FRONT.

Examinations and Tests of Steam Plants for securing
economy of fuel. Steam Engines Indicated and
Power carefully measured.

Investigations made on the performance of Steam
Engines and Boilers under all working conditions.
Thomas Evans' Patent Steam Damper Regulator and Economizer.
Also Patent Grate Bar.

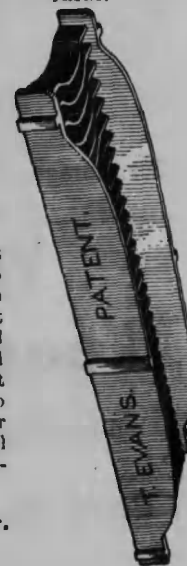

To STEAM USERS:

One of the chief features of this grate bar is "A Uni-
form Air Space," free from sharp angles and curves,
the air flowing through this bar meets with the least
possible resistance, enabling a large amount of air to
pass through with minimum amount of draught. The
very large amount of air necessary to form a perfect
combustion under ordinary conditions in burning coal
demands a carefully designed grate bar, one that will
allow free access of air or oxygen to the incandescent
fuel and at the same time allow of the refuse ashes to
fall through freely. This bar contains from 46 to 65 per
cent. air space, according to nature of fuel used. To all
parties using grate bars, it is worth their serious con-
sideration.

Yours truly,

THOMAS EVANS, Steam Engineer.

THE SHIPMAN ENGINES AND BOILERS are automatic in their fuel and water supply; they are fitted with the same appliances for safety and adjustment for wear, they are made of the same quality of material and with the same skilled and high cost labor as are the largest and most costly engines and boilers in the world.

FUEL, Kerosene Oil or Petroleum, quality 110 or 115 test, costs in Boston about six and one-half to seven cents per gallon.

SAFETY. There is not as much danger in using kerosene oil as fuel for our fire as there is in the safest lamp system in the world. Insurance companies, after very careful tests, make no additional rate where the Shipman Engines are used.

Awarded Silver Medal at R. I. State Fair for the Encouragement of Domestic Industry, in September, 1897.

—THE PROVIDENCE—

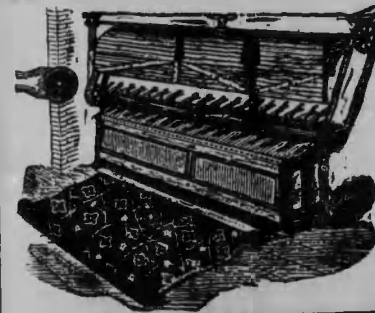

Steam Carpet Beating Establishment,

NO. 117 SUMMER STREET.

Economy! Neatness!! Despatch!!!

Old Carpets made to look nearly as good as new by the use of the Patent Carpet Beating Machine. Grease removed by a new process. Special rates for renovating. By this method of cleaning carpets they are uniformly beaten their entire length and breadth, by revolving flexible whips, which will not injure the finest fabric, yet thoroughly expel all the Dust and Moths. The dust and dirt, as fast as beaten out of the fabric, are removed from the compartment where the carpets are beaten, by an EXHAUST FAN, which also removes and carries out of the room any moth or larva which may be beaten out of the carpet with the dirt and dust, so that there is no possibility of their settling back on the carpet.

If it be found necessary, we can apply our heated steam process in addition to the machine for removing dust and dirt: and this process will effectually relieve the carpet of all impurity, and in doing this bring the colors out almost like new. The moths and vermin are killed and not likely to trouble the fabric for a long time to come. Health and comfort are both promoted thereby. The carpets are not only beaten and cleaned, but are thoroughly aired, there being a constant supply of fresh air going through the machine at all times.

Orders sent by mail or otherwise to the Factory will receive prompt attention. Open every working day of the year. ALL WORK GUARANTEED.

Carpets called for, Cleaned and returned without regard to weather. Cartage free. Carpets taken up and re-laid when desired. Send for circulars.

The Northwestern Mutual Life Insurance Co.,

— OF MILWAUKEE, WIS. —

COMMENCED business in 1858 without a dollar of capital subscribed, guaranteed, paid in or otherwise, yet on the 1st of January, 1888, its assets were \$28,858,018.90, and its total liabilities, including the reserve required by laws of states (actuaries' 4 per cent.), was \$24,816,129.72, with a net surplus over all liabilities (on 4 per cent. basis,) \$4,041,889.18. Of the \$28,858,018.90 assets, \$24,211,495.86 are secured by mortgages that are first liens on real estate valued at \$78,016,066.77. No other company can show *six-sevenths* of its assets invested in loans on mortgages which *the Fluctuations of the Stock Market Cannot Affect*.

During the 29 years since the Company commenced business it has paid to the representatives of its deceased policy-holders for death losses,	\$15,698,872.13
And to its living policy holders for dividends, matured endowments, surrendered and lapsed policies,	26,835,773.25
Total,	\$42,534,645.38
Add present assets,	28,858,018.90
Amount paid to policy-holders and held for them,	\$71,392,664.28
Total premiums received,	62,060,408.16
Excess of assets and payments to policy-holders over premium receipts,	\$9,332,256.12

Thus it will be seen that the payments to policy-holders added to the present assets amount to over nine millions more than the entire premium receipts. No other company of its size or age has made such a record, nor can its equal be shown upon the same *ratio* by any company. The NORTHWESTERN *does No Business in GULF STATES or FOREIGN COUNTRIES*, confining its work to healthy sections of the United States, and its new business has been for years more than double that of any other company working exclusively in the United States.

The rate of interest earned by the NORTHWESTERN during 1887 was 6.20 % against 5.23 % of the nine next leading companies. It cost the NORTHWESTERN for death losses in 1887 \$10.10 against \$14.50, the average of the nine next leading companies. During the last ten years the rate of interest earned has been *higher*, and the mortality experience *lower* in the NORTHWESTERN, than the average of the fifteen leading companies. From its *HIGH INTEREST* earned, and Low Mortality experience, the NORTHWESTERN has returned larger Dividends than any other company, and *has published* tables of the same for the last 17 years. For further information call on or address the undersigned, who, for over 20 years, has represented the NORTHWESTERN MUTUAL LIFE INSURANCE Co.

If the rupture is at the navel, the measure should be around the body at the navel.

A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics' Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:—

"1893. CODMAN & SHURTLEFF Boston, Mass. One Case Surgical Instruments and Atomizers. . . . The Committee have no hesitation in awarding for this superb exhibition the highest premium. . . . The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture."
GOLD MEDAL. (Signed), GILMAN KIMBALL, M. D., Chairman.

STATEMENTS OF FACTS.

GUTTA PERCHA GUM is the only indestructible plastic substance, known
 in the Arts, and when combined with PURE LINSEED OIL, WHITE LEAD and
 other valuable materials, as it is in the U. S. Gutta Percha Paint, it makes the
 best coating for all surfaces exposed to weather that has yet been discovered.

“H. P.” Restorative Oil.

For use on *exterior painted surfaces* of any kind which have faded or lost
 their brilliancy of color. A single coat of this Oil applied to a surface will make
 it look as well and frequently better than a coat of the best paint, while the cost
 is only about *one half* as much. One of the most serious difficulties experienced
 at the present time is that paint cracks and scales off; this is frequently owing
 to the fact that too much pigment and too little oil has been applied to the
 surface. By using this Oil *the difficulty can be largely overcome.*

ANTI-KALSOMINE!

A preparation for permanently coating over new or old walls or ceilings in
 residences, stores, halls, public buildings or manufactories of any kind, at less
 cost than the work can be done by the so-called Kalsomines or similar
 preparations. It is made in the

PUREST + WHITE,

—ALSO IN—

DELICATE and STRONG TINTS,

and will not rub or scale off, no matter how many coats are applied, neither
 does the surface require to be washed off before it is coated over. Samples,
 testimonials, prices and further particulars on application to the

U. S. Gutta Percha Paint Co.

MEDICAL ECONOMY.

Nothing Succeeds like Success. Dr. Lewis is always Successful.

THE GLORY OF A MAN IS IN HIS STRENGTH!

NERVE OR PHYSICAL FORCE WHEN LOST QUICKLY REGAINED BY CONSULTING

Dr. C. J. LEWIS,

WHO after intense study and deep research, has lately discovered a new, extraordinary, quick, certain and inexpensive cure for diseases incident to deranged functions of the nervous and generative system. THIS NEW AND MARVELOUS MEDICAL TREATMENT has cured the most desperate forms of nervous disorder in both young and old. To debilitated youth it bestows the vigor of manhood and in advanced age it establishes the vigor of youth without the possibility of failure. Patients whose cases have been neglected, badly treated or pronounced incurable are particularly invited to visit Dr. Lewis. A written guarantee of cure given to all cases arranged and undertaken. In practice upward of thirty years.

Dr. Lewis is frequently consulted by many who have been completely discouraged of ever being cured after having experimented with various advertised nostrums, which invariably do more harm than good, as every phase of disease demands different and special treatment. To those who may have been disappointed, Dr. Lewis would say consult him and he will restore the disappointed one to all the duties of life whether they be physical or mental, pertaining to married life or single blessedness.

Consultation, Medicines, etc., \$5.00; Working Classes, \$2.50.
