REAL ESTATE.

AS BROKERS, with more than twenty years' successful experience, we claim to be competent to handle for you your realty affairs in a prompt and satisfactory manner. We aim to give advice founded upon the practical results in the experience of ourselves and others. We particularly solicit the business of those who are satisfied with a reasonable market value rather than of those who, through sentiment or indifference, place high values upon their properties. We would thus assure buyers that what we offer is worthy of consideration. We have had first hand and extensive experience in the improvement of land to hasten its sale and believe our service in this particular can be an exceptionally valuable aid to anyone having property requiring development. We have also engineered a good many large and small exchanges of properties, which is one good way of working off otherwise obdurate propositions. Much of the time we have on hand good real estate mortgages which we will transfer to you without charge of publicity. We almost always have money on hand to loan. Fire, plate glass and other insurance business we solicit and will give our very best attention.

AS CONTRACTORS, we agree for a sum stipulated in our contract to procure a lot of your selection, erect thereon a dwelling to suit your requirements, and deliver the whole estate to you complete, ready to live in, with concrete walks laid and lawns graded, and take a large part payment on mortgage if your convenience requires. As such contractors we can be of greater service and economy to you than any concern in Providence, we believe. We are closer buyers of land than most individuals seeking homes, and certainly we obtain better discounts on building materials than the ordinary contractor, besides saving considerable of the architect's commission, the brokers' commission for a loan, and the usual legal expenses, and for ourselves are satisfied with a reasonable per cent net profit on the contract. We are able to show exactly what style of house and workmanship we have recently accomplished and will produce for you—and when you can purchase from a sample dwelling you should never trust to building from a plan, as only experts can read plans understandingly. And perhaps the greatest argument in our favor is that you hold but one contract for a completed property and that contract with a financially strong and reputable concern, and there can be no possibility of mechanics' liens or other entanglements and dissappointments.

What Is Your Income Worth?

You couldn't get along without it. It's your most valuable possession. It's liable to be stopped any day temporarily or permanently by accident or illness.

We write a form of insurance which costs as low as $1.00 a month, and pays you your income when you are disabled.

We pay while you are alive and need it.

Tell me your occupation and let me explain. It's a duty you owe to your family and yourself.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 112 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham ... from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.
