Dear Councilman Payne:

Under date of June 8, we received an official memorandum from the City Clerk's Office in which was enclosed petitions covering the abandonments of Tallman Street, DiPippo Street, Honeyman Street and San Souci Street. We have reviewed our distribution plans and wish to report the following:

Tallman Street - No water works facilities whatsoever in this section of the highway to be abandoned so there are no objections on the part of this department.

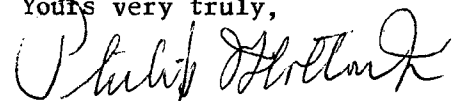

Honeyman Street and Sans Souci Street - Both these highways are in the Weybosset Hill area and the Redevelopment Agency is planning to replace these mains with additional mains to suit the requirements of the Weybosset Hill Project.

DiPippo Street - This street has water facilities that have a depreciated value of \$1,641.02. This is broken down as follows:

Water mains	\$1,229.87
Gate Valve	. 200.58
Services	<u>210.57</u>
Total	\$1,641.02

Before this street is abandoned, we respectfully request that you withhold action on this matter until the petitioner requesting the abandonment pays the City Collector \$1,641.02 covering the depreciated value of our facilities.

Yours very truly,

Philip J. Holton, Jr.

SUBJECT: Referral No. 1478 - ABANDONMENT OF DIPIPPO STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Thursday, September 23, 1965.

This referral is a request to abandon DiPippo Street, from Killingly Street, northeast to its terminus, including its entire length.

On an inspection and photographic survey it was determined that the street in question is unpaved and uncurbed.

Reference is made to Referral No. 1449, of the Committee on Public Works dated June 25, 1965. At that time a request was made to abandon DiPippo Street from Killingly Street northeast to its terminus, including its entire length. The City Plan Commission offered no objection and the petition was referred back to Committee.

The present request is the same as described above. The street in question is in the center of an area that has recently been zoned C-2. A First National Store is to be erected on this site. The abandonment of this street will not affect any property other than the site for the new structure. Therefore,

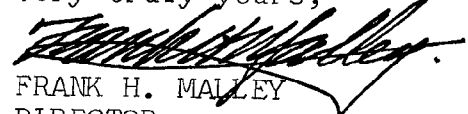

The Commission

VOTED: To offer no objection to the granting of this petition.

Dear Councilman Payne:

On April 27, we received an official memorandum from the City Clerk's Office dated April 14 regarding the abandonment of a portion of Joseph Street. Enclosed was a copy of a petition stating that the section being considered for abandonment ran from Douglas Avenue to Bagalia Road. We have checked our distribution sheets and find that we have no facilities whatsoever in the section of the highway being considered for abandonment.

SUBJECT: Referral No. 1439 - ABANDONMENT OF A PORTION OF JOSEPH STREET

Gentlemen:

The subject referral received consideration by the City Plan Commission at a meeting held on Thursday, May 13, 1965.

This is a request to abandon a portion of Joseph Street, from Douglas Avenue to Bagalia Road.

We have discussed this petition with the Public Works Dept., who, on referral to that agency, has recommended denial of this request. It was explained that the developer in the areas has dedicated the street to the City, but the City has not formally accepted it through Council action, although it is the hope of the Public Works Dept. that Council will do so in the future. In the meantime, the Public Works Dept. has graded the surface to provide drainage for the residences in the area.

This request has been submitted in conjunction with referral #1441 concerning a request for a zoning change on lot #271 contiguous to this street; apparently petitioner wishes to develop commercially the street which he seeks to have abandoned. We have not objected to the rezoning; however,

The Commission

VOTED: To recommend denial of this request so that the City can develop this street in the future to meet the demands for circulation of traffic in the area.

Very truly yours,

It is recommended that the petitions for Actinia St. be approved and a public hearing be held for receiving the street, defining the grade, building the sewer, curbing and grading and constructing the street.

Very truly yours,

Lawrence P. McGarry
Director of Public Works
