Finding Lost Persons

This is only one of the many offices that the modern directory successfully fills

The Directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the city directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

A Buyer Wants Information

Does your copy tell him more than he already knew when he turned to the page bearing your advertisement? Purchasing agents often tell us they find a concern specializing on just what they are looking for by turning to these descriptive spaces, but that in many cases insufficient information is given.

Whatever helps the buyer to find what he wants means business for the seller. Anyone referring to a directory advertisement does so because he is already **interested.** Therefore space need not be used to attract **attention** or **create desire.**

Treat the reader as you would a person coming directly to you, inquiring about your service or product with the idea of doing business. Don't let your prospect turn away from your ad without finding out why you are equipped to serve him.

Providence was founded in 1636 by Roger Williams. Incorporated in 1832. The oldest bank in America and the first Baptist meeting house in the country are located in the city. Brown University, founded in 1764, and many institutions of the early eighteen hundreds are within the city limits. The first directory of names and addresses of persons located in the city was published in 1824.

Providence is the second city of New England in point of population, a fact of special significance, inasmuch as the figures of the United States Census Bureau credit the city with 252,981 inhabitants, yet its area is only nineteen square miles. This City is the trading centre for an immediately adjoining population of fully five hundred thousand people; furthermore, if we include an extended area, the population of which turns to Providence more than to any other city, that trading population is increased to seven hundred and fifty thousand. Recent statistical estimates prepared for the Census Bureau with a view to establishing boundaries for Metropolitan Providence place it eleventh in area among cities of the United States.

Many factors contribute in making Providence a great city in respect, not only to population, but to industrial activity. Situated as it is on Narragansett Bay with its deep channel and other superior water facilities, the city is in a position to call to its service transportation by water as well as by rail. The activities of the Port of Providence increase year by year and they will expand at a tremendous rate when there shall be established in the city elevators which can supply grain cargo to fill the bottoms of ocean steamers.

Providence is more than usually well provided with excellent public utility facilities. Its Gas Company is known as the most efficient in the industry in New England. Its highly efficient electric service has grown to very large proportions. The street railway system, now embodied in the Rhode Island Public Service Company, furnishes service not only within the city, but to many outlying points. Its telephone service is the equal of the best in the New England Telephone and Telegraph system, of which it is a part.

The densely populated industrial district of Providence, with its large population to be fed and clothed, is known in all parts of the United States as a distributing point of great importance. Because of the excellent educational opportunities offered, there is a large student population attending Brown University, The Women's College in Brown University, Providence College and various smaller private schools.

Providence is particularly fortunate in having a diversity of manufactures. It is not dependent on any one industry. The great industries which have distinguished the city for many years include textiles, jewelry, silverware, iron and steel. It has, for instance: the largest machine shop in the world; the largest finger ring manufacturer in the country; the largest file manufacturers in the world; the largest silverware manufacturers in the United States; the largest screw manufacturer in the world; one of the leading newspapers of the country, the Providence Journal. Back of these industries and supporting them is a great variety of products, large and small, that have a national reputation. Few cities in the United States send out daily so many small packages of so great a variety of manufactured articles as does Providence.

The city government has been carefully administered, hence Providence has one of the lowest municipal tax rates in the country, a low bonded indebtedness and numerous other advantages. Among the most important of these is the wonderful water supply now impounded in an area some seven miles from the city, and as large as the city itself, which ensures pure water for human consumption and a plentiful supply for fire emergencies.

Providence retail trade is properous, as it should be, in the centre of so great a population. Likewise the wholesale trade, which reaches out over an area extending into Connecticut, Massachusetts and other New England states.

Few cities have been more active in providing adequate facilities for the care of the sick and needy; its hospitals are equal to all demands. The municipality has been active in providing for its citizens those agencies, such as parks and playgrounds, that contribute to the promotion of life and health. The parks form the centre for annual events which attract hundreds of thousands of people for enjoyment and cultural development. Best known among these events is the Annual Festival of the Providence Festival Chorus in Roger Williams Park.

Providence is an attractive city in which to do business and to live in comfort and security. This is evidenced by its continued increase of population over that which follows a steady birth-rate, due to the coming from all parts of the country of investors of both capital and labor. Newcomers are accommodated in Providence as in few other cities with publicly conducted enterprises which ensure good health, excellent educational opportunities, good living conditions and satisfactory returns.

For those who are interested in obtaining general information or detail particulars regarding the municipality and business opportunities it is recommended they write to the Providence Chamber of Commerce.

Information in the mass

seems like a dull proposition

but when we have a need

of some person or thing

nothing interests us more than getting information about that person or thing

---

This directory

looks like a big book to be walked around or fallen over or put out of the way, ***until*** you need some information it contains, and then it becomes the handiest thing around the place.

You can never tell when you are going to want to know something this book will tell you. When you do, you will probably be in a hurry. Why not spend a little time looking it over, so when the need arises you will know just where to look?

It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and

you will increase your efficiency just that much

PROVIDENCE STREET DIRECTORY

Copyright, 1933, Sampson & Murdock Co., Providence, R. I.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street and find that Knight Street runs from 1069 and Bridgham Street from 1191, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.

Rise and Walk

HERBERT N. CASSON, *Editor, Efficiency Magazine, London, England*
Sends a Message to America

You are depressed. You think you are crippled. You are afraid of the future. You are full of fears.

You have half the gold in the world and half of the machinery and most of the automobiles and all the skyscrapers.

You have the greatest home market in the world and the largest corporations that the world has ever seen.

You are ruled more by ideas and less by tradition than any other people in the world. You have usually done what you thought you could do.

How can it be possible that a progressive nation of 120,000,000 people can be wrecked by the speculations of a little handful of fools in Wall Street?

The prices that were forced too high had to come down. Today all the prices are too low.

There is now a golden opportunity for every man who has eyes to see it.

Dollars are now being sold for 30 cents. Practically every security in the United States is now being sold at less than its value.

The way to create a fortune is to buy from pessimists. Pay your money and take the risk.

Frick started his career by buying coke ovens in the slump of 1873. Carnegie made $300,000,000 by buying steel plants in the slumps.

Hundreds of fortunes have been made by buying from pessimists. Ye gods! What a chance there is at this moment!

In five years from now most American business men will belong to the "I Wish-I-Had-Club."

Then it will be too late to buy a dollar for thirty cents. The opportunities will be gone.

When a horse balks, the balk is in his head, not in his legs. He moves on when he thinks he will.

And when an American business man is depressed, the slump is in his head. There is nothing serious to prevent him from making money if he thinks he will.

When fear rules the will, nothing can be done, but when a man casts fear out of his mind, the world becomes his oyster.

To lose a bit of money is nothing, but to lose hope—or lose nerve and ambition—that is what makes men cripples.

This silly depression has gone on long enough. Get rid of it. It is inside of you. Rise and walk.

SAMPSON & MURDOCK CO.
Directory Publishers Since 1846
509 WESTMINSTER STREET PROVIDENCE, R. I.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

SAMPSON & MURDOCK COMPANY

179 LINCOLN STREET - BOSTON, MASS.
509 WESTMINSTER STREET PROVIDENCE, R. I.

Silver Trophy awarded each year—in National competition—by the Direct Mail Advertising Association for the best direct advertising campaign of the year, featuring Letters.

Won by SAMPSON & MURDOCK COMPANY in 1929 for campaign prepared for the Copley Plaza Hotel—won by Sampson & Murdock Company in 1930 for campaign prepared for the Workingmen's Co-operative Bank . . . and won again—in 1932—for the third time, making it permanently ours—in work handled for The Coward Shoe.

IT'S well to know what sort of background an advertising house has before you spend your money and entrust the directing of your selling policy into its hands.

Good advertising brains, long and varied experience, mechanical equipment of the latest and most approved types, and financial responsibility—these are the things that make Sampson & Murdock Company one of the most important direct advertising firms in the East.

Directory publishers since 1846, compilers of special mailing-lists ever since mailing-lists have been used, and now—the latest stage of a progressive development—a completely staffed and splendidly equipped creative direct advertising house.

As proof of the quality of our work we invite your inspection of any advertising campaign we have produced, and call your attention to the prize award pictured at the top of this page which stamps our work as uniformly successful. As proof of the up-to-dateness of our equipment and the proficiency of our mechanical layout, we invite your inspection of our offices, our directory library, and our two plants at your own convenience. As proof of our financial responsibility, we invite your inspection of our rating in Bradstreet's or Dun's.

We will appreciate the opportunity to consult with the officers of any firm interested in the possibilities of carefully planned direct advertising as a stimulant to sales.

TOWN CRIERS OF

RHODE ISLAND INCORPORATED

The Town Crier Idea

We believe in the square deal.

We believe in our city, our state and our nation; in the sovereignty of each individual and the effectiveness of cooperation.

We believe in giving every man his chance.

We believe in looking up and out—not down and in.

We believe in the welcome hand, the alert ear and the open mind.

We believe in living in the future, not the past.

We believe in strenuous work, intensive study, wholesome play.

We believe in boosting when we can; keeping quiet when we can't.

We believe in the cultivation of fellowship; in doing business in a fair, human, business-like way that will permit and encourage those with whom we deal to make us their friends.

We believe in the power of the Truth, the Whole Truth and nothing but the Truth.

We believe modern Advertising to be the economic twin of Sales.

We believe in Salesmanship as the final link in the chain which binds Supply and Demand.

We believe in Vision yoked in harness with the Practical.

We look to the "Things That Are" as a basis—a justification—on which we may build the visioned structure of "Things That May Be."

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Providence Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product, is wise.

The Home of Good Directories

COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

DIRECT ADVERTISING DIVISION
111 SUMMER ST., BOSTON, MASS.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery, and results in more profits to you. You want your mailing lists accurate—*That's the kind we make.* Ask us to tell you about this branch of our business.

Modern Conveniences

Lost, sometimes, amid the more spectacular conveniences, such as the auto, telephone, radio, or aircraft, yet the

CITY DIRECTORY

is probably the greatest convenience of this or any other age. Ponder, for a few moments, on the service rendered by the city directory. It would not be stretching matters to say that it can accurately answer a million questions about the municipality it represents. Familiarize yourself with this truly wonderful book. Learn how to use it to the greatest advantage. Study the index and miscellaneous information section for a few moments. The gold mine of local facts and information will surprise you. You will learn things about your own city that you never knew before.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use of it, however, like anything else worth while.

It is worth while to know where you can get reliable information that may be wanted in a hurry sometime. A little study that opens up a new way to save time or increase accuracy is an asset to anyone.

If you could put a sign where everyone could see it would it interest you?

The City Directory

is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you!

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

MAIL ADVERTISING SERVICE

Complete from Plan to Mailbox

SUCCESSFUL selling ideas grow out of the fusion of two types of fundamental knowledge—intimate knowledge of the product, which you have; intimate knowledge of selling methods, which we have. We talk it over with you, analyse, and the idea begins to grow.

After the basic plan, comes the business of research for data, writing copy, creating typographical style, and similar mechanics of the craft. Our Copy and Service Department is organized to take care of this part of the work.

Lists, of course, are a vital factor; and we naturally have unusual facilities for compiling them because of our directory connections.

Multigraphing and mailing must be well done if the whole campaign is to be effective. Our large Mechanical Department is equipped for speed and facility of operation.

Ours is a complete service that relieves you of every mail advertising detail

NATIONAL ADVERTISERS

are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the City Directory. Put "See the City Directory for our local agent" on all your advertising, and see to it that he is listed under all the classifications in your line.

LOCAL ADVERTISERS

will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you.

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new city directory at once. It will pay you bigger dividends for the money invested than many of your ventures.
