Mr. Nicholas W. Easton, Council President

Providence, R. I. 02907

Dear President and City Council Members:

According to Ch. 544 of the Providence City Ordinance, Article VI-A, Section 1-8, the Providence Historic District Commission must establish first and second priority lists for buildings within the historic district zoning areas. These lists are to be reviewed by the Commission at least once every five years and the Commission shall make its recommendations for changes to the City Council.

After careful study and review of the priority lists for the College Hill Historic District, the Providence Historic District Commission voted and approved the enclosed list of buildings within the district at a meeting on September 27, 1982.

Due to an oversight on the part of the Commission, this list was not forwarded to the City Council for approval as is the proper procedure according to the City Ordinance.

It is important that these buildings be properly recorded and we appeal to you at this time to approve them as submitted. I am enclosing a copy of the sections of the Ordinance pertaining to the priority lists and a copy of the minutes of the meeting of September 27, 1982 substantiating the approval by the Providence Historic District Commission.

I am hopeful that this matter can be placed on the agenda for your next council meeting, December 5, 1985. If I can be of further assistance, please do not hesitate to call me.

Sincerely,

George E. Downing

The Commission shall review the priority lists at least once every five years and, if, after careful study, it deems structures on the lists not worthy for inclusion on the list, or if it deems structures not on the list worthy of inclusion on the lists, it shall make its recommendations for such changes to the City Council.

The Commission shall have the power to call in experts to aid it in its deliberations. Expenditures of the Commission shall be limited to amounts appropriated for its use.

The Commission shall have the power to issue a Certificate of approval if it approves of the plans submitted to it for its review, or may reject plans if it feels they do not meet the requirements set forth in this Article.
