SUBJECT: Referral No. 1343 - ZONING CHANGE ON THE NORTHERLY SIDE OF LLOYD AVENUE

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, October 1, 1963.

This referral is a request for a change in zoning from R-1 to C-1 Lot 317 on Assessor's Plat 39. Said lot is located on the northerly side of Lloyd Avenue at the intersection of Hobart Avenue. The area in question contains 6,000 square feet.

An inspection and photographic survey determined the lot in question to contain a 2½-story multiple dwelling frame house. The lot is, immediately to the east, adjoined by light commercial usage and across Hobart Avenue the Central Baptist Church is situated.

A previous referral, numbered 1215 and dated July 29, 1955, from the Zoning Board of Review, regarding Lot 317 on Assessor's Plat 39 concerned the alteration of a two-family duplex into six apartments. The City Plan Commission recommended denial; the petition was granted.

Since the surrounding area is generally residential in character and presents an attractive and desirable environment, and due to the proximity of the church, an encroachment by commercial usage into the residential area would be an undesirable violation of the intent of the Zoning Ordinance. Therefore,

The Commission

VOTED: To recommend that this petition be denied.

Very truly yours,

SUBJECT: Referral No. 1354 - ZONING CHANGE AT 1577 WESTMINSTER STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, December 3, 1963.

This referral is a request to rezone that portion of Lot 52 on City Assessor's Plat 35 presently zoned R-4 Multiple Dwelling Zone to a C-4 Heavy Commercial Zone; said lot being situated on the northerly side of Westminster Street and designated as 1577 Westminster Street.

On an inspection and photographic survey it was determined that the property in question contained a 1½-story frame carriage house located in the R-4 portion of the property. Demolition of the apartment house has been completed. The foundation has been back-filled and the yard areas have been graded to slope toward the Westminster Street frontage.

The 100' depth of lot criteria is a functional method to preserve and stabilize a division of uses. Lot-line zoning is disorganizing

December 4, 1963

in intent and deviations from the zone boundary standard should be discouraged by rigid application of the Ordinance. Therefore,

The Commission

VOTED: To recommend that this request to rezone this portion of land be denied.

SUBJECT: Referral No. 1351 - ZONING CHANGE ON THE NORTHERLY AND SOUTHERLY
SIDE OF ADELAIDE AVENUE FROM HAMILTON STREET
TO BROAD STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Tuesday, November 5, 1963.

This referral is a request to change from an R-2 Two-Family Zone to an R-4 Multiple-Dwelling Zone the following lots: 119, 166, 28, 125, 40, 147, 148, 118, 144, 351, 29, 380, 378, 126, 117 as set out and delineated on City Assessor's Plat 52 and also the following lots: 686, 2, 68, 1, 409, 390, 113, 50, 25, 391, 308, 11, 144, 526, 388, 531, 524, 514, 492, 532, 533, 441, 440, 437 as set out and delineated on City Assessor's Plat 53. Said lots being situated along the northerly and southerly sides of Adelaide Avenue from Hamilton Street to Broad Street. The area in question contains 236,419 square feet or 5.4 acres of land.

On a land use inspection and photographic survey it was determined that the properties in question were located on the northerly and southerly sides of Adelaide Avenue from Hamilton Street to Broad Street. A land use survey indicated the dwellings are predominantly single-family, two-family and a few general residence structures. This character of uses assures a sound social and environmental stability.

In this area, consisting of 39 lots, all but 16 are conforming as to use and density. There are no vacant lots. Adelaide Avenue carries a substantial volume of cross-town traffic which is impeded by on-street parking caused by insufficient off-street parking for the existing residential uses. The in-

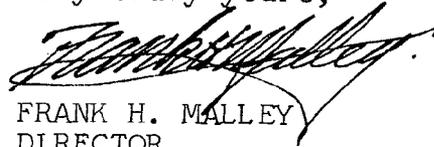

November 6, 1963

crease in dwellings, resulting from the proposed change in zoning would aggravate the parking and traffic conditions in addition to downgrading the stable character of this much better than average residential area.

The Commission

VOTED: To recommend that this petition be denied.

WHEREAS, the City of Providence in its 1962-1963 allocation for education appropriated 31.9% of its total budget, and

WHEREAS, Providence expenditures for education were the lowest of any City or Town in the State of Rhode Island with the average educational expenditure being 45.2% of municipal budgets, and

WHEREAS, the State of Rhode Island has increased its aid to education to the City of Providence by 18.66% since 1960-1961 with an increase of over \$481,589.00, while during the same period of time the City of Providence has increased its expenditures for education only 6.89%, and

WHEREAS, the Professor Bosland's Committee study of the Providence School system has indicated economies of over \$250,000 per annum could be immediately effected by the consolidation of schools and more efficient use of existing school plan, and

WHEREAS, approximately \$400,000 in economies have been instituted in the current fiscal year in the Department of Public Works and similar economies could be made in other departments of Providence City Government, and

WHEREAS, there is an immediate need for more adequate repairs, maintenance, books and salaries in the Providence Public Schools,

NOW, THEREFORE, BE IT RESOLVED, that the City Council appropriate immediately \$400,000.00 from monies not otherwise appropriated and from funds provided for the Public Works Department, and

BE IT FURTHER RESOLVED, that the Finance Director prepare such Ordinance as is necessary to effect such appropriation for School Purposes and use by the Providence School Committee for more adequate books, maintenance repairs and salaries, provided that the Providence School Committee institute immediately the economies and reforms recommended by the Professor Bosland's Committee.
