GET THE BEST!

Webster's Unabridged Dictionary.

New Illustrated Edition, thoroughly revised and much enlarged.
OVER 3000 FINE ENGRAVINGS.

Of constant use and convenience in

EVERY INTELLIGENT FAMILY.

It contains over 10,000 WORDS and MEANINGS not found in other Dictionaries.
Over thirty able American and European scholars employed upon this revision, and THIRTY YEARS of labor expended upon it. It is now believed to be by far the most complete, useful, and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.
The possession of any other English Dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In its present perfected state, it must long remain the **BEST ENGLISH DICTIONARY**, and, once possessed, remain of constant and abiding value.
What book, beside the Bible, so indispensable as a good Dictionary?
Containing one-fifth or one-fourth more matter than any former editions.
From new electrotype plates and the Riverside Press.

IN ONE VOLUME OF 1840 ROYAL QUARTO PAGES.

"GET THE LATEST."

"GET THE BEST."

"GET WEBSTER."

TELEGRAPH FIRE ALARM.

The Telegraphic Fire Alarm will be used for signaling all fires that occur within or near the city.

The bells to be used for alarming the Fire Department are upon the following buildings, viz: Fourth Baptist Church, Bacon Street; No. 2 Engine House, Mill street; St. John's Church; No. 4 Engine House, Wickenden street; Roger William's Church; High Street Church; (in the night,) No. 9 Engine House, Pallas street; Central Baptist Church, and Gardner T. Swarts' Tower, on Dorrance street.

The signal boxes where alarm may be communicated, may be found in all the engine houses; at the residences of the Chief Engineer, No. 21 Chestnut street, and Assistant Engineer, No. 15 State street; and at the several stores of A. F. Fuller, No. 66 Wickenden street; Byron Smith, No. 235 North Main street; F. Thoene, No. 6 High street; Williams & Son's, No. 273 High street; John Tillinghast, Olneyville; Bernard Magee, No. 456 North Main street, and office of the Chief Engineer.

Upon the discovery of a fire in any locality within or near the city, let the fact be made known to those having charge of the nearest signal box, and the alarm will be immediately telegraphed through the line.

RULES FOR OPERATING, ADOPTED BY THE BOARD OF ENGINEERS, JULY, 1862.

ARTICLE 1. The operators are the Police, Night Watch, Firemen, and those having charge of the boxes in the several stores.

ART. 2. The first one of the operators who gets possession of a signal box, shall commence operations by making from five to ten rapid movements of the knob as preliminary signals. He shall then strike the number of the ward the fire is in, two minutes or more.

ART. 3. To avoid striking the wrong district, the bell ringers shall not leave their stations to ring their bells until they shall have received two or more distinct signals from the district, through their box.

ART. 4. Upon receiving the correct alarm they shall proceed immediately to the bells assigned them, and after ringing smartly thirty seconds, shall toll distinctly the number of the ward where the fire is, five times in succession, at slight intervals, and repeat the same five times at least.

ART. 5. It shall be the duty of all persons authorized to make signals for fire alarm, to note whether the armature is against the magnet or lying upon the pin; if in the latter position, then the telegraph is not in working order; the bell ringers shall then proceed to ring an alarm in the usual manner, and the firemen will use due diligence in finding the place of the fire, if any there be.

ART. 6. The Foremen of the several companies will report immediately to the Chief Engineer when the alarm shall have been given from their station, and the name of the person giving the alarm.

Apr. 7. Those having charge of signal box at Station No. 1, on Exchange Place, will, every evening, at 9 o'clock, strike the number of the hour. If the response is not made at the other stations throughout the city, it is required of the several operators to report the same at the

office of the Chief, room No. 3, City Building.
 ART. 8. Any employee of the Fire Department failing to comply with the above rules, on being reported to the Board of Engineers, will be liable to discharge from the Department.

DISEASE OF THE LIVER.

EAST HENRIETTA, N. Y., Sept. 19, 1859,
For over two years I was so bad off that I could not lie in bed over twenty minutes at a time; almost immediately on lying down, I experienced the most excruciating pain in my right side and back. In nine days after taking Dr. F. Bardeen's Medicines I was able to ride in my buggy and attend to my business. I also used a bottle of his excellent Strengthening Bitters, and in less than two months I was restored to perfect health. This statement I will cheerfully attest to.
Sworn before me this 20th day of Nov., 1860, H. D. SCRANTON, Mayor of Rochester.

THOMAS OWEN.

SCROFULA CURED.

CUBA, Alleghany Co., N. Y., Sept. 18, 1859.
JOSIAH QUIMBY testifies that he has been badly troubled with scrofulous sores on his legs and arms, from the size of a silver dollar to that of a man's hand. The disease he supposed to be hereditary. He has taken two bottles of Dr. F. Bardeen's Medicines, and two boxes of his Vegetable Pills, and his sores are entirely healed. His health, which had been very poor, is perfectly restored. He also testifies that Dr. Bardeen's Vegetable Pills are the best Pills he ever used in his life.

SORE THROAT AND MOUTH.

ROCHESTER, Sept. 19, 1859.
It is with great pleasure I add my testimony to your list of cures, by the use of your valuable medicines. I had been suffering from a sore throat and mouth, caused by a cold; I took a few doses of your medicine and found great relief; and I feel in duty bound to give this certificate.
Yours truly, A. STANBURY.

CATARRH.

ALBANY, August 24th, 1858
This is to certify, that I was formerly for some time, until the spring of 1856, seriously afflicted with the Catarrh, a very offensive and nauseating disease, that by the use of two bottles of Dr. F. Bardeen's Medicines I have been entirely cured. It is an invaluable medicine, and those afflicted in like manner should not fail to make use of the remedy while an opportunity is offered.

Sworn before me, this 24th day of August 1858. ELI PERRY, Mayor of Albany.

C. VEASIE.

SUPERPHOSPHATE OF LIME.

MANUFACTURED AT PROVIDENCE, R. I.

From many years' experience, the proprietors can, with confidence, recommend their SUPERPHOSPHATE OF LIME as a TOP DRESSING for WHEAT, CLOVER, GRASS, (*Pasture or Meadow*;) and at the time of sowing or drilling, for INDIAN and SPRING CORN, POTATOES, CARROTS, TURNIPS, ONIONS. CELEBY, &c.

Weight per acre, from five to six hundred pounds where farm yard manure is not used with it, but when the land receives, say half a dressing of farm yard manure, then from two to three hundred pounds will be sufficient.

If sown broadcast, the land should be immediately harrowed or ridged up, so that the manure will not be exposed to the air or sun; when drilled, it must be well mixed with loam, and care taken that the seed and manure do not come in immediate contact.

REINEWALDS'
H A I R
RESTORATIVE.

THIS PREPARATION possesses the peculiar property of darkening the hair, and causing grey hair to be restored to the color it originally was; it will also cause the hair to grow strong and healthy, it keeps the hair glossy and the head clean. It is one of the best restoratives ever used. As this effects the renovation of the hair by its action upon the vessels at the roots, it is essentially necessary that the hair and scalp should be thoroughly moistened with it. It does not act as a dye, but stimulates the hair at the roots, and thus restores its natural color.

DIRECTIONS.

Shake the Mixture well before using it. Apply it at your discretion and taste. It may be used as free as water with perfect safety.

Abundant testimony furnished in this vicinity of its superior excellence if requested.
