Re: Foundation and Slab Encroachment on 1 State Street

This department has reviewed the construction for the entrance to 1 State Street proposed by Capital Hill Development. This new entrance will require a foundation to be constructed along the City sidewalk line in order to support stairs and concrete wall. This department has no objection to the plans as proposed.

Please notify the applicant that a building permit will be necessary and that all stairs, handrails and guards must be completed in accordance with the requirements of the R.I. State Building Code.
