July 30, 1984

Mrs. Evelyn Fagnola
City Council
City Hall
Providence, R.I. 02903

Dear Mrs. Fragnola,

At this time when highways and main arteries in cities are being repaired, is there a good reason why a most important, if not the most important city artery, Smith St., cannot be refurbished? At this time, the area between Academy Ave., and the junction of Orms and Smith St. is very much in need of repair. I would suggest you drive down Smith St., some day over the area that I have indicated and I am sure you will agree.

As City Council representative from this general area, may I request that you push for the immediate resurfacing of Smith St. from Academy Ave. to Orms St. so as to prevent this area of the City from following the pattern of deterioration that so many other areas of the City have taken.

Your attention to this matter will be greatly appreciated by all of us who reside in this part of the city.

With every good wish, I am

Very sincerely,

Brother Stephen O'Hara, FSc
Thomas J. O'Hara.
