Dear Mayor Doorley:

Recently we received a request from Garden City Builders of Cranston, R. I. for an easement across our pipeline in order to enable them to run a sewer lateral from the new theater they are presently building to the Cranston sewer system. This is the only means they have of disposing of the sanitary waste from the proposed new building into the Cranston sewers. Some time ago, we granted the City of Cranston an easement across this same pipeline for the purpose of installing a sewer to take care of the sanitary waste in this general area.

We have prepared the necessary legal papers covering the easement and our Legal Advisor has prepared the Resolution to the City Council authorizing the Mayor of the City of Providence to execute such an easement. With your approval, we are planning to submit this matter for the next Council meeting to be held on July 6.

Yours very truly,

Philip J. Holton, Jr.
