RESOLUTION ITEM 13

Councilman

The following memo is a response to resolution 13 to be heard at the 9/25/18 Public Works Committee Meeting

13. Resolution Requesting the Traffic Engineer to cause the implementation of a traffic study on Vandewater Street.

Response: It would be helpful to hear of the specific traffic issues on Vandewater Street. The Traffic Calming Advisory Group (TCAG) reviewed this street. The traffic volumes were high. The high traffic volumes could be due to this street being an alternate route while the Hawkins Street Bridge is closed. The TCAG tabled this request until we have traffic counts with the Hawkins Street Bridge open.
