**REQUEST:** That the Traffic Engineer is requested to cause the installation of two "20 MPH School Zone" signals along Smith Street between Nelson Street and Sharon Street and Eaton Street between Academy Avenue and Sharon Street to accommodate the Robert F. Kennedy School.

**DISPOSITION:** At the present time, we are only planning on installing one flashing 20-MPH School Zone systems in each ward. There are funds allocated in Bond Monies that are not part of the 2.2 million per ward for this purpose. Since Narragansett Electric Company will not permit these to be attached to their poles, the cost of each system will go up dramatically due to the underground work. When the new bids come in I will be able to determine how many systems can be installed.
