The Honorable City Council
Committee on Public Works
City Hall
Providence, Rhode Island

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That the Traffic Engineer is requested to cause "STOP" signs be installed along Fair Street at its intersection with Waite Street.

Disposition: Denied. No traffic control is warranted at this time due to the fact that the traffic volume is extremely low and the accident history is excellent.

Very truly yours,

Frank A. Tibaldi
Traffic Engineer
