INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,300 city, county, state and national Directories, present to subscribers and the general public, this, the 1965 edition of the Providence City Directory.

Confidence in the continued growth of Providence's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Providence to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Providence Directory will fulfill its mission as a source of authentic information pertaining to the city.

Three Major Departments

The three major departments are arranged in the following order: —

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a large commercial and industrial center like Providence, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Providence, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes and the listing of telephone numbers.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Providence.

The Providence Directory Library

Through the courtesy of the publishers of the Providence City Directory, a Directory Library is maintained in the offices of the Greater Providence Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

PROVIDENCE, R. I.

"Southern Gateway of New England"

(This information furnished through the courtesy of the Greater Providence Chamber of Commerce)

Statistical Review

Form of Government—Under the New Charter for the City of Providence, approved by referendum on Nov. 7, 1939, elective officers are a mayor, to be elected at large, and members of the council, which body consists of 26 councilmen, two from each of the 13 wards as the same are now constituted. The Charter became effective in its entirety on Jan. 1, 1941.

Population—207,498 (1960 U. S. Census). Predominating nationalities in city: Native American, Italian, Irish, Russian, Canadian, English, Polish and Swedish.

Area—18.91 square miles.

Altitude—Maximum, 252.99 feet; minimum, 3.46 feet (above sea level).

Parks and Playgrounds—33 parks covering a total of 814 acres; 47 playgrounds covering 250 acres.

Assessed Valuation—$1,057,262,867 (Sept. 1963).

Tax Rate—$3.90 per $100 on real estate and tangible personal property; 40¢ per $100 on intangible personal property.

Bonded Debt—$[illegible]25,510 (Sept. 1963).

Financial Institutions—2 national banks and 6 state banks and trust companies.

Postal Receipts—$10,255,800 (1964).

Telephones in Service—384,000 (Jan. 1965).

Church Buildings—84.

Building and Construction—Value of building permits in 1963 - $9,014,100.

Real Estate—$587,635,220 (Sept. 1963).

Trade Area—Retail area has radius of 30 miles, and population of 1,500,000.

Hotels—14: Principal downtown hotels are Sheraton-Biltmore and Crown.

Railroads—New York, New Haven & Hartford.

Air Transport—The State of Rhode Island owns one of the largest and very finest airports in the U. S. During 1961 a new, modern terminal building was opened at a cost of $3,500,000. The airport now handles 345,838 air passengers a year. It has 4 runways, one of which is 200 feet wide and 5,460 feet long. The other 3 runways are 150 feet wide and 5,000 feet long. They permit the landing and departure of the largest planes with the greatest possible safety and convenience. The field is equipped with radar, all lighting facilities. Air lines, including Allegheny, American, Eastern, Mohawk, National and United, give superior trunk-line, passenger, mail, express and freight service from the airport, which is located at Hillsgrove, a 20-minute run by automobile from the heart of the city. The State also operates the North Central Airport in Smithfield.

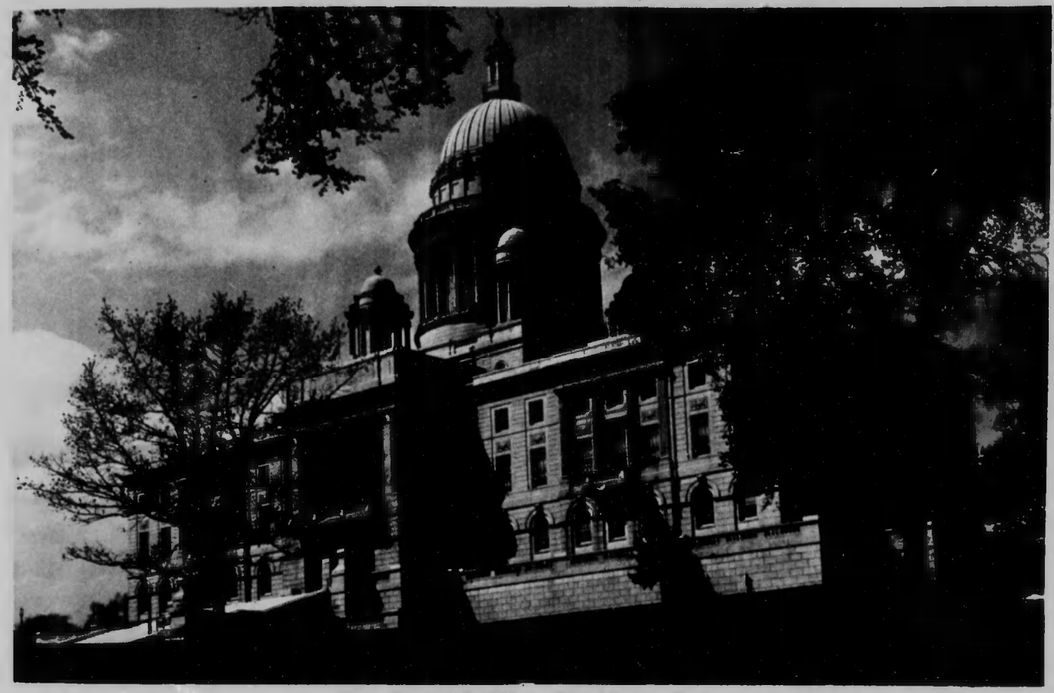
Amusements—Largest auditorium in city seats 8,000 people. 11 theatres, with total seating capacity of 20,000 people. A State-owned auditorium seating 2,400 is in use.

Hospitals—8; Recent additions have increased the facilities.

Education—Number of public school buildings, 91, including 4 high and 8 junior high. Number of pupils in public schools, 28,320. Average number of teachers in public schools, 1,239. Value of public school property, $26,500,000.

Libraries—Approximately 2,000,000 volumes in the 10 libraries of the city. An addition to the Public Library has been completed. The Providence Public Library maintains a library for the special use of business interests, including files of city and 'phone directories from all leading cities in the U. S. and from many smaller communities; commercial indices; and technical volumes relating to many kinds of business.

City Statistics—Total street mileage: Platted streets, 421, with 365 miles paved. Miles of gas mains, 835.4; sewers, 442; motorbus lines, 250.94. Capacity of water works (municipal), 85 millions gallons (safe yield); daily average pumpage, 43,330,000 gallons; value of plant, $13,853,515. Fire department employes 527 men, with the following equipment and facilities: 54 pieces of apparatus, 32 companies in 16 stations, fire alarm building, repair shop, training school and 3 rescue squads. Police department has 91 officers, 379 men, 84 women crossing guards and 12 women parking checkers, one station, traffic division, detective division, and 85 pieces of motorized equipment, including 26 motorcycles. All fire and police vehicles are equipped with two-way radio.



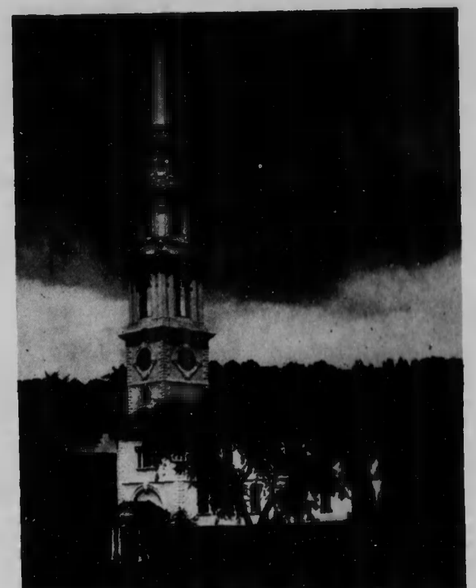
Providence is located at the head of Narragansett Bay, which offers one of the finest ports on the U. S. Coastal line, whether on the Atlantic or the Pacific. The Bay not only is suited for shipping, but it furnishes recreational playgrounds for Rhode Islanders and people from all parts of this country and the world. Newport, which is located at the entrance to the Bay, has long been famous as a resort and showplace. Narragansett, on the opposite side of the Bay entrance from Newport, also is a well-known summer resort. The fishing industry thrives on many parts of the Bay, which yields an abundant supply of fish and shellfish. Many eating places on the Rhode Island shores of Narragansett Bay are well-known for shore dinners, clambakes and Rhode Island johnny cakes.

Providence is one of the nations leading cities in Urban Renewal, with a total investment of 200 million dollars in projects completed, in process, and planned. The "Downtown Master Plan—1970" is one of most significant projects. Others include the East Side Renewal Project, Lippitt Hill, and the Central-Classical Development Project.

PROVIDENCE . . . *A New-Old City*

New in Spirit and Vigor—

Old in History and Tradition



State Capitol Building, Providence, R. I.

Providence was founded in 1636 by Roger Williams, who received a deed for the land from the Narragansett Indians. The primeval forests were gradually cleared from the hills, and what is now a thriving city gradually developed during the intervening centuries. The fame and importance of Providence has given it a high place among the nation's cities. The name of Roger Williams will always be perpetuated in Providence because it was here for the first time that a charter proclaimed a doctrine of non-interference with the religious beliefs of the people. This doctrine of religious freedom has had much to do with the spirit and growth of the city. People of many nationalities and diverse religious faiths live together in tolerance and mutual respect.

The forefathers of many families which still reside in Rhode Island contributed greatly to the original enterprise of the city and state. These early inhabitants established mills, factories, shipping yards, counting houses, and sailing fleets by which means Providence became an important commercial and industrial center of the Thirteen Colonies. Its prestige has been maintained and broadened so that today metropolitan Providence includes some of the largest single industries in the country and is the largest center in the world for certain industrial products.

Providence is of interest historically by reason of its fine old houses and public edifices that are excellent examples of Colonial architecture. There are the First Baptist Meeting House, built in 1775; the old State House, the old Market Building in Market Square, and private residences too numerous to mention which principally are located on the hill. It is safe to say that there are more varied examples of residential architecture in Providence than in any other city in the U. S., each one a type of the best in architecture covering the period from the Colonial days to the present.

First Baptist Church

The population of Rhode Island is the largest per square mile of any state, and yet this is the smallest state in the Union. Providence is considered the world's largest jewelry manufacturing center and one of the nation's largest centers for the distribution of petroleum products. The city is important in the manufacture of machine tools, textile machinery, rubber goods, iron and steel products, silverware, and textiles, including silk, rayon, cotton, woolen and worsted products. Situated between New York and Boston, which furnish large markets, Providence is in a strategic location for the distribution of goods and services of all kinds. Also, a very considerable foreign trade originates in Providence factories, which send their products to all corners of the world.

According to the U. S. Census of 1960, Providence has 207,498 inhabitants. It should be borne in mind, however, in regard to the population figure, that the city limits include only 18.91 square miles, in contrast to the 100 or more square miles of most cities of comparable importance. The State of Rhode Island has 859,488 people, all of whom are in the immediate trading territory of the city, much of which can be considered "bedroom communities" for those who do business and work in Providence. From a commercial standpoint, the trading area of metropolitan Providence includes not only all of Rhode Island, but southern Massachusetts and eastern Connecticut, with a total population of well over 1,500,000.

In addition to excellent port facilities, including both State and Municipal piers, Providence has rail transportation furnished by the New York, New Haven & Hartford Railroad System, extensive overland truck lines, bus service by the New England Transportation Co., Greyhound Lines, Short Line and others, and air service in all directions furnished by the American, Eastern, National, United, Mohawk and Allegheny Air Lines.

Providence is distinguished for its cultural and educational institutions. Colleges and schools which draw students from all over the world include Brown University, one of the oldest and most distinguished institutions of learning in the U. S. Other colleges are Providence College, founded by the Dominicans; Rhode Island School of Design, Rhode Island College, Pembroke College of Brown University, Bryant College, and Rhode Island College of Pharmacy, now in the University of Rhode Island, at Kingston. Other cultural and educational advantages include a concert series by the Boston Symphony Orchestra; the Rhode Island Philharmonic Orchestra, which presents a regular schedule of concerts; the Community Concert Association which is the second largest in the country; the Providence Art Club, which sponsors many art exhibits; and the Players, which presents a series of dramatic productions each year.

The excellent library facilities include the Providence Public Library; the John Hay, Carter Brown and Ann Mary Brown libraries at Brown University, the Providence Athenaeum, and the Medical Library of the Rhode Island Medical Association. The museums include a natural history exhibition of Roger Williams Park, and a comprehensive museum display at the Rhode Island School of Design, which houses the famous Pendleton collection of furniture.

The people who work and live in Providence have ample and exceptional opportunities for play and recreation. Rhode Island is a natural playground, with miles of coast line and with beautiful sandy bathing beaches. As mentioned before, the Bay is a great recreational area. The hinterland is beautiful rolling country,

dotted with many ponds, lakes and streams. Golf courses, tennis courts, yacht clubs and other recreational facilities are scattered throughout the state. Fine roads and short distances make them all accessible.

Roger Williams Park in Providence is a showplace, with its beautiful flower gardens, acres of shady fields, and a large body of water. This park maintains a zoo and public tennis courts. In winter, residents and visitors also have recreational advantages and sports. The state has developed an area at Diamond Hill for skiing and other winter sports. Professional hockey and other winter sports are enjoyed at the Rhode Island Auditorium. The world's first fully automatic post office is located in Providence's West River Industrial Park.

Providence is a city small enough to be thoroughly hospitable and have its people know one another, and at the same time large enough to include the advantages of a great city.

Providence Skyline

This Publication Is The Product of a Member of

a N a
D P *
1898

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Fulfilling Your Ideas of the BEST

In Banking Services

Look for complete help in any banking service from the bank first to offer auto loans at the low rate of $4.00 per hundred per year.* Let us show you how all your banking needs can be met quickly and positively.

PERSONAL AND BUSINESS LOANS
Money when you need it for yourself, family or business. Fast, confidential service.

AUTO LOANS
Columbus National Bank's special rate saves you up to $200 in interest alone when financing your new car.*

MORTGAGES
The money you need to finance your home or other real estate. FHA Insured Loans available.

HOME IMPROVEMENT REPAIR LOANS
Money made quickly available to repair or improve your home. Sensible, inexpensive financing.

CHECKING AND SAVINGS ACCOUNTS
Maintain a checking account with Columbus for utmost convenience. Interest on savings accounts is compounded 4 times annually from day of deposit to day of withdrawal, insured to $10,000 by the Federal Deposit Insurance Corporation.

CHRISTMAS AND VACATION CLUBS
The easy, sure way to save for travel or a happy Christmas. Your money is always available, when you need it.

*Available to Columbus Depositors.

ELECTRICAL

How modern lighting can help your business

If you have a store, modern lighting will add eye appeal — and *buy appeal* — to your merchandise. Better light gives a better look to shelves, counters, display cases.

If you have an office or factory, up-to-date lighting can help you, too. It boosts output and efficiency — cuts fatigue and rejects — promotes cleanliness and morale.

Whatever your business, modern lighting can help it! Talk to your electrical contractor *today*. Or call STuart 1-0100 for more facts.

Who Sells It?

Consult The
Classified Business Lists
of This Directory for Your
Quickest, Surest Answer!

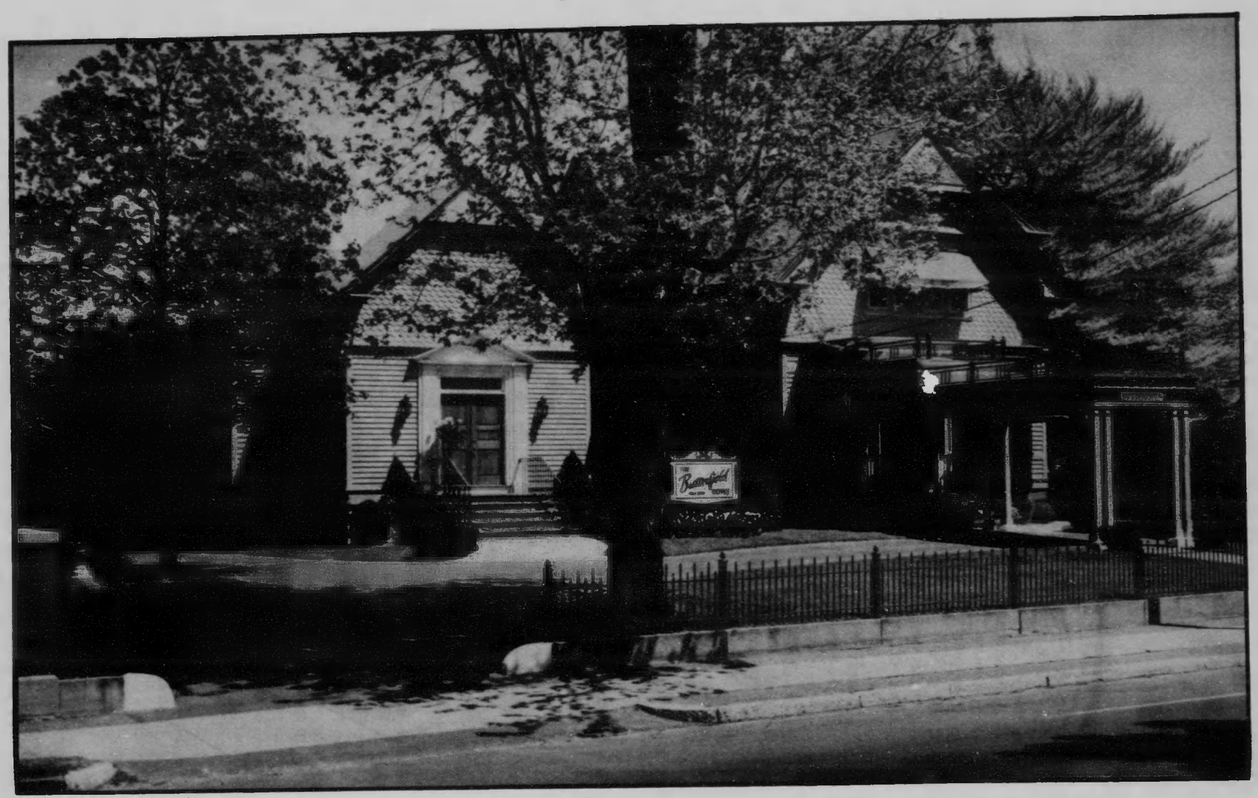
SERVICES
of R. L. Polk & Co.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,300 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally. Polk also cooperates in maintaining City Directory Reference Libraries in cities throughout the United States and Canada.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping, creative services and fulfillment services.



AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

BANK DIRECTORY

Published semi-annually, Polk's Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

IT'S SO EASY.....

TO PLACE A

JOURNAL-BULLETIN CLASSIFIED AD

Low cost, packed-with-power Journal-Bulletin classified advertising is the key to extra profit for thousands of commercial advertisers.

Fast. Easy to use, easy to place. A quick phone call can start your ad within hours.

Intense readership. With the Journal-Bulletin's combined daily circulation you get a market potential of more than 1,000,000 readers.

Small space. Big results. Lots of big ticket items bought and sold every day. Readership studies consistently indicate Classified's broad range of readership from all income and education levels.

If you've never considered using classified, why dont' you include it in present planning. With the cost squeeze on from all directions, you'll be smart to use and profit from one of the most effective forms of advertising available to you—time-proven Journal-Bulletin Classified advertising.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

YOUR CITY
DIRECTORY
MIRRORS THE Commercial Life of your CITY

Out of Sight -- Out of Mind -- Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

YOUR
CITY
DIRECTORY
MIRRORS
THE
Commercial
Life
of your
CITY

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will dip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is outstanding to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

Commercial
Life
of your
CITY

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages
