QUICK.

CORRECT.

FAIR.

WHO?

FOR ANSWER SEE NEXT PAGE.

E. L. Freeman & Son.

IN the conduct of our business we try, and always have, to carry out the meanings of the words so prominently displayed on the preceding page.

The chief requisite for some work is *Quickness;* for other kinds, *Correctness;* for a great deal, both *Quickness* and *Correctness;* but for all kinds, and at all times, *Fairness*, both to you, our employees, and ourselves, is essential.

IF YOU WANT QUICK WORK, COME TO US.

IF YOU WANT CORRECT WORK, COME TO US.

IF YOU WANT BOTH, (and you usually do,) COME TO US.

YOU WILL GET FAIR TREATMENT ALWAYS.

The Corliss Steam Engine Co.

PROVIDENCE, R. I.

Incorporated June, 1856; Established by

GEORGE H. CORLISS,

INVENTOR OF THE CELEBRATED

"CORLISS ENGINE."

DESIGNER & BUILDER OF THE FAMOUS

"CENTENNIAL ENGINE."

Exhibited at the Philadelphia Exposition, 1876.

DIRECTORS:

S. HOLMAN, Worcester, Mass. Treasurer Holyoke Machine Co., Holyoke and Worcester.
GEN. WM. F. DRAPER, Hopedale, Mass. Treasurer Hopedale Machine Co.

DAVID M. THOMPSON, M. E., Providence, R. I.
GEORGE B. BABBITT, Providence, R. I. President American Oil Co. and formerly Superintendent Wm. A. Harris Steam Engine Co.
CHARLES E. GILES, Providence, R. I. Formerly with Corliss Steam Engine Co. as Superintendent and Agent.

OFFICERS:

D. M. THOMPSON, President and Treasurer.
STEPHEN A. JENKS, Vice President.
WILLIAM B. SHERMAN, Secretary.
CHARLES E. GILES, Agent.
L. H. WATTLES, Superintendent.

THIS company, established in 1849, by GEO. H. CORLISS, builds these engines in different styles, i. e., condensing, non-condensing, single or in pairs, compound and triple expansion, in sizes from 50 to 3,000 horse power.

These works are fully equipped with heavy special tools of Mr. Corliss' invention, for the manufacture of these perfected engines. This guarantees a degree of precision in workmanship and consequent interchangeability of parts not hitherto attempted.

These Engines are in general and successful use for Manufacturing and Electric Lighting, and all other purposes requiring close regulation and economy in fuel.

The public will understand that we have no relations with American or European builders of so-called "Improved Corliss Engines," and that the final and perfected Engine of Mr. George H. Corliss, embodying his latest ideas, is to be obtained exclusively at our works.

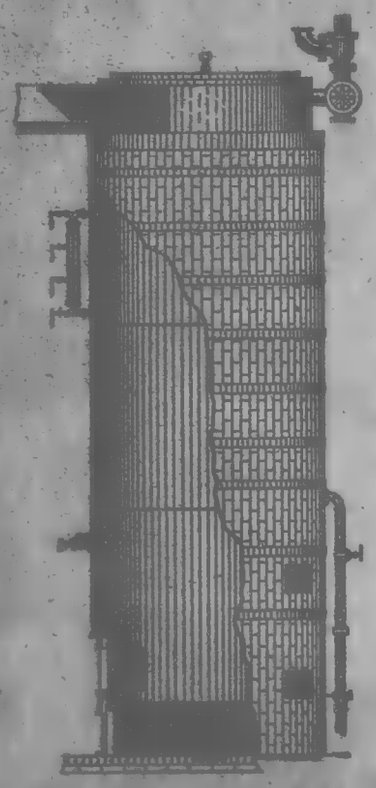
SOLE MANUFACTURERS OF THE

CORLISS PATENT VERTICAL TUBULAR



Water Leg Boilers.

These Boilers, invented by George H. Corliss [inventor also of the Corliss Engine] as now built by this company, contain his latest designs and patented improvements.

Thirty years' actual use and operation of these Boilers have proved that they possess, in the highest degree, the following special

ESTABLISHED 1880.

Whittemore and Colburn, Printers, No. 54 North Main Street, Providence, Rhode Island.

ANYTHING IN MERCANTILE, INSURANCE, LEGAL, BOOK, PAMPHLET AND COLOR PRINTING. HALF-TONE WORK, EMBOSSING, ETC., ETC. LARGE OR SMALL ORDERS EXECUTED NEATLY AND PROMPTLY. TERMS MINUTES WALK FROM MARKET SQUARE AND UNION DEPOT

WE WISH to call the attention of our friends and the public generally to the fact that we have, at our printing office at No. 54 North Main Street, facilities for doing your printing in a manner which we think will give you satisfaction, as regards promptness and quality of work, and we are willing to give as low prices as we can and leave a reasonable profit.

We have been in our present location since 1883, and we have among our customers a large number of professional men, business men, churches, societies, etc., and to them we have no hesitation in referring.

If you are already a patron we solicit a continuance of your favors, and if you have never given us an order, we ask that you give us a chance to substantiate our claim that we do "good work at fair prices." We will, upon receiving notice by telephone, mail or otherwise, call upon you and give estimates and receive your orders.

To those who prefer to call at the office, we would say that there is always someone in attendance who can give you any desired information. Use the elevator, which runs from 9 a. m. to 4 p. m.

We have first-class presses, modern type, and employ the best of workmen.

Samples of work shown on application.

The Key to Success in Business.

By A. G. SCHOLFIELD,

Principal of Scholfield's Commercial College, Providence R. I.

COPYRIGHT 1890. BY A. G. SCHOLFIELD.

The Intellectual Advantage to the Student of the Study of Bookkeeping, as it is Taught in Scholfield's Commercial College.

THERE is no study that one can take up and pursue for the same limited time, that combines as much in variety, and that can so effectually discipline the mind in reasoning from cause to effect, and that can so intellectually and effectually equip him, or her, for the various duties of life, as the study of Double Entry Bookkeeping under a competent teacher. This study secures to the student an easy, graceful and legible handwriting. This study compels its students to acquire a thorough knowledge of Commercial Arithmetic as a preliminary qualification for the study of Bookkeeping. This study in its practical details, as pursued in this college, also requires its students to write all the letters of business correspondence suggested by the business which is the subject of the students' lessons. Each student is required to write all these letters and to submit them for criticism and when corrected to copy them into his Book of Forms for future reference. The laws of business to which every person's business is subject more or less, in its conduct and its records, are also here taught in all their practical details in connection with Bookkeeping.

This study embodies not only the foregoing preliminary considerations, but it calls into requisition certain fundamental governing principles, a thorough knowledge of which the student must acquire before he can commence or pursue understandingly the study of either single or double entry. Intellectually equipped with a thorough knowledge of these elementary governing principles, the student proceeds alone, aided by a competent teacher withal, to solve understandingly in the Day Book, Journal and Ledger and auxiliary books, the various actual business transactions which are the subjects of the students' lessons in both Single and Double entry. So definite, clear and available, to satisfy any inquiry which may arise in the business they represent are these business records, made under our supervision, that the student becomes at once fascinated in pursuing this very interesting and most important branch of education.

Finally, the time having come when the net gain or loss in the business of the past should be ascertained, that business the records of which are rendered in conformity with correct principles and their subordinate rules; the student proceeds to perform this task by making a Grand Balance Sheet, which sheet combines a Trial Balance, a Balance Sheet and a Profit and Loss Sheet, his Grand Balance Sheet made from the Ledger constitutes a mathematical process by which both gross aud net gain or loss in the business in the past is ascertained and proven beyond a doubt. The student having intelligently solved the profit and loss problem under consideration, proceeds to close the Profit and Loss account in the Ledger into the account or accounts to which it is subordinate. Having availed himself of the rare opportunity offered in Scholfield's Commercial College, for acquiring a thorough business education, and having under the guidance of the principal and his assistants opened a set of business books in double entry, penned their records daily, weekly and monthly, solved every problem demanded of the Accountant from day to day, and closed the business into Profit and Loss correctly and understandingly, the student realizes for the first time that he holds the intellectual key to the science of double entry bookkeeping—the key to success in business and to a competency through life. What enterprising young gentleman or lady does not covet such an accomplishment?

Shorthand and Type-Writing.

Among the improved facilities in the prosecution of business, which American invention has developed during the last decade, is the Amercan Type-Writer. During the year 1891, Fifty Thousand of these wonderful machines have been manufactured and sold in the United States. This large number of sales in a given time will doubtless increase annually, for years to come. Each of these machines will require an operator. At least ninety per cent. of these operators will be young ladies; hence, at least Forty-five Thousand young ladies per annum must qualify themselves to meet this demand in the United States for years to come.

In order to operate one of these machines practically and successfully, the operator must understand and practice in her work, shorthand writing. The necessary qualifications for the study of shorthand writing and its practical use in connection with type-writing are as follows: The student must understand Grammar, and must be a good speller. In order to utilize shorthand writing successfully in connection with type-writing, a knowledge of composition and punctuation is also required in the prosecution of this study. Besides the pecuniary advantage which must accrue to the practitioner in shorthand and type-writing, important intellectual advantages are gained by the operator, and a consideration and respect attained from the employer which none but a Shorthand and Type-writer, or Bookkeeper can command.

Furthermore, the expert Shorthand and Type-writer is not only always in the line of promotion, but her daily practice in the line of her profession opens to her wider fields of thought, the cultivation of which qualifies its subject for a large field of usefulness.

Such are the emoluments, intellectual tendencies, aspirations, and accomplishments of an accomplished and efficient Shorthand and Type-writer. Ladies, will you qualify yourselves for this honorable and remunerative occupation? The increased demand for Type-writers waits for your reply. Does the reader ask where can this instruction be acquired most effectually? We answer, it can be acquired most effectually in Scholfield's Commercial College, where Shorthand has been taught during the last thirty-six years and Type-writing has been taught during the last four years. Our machines employed in teaching Type-writing are in variety, five of the best makes known to the profession.

The facilities for providing situations for its graduates is not excelled, if equaled, by any other school in New England.

WILLIAM J. DANIELSON,

Newspaper ✻ Advertising,

—AND—

SUBSCRIPTION AGENT,

No. 96 Westminster Street, Providence, R. I.

JUDICIOUS ADVERTISING PROMOTES TRADE.

Mr. Danielson for more than twenty years connected with the "Providence Journal," established in 1880 a general Newspaper Advertising and Subscription Agency, in the Lyceum Building, No. 96 Westminster Street, and March 1, 1890, purchased the business of the late C. J. Wheeler.

Eight Years' experience as a general Newspaper Advertising Agent, has afforded him ample opportunities to observe the waste caused by injudicious methods of advertising, and enable him to suggest the best mediums and to offer practical advice and assistance in so placing advertisements that the advertiser may reap the best results from the money expended.

Advertisements and Subscriptions received for all the leading Newspapers and Magazines at low rates. Special attention given to "locals" or reading notices in the Providence papers.

Libraries, Societies or individuals requiring any considerable number of Newspapers and Periodicals will find it to their advantage to send for terms.

Estimates for any amount of Advertising and information as to the best medium cheerfully furnished.

UNITED STATES SAVINGS AND LOAN CO.

OF ST. PAUL.

Chartered by the State of Minnesota in May, 1888.
Incorporated under the most stringent Building-Loan Law in existence.
Under direct supervision of the Banking Department.
Experience demonstrates the value of safeguards.
Characterized by conservative methods.
Executive Control vested in progressive men.
One of the largest of the Co-operative Banks.

Term investments are encouraged.

The funds of the Company are loaned on "long time" mortgage to shareholders who are purchasing Homes on the Installment Plan. Each borrower pays his *interest* and a *part of his principal* each month, the Company agreeing never to foreclose if he makes regular monthly payments *equivalent to rent.* It is thus evident that the Company receives an *appreciating security for each loan,* and to disturb such loans would be injudicious. It is also evident that the results of *compound interest* on these *partial payments* are not appreciable the first three or four years although the *term profits* fully reward persistency,—doubling the principal in between 7 and 8 years.

This Company has adopted the U. S. Government system of handling moneys. Thus defalcation,—*the cause of nine-tenths of the failures among otherwise honestly managed institutions,*—is impossible. To illustrate:

Providence Depository:
RHODE ISLAND HOSPITAL TRUST CO.
Capital, $1,000,000. **Surplus, $500,000.**
(Minimum expense and absolute safety for collections.)

Treasurer:
GERMANIA BANK OF ST. PAUL.
Capital, $400,000. **Resources exceed $2,000,000.**
(There can be no defaulting Treasurer here.)

Trustee:
THE MINNESOTA LOAN & TRUST CO.
Capital, $500,000. Guaranty Fund and Surplus, $250,000.
(Speculation with the securities is thus made impossible.)

It never pays to risk principal for the sake of high interest. Yet it is just as great a mistake to suppose that an investment *is safe* "because it pays you only 4%."

If you will take the time to investigate you will be surprised to find so many of your friends have just as safe investments netting them 7%, as yours which pay 4% or 5%. By investing in this company you can save 2 or 3 per cent.

DOUBLING INCOME IS DOUBLING PRINCIPAL.

Examine our DIVIDEND PAYING First Mortgage Bond Certificates. They embody all the valuable features of the Co-operative Banks, enable you to obtain the advantages of a Building-Loan Association investment, and without sacrificing your income, double your capital.

THE MIDDLESEX BANKING COMPANY,

MIDDLETOWN, CONN.

CAPITAL, - - $600,000. - - FULLY PAID.

Surplus and Undivided Profits $200,000.

Offers the safest possible investment for money in Debenture Bonds with First Mortgage Real Estate Collaterals. The closest investigation invited.

It has superior advantages of much importance to those seeking absolute security.

Its liabilities are limited by law, being required to have not less than 10 per cent. more assets constantly on hand than its liabilities. As a matter of fact it always has over that amount—See Bank Commissioners' Report. It is under the supervision of the State Bank Commissioners, the same as other Banks in Conn.

ITS RECORD.

Twentieth year of business without a dollar lost, or a day's delay in the payment of Principal or Interest.

THE MERCANTILE AGENCY.

Our object in directing your attention to this advertisement is, of course, to try and interest you in the Mercantile Agency. While a personal interview would be much more to the purpose, we can in this manner perhaps explain our system in a way that may be of profit to you.

To the question, "What is the object of the Mercantile Agency?" Our answer is, "To promote as well as to protect trade."

What is our System? Let us explain it as briefly as possible:-

1. By furnishing Reference Books containing the names of every business house in the United States and Canada, with its estimated financial worth and credit standing.
2. By furnishing detailed reports.
3. By furnishing all subscribers and their agents with a letter of introduction, which gives them access and enables them to obtain information from any of our one hundred and fifty-two offices.
4. By a Weekly Change Sheet, which gives all record items, assignments, dissolutions and other information of value.
5. By furnishing Unfavorable Information to all subscribers who have furnished us with a list of their customers.

The Mercantile agency of R. G. Dun & Co. is the oldest in the world, and was established in 1841, and at the present time has nearly double the number of offices of any other Agency. Our agency comprises 152 offices located in every important city in the United States, Canada, Australia and Europe. We publish the following Reference Books.

1. The General Reference Book. 2. The Cities Book.
3. The New England Reference Book. 4. A Jewelers and Furnishing Goods TradeBook.

We shall be pleased to hear from you in relation to the Agency, and at your request will call and explain anything you may wish to know, besides giving you prices for our different publications.

We also make a specialty of collections in any part of the World, and will furnish our rates upon application.

THOMAS EVANS,

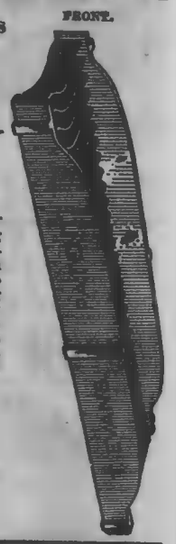
STEAM ENGINEER.

FRONT.

Examinations and Test of Steam Plants for securing economy of Fuel. Steam Engines Indicated and Power carefully measured.

Investigations made on the performance of Steam Engines and Boilers under all working conditions.

Thomas Evans' Patent Grate Bar.



TO STEAM USERS:

One of the chief features of this grate bar is "*A Uniform Air Space*," free from sharp angles and curves, the air flowing through this bar meets with the least possible resistance, enabling a large amount of air to pass through with minimum amount of draught. The very large amount of air necessary to form a perfect combustion under ordinary conditions in burning coal demands a carefully designed grate bar, one that will allow free access of air or oxygen to the incandescent fuel and at the same time allow the refuse ashes to fall through freely. This bar contains from 46 to 65 per cent. air space, according to nature of fuel used. To all parties using grate bars, it is worth their serious consideration.

Yours truly,

THOMAS EVANS, Steam Engineer.

Agent for the Skinner Engine Co., high speed automatic or medium speed trottling engine.

THE PROVIDENCE

Steam Carpet Beating Company,

New Number 151 Summer Street.

Telephone No. 1539.

Economy! Neatness!! Dispatch!!!

Old Carpets made to look nearly as good as new by use of the Patent Carpet Beating Machine, Grease removed by a new process. Special rates for renovating. By this method of cleaning Carpets they are uniformly beaten their entire length and breadth, by revolving flexible whips, which will not injure the finest fabric, *yet thoroughly expel all the dust and moths.* The dust and dirt as fast as beaten out of the fabric, are removed from the compartment where the carpets are beaten, by an EXHAUST FAN, which also removes and carries out of the room any moths or lava which may be beaten out of the carpet with the dirt and dust, so that there is no possibility of their settling back on the carpet.

If it be found necessary, we can apply our *heated steam process* in addition to the machine for removing dust and dirt; and this process will effectually relieve the carpet of all impurity, and in doing this bring the colors out almost like new. The moths and vermin are killed and not likely to trouble the fabric for a long time to come. Health and comfort are both promoted thereby. The carpets are not only beaten and cleaned but are thoroughly aired, there being a constant supply of fresh air going through the machine at all times.

Orders sent by Mail or Telephone to the Factory will receive prompt attention. Open every working day of the year. ☞ALL WORK GUARANTEED.

CARPETS, RUGS, BLANKETS, ETC., WASHED.

Carpets called for, cleaned and returned without regard to weather. Cartage Free. Carpets taken up and relaid when desired. Send for circulars.

HOME FOR INVALIDS,

And Private Hospital for Medical and Surgical Cases,

IN PROVIDENCE.

MRS. H. T. AYERS wishes to inform the members of the Medical Profession in Providence and vicinity, that she has opened a HOME FOR INVALIDS where they will receive the BEST OF CARE AND ATTENTION.

It is believed that there is an urgent demand for such a Home in the city, and it is Mrs. Ayers' purpose to provide for the existing need, a home thoroughly adapted to the requirements of invalids. The Home receives non-contagious cases, male or female, from physicians for room, board and nursing. NERVOUS CASES will receive special attention. Physicians can send their patients for general care, while at the same time continue their own exclusive treatment of them.

Lying-in cases will be received on Physicians' recommendations.

The house is pleasantly located on Washington street, corner of Jackson, Providence, is in complete sanitary condition, and is fitted up with special reference to the care and comfort of patients, while at the same time it is meant to be as home-like and attractive as possible. It is to be *distinctly understood* that patients are to continue in the exclusive care of their own physicians. For further particulars address
