Dear Councilman Flynn:

We received from the City Clerk a memorandum and a copy of a petition to abandon a portion of Hanover Street, from Dexter Street to Bucklin Street.

In this portion to be abandoned, we have a 6" C.I. Main connecting Dexter Street and Bucklin Street. There also is a 6" gate valve and 1½" service for building at #87 Hanover Street. To maintain this main and service, an easement will be required as it now exists.

Very truly yours,

REFERRAL NO. 2032 - Abandonment of Portion of Hanover Street

A communication from the Committee on Public Works dated June 23, 1980 proposes the abandonment of a portion of Hanover Street from Dexter Street to Bucklin Street for a distance of 62 feet. This petition was submitted to the City Council by Louis Handwerger of Rau Fastener Division of U.S. Industries, Inc. It was introduced to the City Council by the City Clerk on June 19, 1980 and was referred to the Committee on Public Works for further study.

A field inspection revealed that portion of Hanover Street is a 40' wide improved right-of-way with sidewalks. There are two industrial buildings owned by McGrath-Hamin Inc., jewelry manufacturers, adjoining the street in question (one at each side of the street). The surrounding area is mixed industrial and residential and is in generally fair to good condition. The street in question is located within the M-1 General Industrial Zone.

The entire Hanover Street runs easterly from Cranston Street to Elmwood Avenue and has an important value as a two-way thoroughfare.

— Therefore, it is recommended by DPUD that the Commission advise the Committee on Public Works that this petition be denied.

Subject: Petitions to abandon portions of Hanover, Manning and  
Williams Street

Dear Sirs:

The Narragansett Electric Company presently has overhead electrical facilities on each proposed abandoned portion of the subject streets, including poles and wires for streetlighting on Hanover and Manning Streets (necessary if area lighting is required upon abandonment), a guy stub and guy wires on Williams Street which support pole lines on Gano and Williams Streets and guy wires on Hanover Street which support outrigged crossarms on Hanover Street at Dexter Street.

However, The Narragansett Electric Company will not object to the granting of said petitions, provided that in the event the petitions are granted, the Petitioners will convey easements acceptable to The Narragansett which will permit the retention of our facilities in existing locations on said streets, together with the right to inspect, maintain, operate and replace the same.

RE: PETITION TO ABANDON HANOVER STREET BETWEEN DEXTER AND BUCKLIN STREETS

The New England Telephone and Telegraph Company presently has aerial facilities consisting of a pole with cable terminal and guying on said Hanover Street. These facilities are important to this area and would be costly to relocate as they serve McGrath-Hamin Inc.

The New England Telephone and Telegraph Company will not object to the granting of this petition, provided that in the event that the petition is granted, the petitioners will convey an easement acceptable to New England Telephone and Telegraph Company, which will permit the retention of our facilities together with the right to inspect, maintain, operate and replace the same.
