SUBJECT: Resolution requesting the Traffic Engineer to cause the installation of "No Thru Trucking" signs at Knight Street between Broadway and Westminster Street.

The DPW - Traffic Engineering Division performed a field study to determine if this section of Knight Street has excessive truck traffic. The field study revealed that there were no heavy trucks traversing this area at all and only a handful of pickup trucks and similar sized vehicles using this section of Knight Street. Therefore, the DPW-Traffic Engineering Division does not feel that posting this type of restriction is warranted.
