June 9, 1988 - A review of our files indicates that there are no approved applications on file for tree root damaged sidewalks at the above addresses. Have property owners come to 700 Allens Avenue and fill our applications so that sidewalks can be inspected to determine if repairs by the city are warranted.

A handwritten signature in cursive script, likely belonging to the official mentioned in the text above.

June 9, 1988 - A review of our applications revealed that there is an approved application for a tree damaged sidewalk at 55 Homer Ave. We also have approved applications for Nos. 27/29, 41, 48, and 75 Homer Avenue. Repairs are scheduled under the sidewalk contract that was awarded to Tilcon-Gammino on April 5, 1988. At this time we do not know when they will be in that area. Their contract runs through fiscal year 88/89. Sidewalks not completed during this phase will be submitted with the contract that we expect to award for 89/90 fiscal year.
