The Honorable City Council

Providence, Rhode Island

Gentlemen:

The Traffic Engineering Department has reviewed the all-rolling parking regulations on Broadway as requested by the City Council.

The need for these regulations was most apparent during the recent storm period. Now that the threat of continued severe storms has passed, these regulations can be modified. However, the observations made during the past three weeks clearly indicate the necessity for being able to maintain an efficient two-lane movement during the afternoon rush hour at the western end of the street. For this reason the all-rolling regulation between 4:00 p.m., and 6:00 p.m., is being continued on the northerly side of Broadway between Almy Street and the Expressway Ramp.

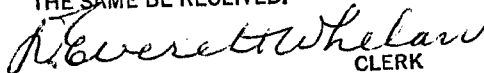

Very truly yours,

Roger T. Chandler
Traffic Engineer

City Hall
Providence, Rhode Island

Dear Sir:

We are sending herewith Notice of Public Hearing to be held in the Veterans' Memorial Auditorium, Brownell Street, Providence, Rhode Island, on Friday, April 7, 1961, at 8:00 P.M., at which time proposed plans for the construction of that section of Interstate Route 95 beginning at a point on West Exchange Street, Providence, and extending in a generally northerly direction to the Providence-Pawtucket City Line, and that section of Primary Route 35 beginning on the Louisquisset Pike Urban Extension north of Admiral Street, Providence, and extending in a generally southerly direction to a point of intersection with Interstate Route 95 in the New Haven Railroad yard, will be available for review and discussion.

Extra copies of this Notice are enclosed for review by members of the Honorable City Council, the City Planning Board, and officials of the Highway Department.

This notice will appear in the Providence Journal, and the Pawtucket Times on March 22, 29, and on April 5, 1961.

May we kindly request that a copy of this Notice be posted in the City Hall or at any other place which will afford adequate publicity.
