**Julian Drix**

Chair, Providence Sustainability Commission

Dear Mr. Drix,

I am writing to formally submit my resignation from the Providence Sustainability Commission. While I have enjoyed taking part in the important work that it does, I have recently moved out of Providence, and want my community member seat to be filled by someone who lives in the city.

In order to not hold up the Commission from having a quorum, my resignation should be effective immediately. Please reach me at the number above with any questions

Sincerely,

*Catherine Van Amburgh*
