and the Director; for assigning and reviewing work as chief technical advisor on problems within the scope of his responsibility; and for planning and coordinating the various staff activities of the Department. Acts for the Director during his absence. Work assignments are received from a superior and are usually general in nature and afford a wide latitude for the exercise of independent judgment in planning work details and making work assignments. Work is reviewed in its broader aspects for compliance with the standards and policies of the Department.

ILLUSTRATIVE EXAMPLES OF WORK: Supervises and participates in the organization and development of the planning and urban renewal program. Executes administrative or technical tasks of a complex nature. Makes work assignments and supervises one or more divisions of a technical staff in the compilation and interpretation of physical, social and economic data used in the analysis of planning and urban renewal problems and in the design of a solution to these problems. Acts as chief technical advisor to the staff on all planning and urban renewal studies; coordinates the various phases of staff activities; assists the Director in the development of detailed project planning; and coordinates department activities with related activities of other city departments, other technical agencies or civic groups, endorsing public understanding of the department's activities. Assists in the evaluation of data affecting location and design of projects. When required, represents the Director at conferences to discuss and explain planning and urban renewal

DESIRABLE KNOWLEDGES, SKILLS AND ABILITIES: Detailed knowledge of the elements and techniques involved in urban renewal, involving capital improvements, redevelopment and urban renewal programs, and general planning ability to plan, assign and supervise the work of a technical staff and effect and transmit conclusions; and to meet and confer with technical groups on general planning and urban renewal matters. Knowledge of regular procedures in drafting and ability to do complex technical research and analysis, compile comprehensive reports and make recommendations for the practicable application of findings. Ability to establish and maintain effective working relationships with city officials and the public.

QUALIFICATIONS REQUIRED FOR APPOINTMENT: Graduation from a recognized college or university with major course work in city planning, architecture, landscape architecture, civil engineering, economics or sociology, supplemented by graduate course in city planning. Extensive experience in a responsible position in the field of city planning with three years experience in an administrative capacity.
