To the President
Providence City Council, City Hall
Providence, Rhode Island

My dear Sir:

The full complement of forty (40) members of the Governor Francis Farms Garden Club of Warwick, Rhode Island, wish to be placed on record as protesting the condemning of, or the sale of, any land which is now part of Roger Williams Park, for the use of house lots.

We suggest instead, that that portion of land be utilized for public park purposes.

As Corresponding Secretary of the above-mentioned Club, I have been instructed to present our protest in writing, and express the hope that our alternative use of the land will be given due and careful consideration.

Thank you!

QUARTERLY REPORT OF THE QUALITY OF MILK SOLD IN PROVIDENCE BY RETAIL DISTRIBUTORS

The following table gives the results of the average of analyses made by this department during the second quarter of the year 1963.

No distributor's name is listed under a particular grade of milk unless at least four samples of that grade were analyzed during the quarter. The standard plate count of colonies of bacteria is obtained by using the logarithmic average set forth in the United States Public Health Service Milk Code.

CERTIFIED MILK

The legal standards for Certified Milk are those adopted by the American Association of Medical Milk Commissions, Inc. and in effect at the time of production.

Unless otherwise indicated on the label it shall contain an average of 4.0% of butter fat with a minimum of 3.5% for individual samples and a minimum of 12% of total solids.

The average bacterial count of Pasteurized Certified Milk shall not exceed 500 colonies of bacteria per cubic centimeter.

GRADE A MILK—PASTEURIZED

Grade A Pasteurized milk is produced on farms scoring not less than 85% using the dairy score card of the U. S. Department of Agriculture. The butter fat shall average not less than 3.50% for any four samples taken in a period of not less than 30 days or more than 90 days. The bacteria count shall have a logarithmic average of not greater than 5,000 for any 4 consecutive samples.

The Milk Solids Not Fat shall average 8.50%.

PASTEURIZED SELECTED MILK

Under state law only three grades of milk are recognized, Certified, Grade "A", and Regular. Milk may also be classified as homogenized, skim, or de-fatted. Butter-milk and Cultured Butter-milk are other recognized types defined by state law. Goat milk is also defined. All milk sold in the City of Providence is required to be pasteurized.
While there is no separate legal classification of Pasteurized Selected Milk, some dealers utilize this "grade" as a price differential. Check this grade with dealer's Grade "A" or Regular.

* STANDARD PLATE COUNT—The counts as listed are not all in accord with the "Standard Methods for the Examination of Dairy Products" as at present in force. Inasmuch as Standard Methods tries to overcome human errors as much as possible, only plate counts between 30 and 300 are to be tabulated. Inasmuch as direct plating, without dilution, would render the plate difficult to count through the milk cloud, most dilutions are 1:10 or 1:100. As most of the plates show a count under 30, Standard Methods insists that such plates be listed and averaged as less than 300. (30 times 10), organisms per milliliter. It is our feeling, however, that our method serves as a goal and greater incentive towards purer milk. This heading should preferably read PLATE COUNT.

On January 1, 1963 the bacterial standards were strengthened: — Grade A from 10,000 to 5,000; Regular from 25,000 to 10,000.

Honorable Walter H. Reynolds

 Providence, R. I.

Gentlemen:

Enclosed is a check for \$200 representing the unexpended balance of the \$500 appropriation by the Providence City Council to aid in defraying expenses of the Venezuelan high school baseball squad during its goodwill visit to Providence in May of 1963.

For the kind and generous interest displayed by Mayor Reynolds and the City Council in both Rhode Island-Latin American goodwill baseball exchanges of 1962 and 1963, we wish to express our deepest gratitude.

Our young Venezuelan visitors and their accompanying adults as well, including Governor Luis Vera Gomez, were very favorably impressed by the fine hospitality received during their stay in Providence. Equally impressed by the excellent schools, colleges and many other outstanding features which they viewed as they toured our city, our guests gave glowing reports of their reception here on their return to Maracaibo.

The 1963 exchange received national recognition. Additionally, the U. S. Information Agency filmed excerpts of the Venezuelans 1963 visit for television distribution in 18 Latin American nations where the USIA reports exceedingly valuable impact.

Attached are copies of evaluations of the 1962 and 1963 exchanges by the U. S. People-to-People Sports Committee which aided in arranging both projects.

We repeat our heartfelt thanks to the City of Providence for the superb support accorded the Rhode Island-Latin American goodwill baseball program.

Sincerely,

Dick Reynolds

Dear Mr. Reynolds:

We would like you to know that all reports that we have received from Foreign Service channels on the visit made last summer by the all-star high school baseball team from Rhode Island have been most laudatory and commendatory. Several, in fact, have indicated that this tour was the finest people-to-people activity which countries in Latin America had seen to date, and all expressed the hope that sports exchanges of this type could be continued.

We feel that tours of this kind, as well as others which may follow (some of which, we hope, will bring Latin American teams to the U.S.), are particularly valuable because they bring together young people whose minds have not yet been warped by insidious propoganda and who, in many cases, will be leaders in their respective countries in years to come.

We are impressed by your determination to play host to some Latin American baseball team during this coming summer, and wish you well in your efforts to finance such a venture. We stand ready to be of whatever assistance we can to you, by way of programming such a tour, and will be happy to have you call on us at any time.

With best wishes,

Sincerely yours,

Dear Mr. Reynolds:

We are in receipt of photographs, press clippings and a report by one of the members of our foreign service in a position to evaluate first hand the recent tour of various points here in the East by an all star high school baseball team from Maracaibo, Venezuela.

We are in receipt, likewise, of still other reports made by persons in a position to evaluate this tour first hand. All would seem to indicate that it was a most successful People-to-People sports activity and reflects with credit on the efforts which you and others associated with you made in making the tour possible.

We still have vivid recollections of the favorable reports received by persons in a position to evaluate the tour made by the all star high school baseball team from Rhode Island to various Latin American countries last year, and the fact that a team from Maracaibo returned the visit made to them last year, in our opinion, punctuates the evaluations made in this exchange.

Your interest in continuing the sports exchange program is not only appreciated but most commendable, and we stand ready to be of whatever help we can to you in sending another sports delegation to some other part of the world. Please feel free to call on us for any help you feel we are in a position to provide.

Best wishes.

Sincerely,
