

THE CITY OF PROVIDENCE
STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS

RESOLUTION OF THE CITY COUNCIL

No.

Approved

RESOLVED, DECREED AND ORDERED

That the following named street shown as cross-hatched area on the accompanying plan entitled "Providence, Rhode Island, Department of Public Works - Engineering Office, Street Line Section Plan No. 063940, dated July 14, 1975",

VIZ:

Sawyer Street from Stamford Avenue to its easterly termination shown as cross-hatched area on the accompanying plan and designated by the letters (A-B-C-D-A), having ceased to be useful to the public and the same is proposed to be abandoned as a public highway; subject to payment of depreciated value of water main and services in the amount of Two Thousand Six Hundred Sixty-Six Dollars and Fifty Two Cents (\$2,666.52) as incorporated in communication from Acting Chief Engineer, Water Supply Board, dated December 5, 1979, and the damage to the abutters is appraised at nothing and so awarded, and it is further,

ORDERED, that the Director of Public Works, be and he is hereby directed to cause a sign to be placed on the above-named highway abandoned as aforesaid, having thereon the words, "Not a Public Highway", and it is further

ORDERED, That after the entry of this order or decree, the City Clerk shall cause a notice, thereof, to be published in a newspaper published in the County of Providence at least once a week for three successive weeks, and a further and personal notice shall be served by the City Sergeant upon every owner of land abutting the above-named highway which has been abandoned, who is known to reside within the State.

Dear Mr. Chairman:

We received a memorandum from the City Clerk dated July 1, 1975 concerning a petition for the abandonment of a portion of Sawyer Street.

The depreciated value of the Water Department facilities in that section of the street is as follows:

76 ft. of 6" A.C. Main	\$ 490.30
6" Gate Valve	238.76
1½" Service	226.60
Plug, Tee, Strap and Bulkhead	<u>150.00</u>
Total Value	\$1,105.66

We respectfully request that the petitioner be notified and that he agrees to pay the Water Supply Board the sum of \$1,105.66 before final action is taken.

A satisfactory permanent easement granted by the petitioner would be an alternate proposal.

Very truly yours,

John E. Rogers, P.E.
Chief Engineer

Committee on Public Works
City Hall
Providence, R.I. 02903

SUBJECT: Referral No. 1939 - ABANDONMENT - PORTION OF SAWYER ST.

Gentlemen:

This petition from the Committee on Public Works proposes the abandonment of that portion of Sawyer St. that is located to the east of Stamford St. in Plat 89.

Inspection revealed that the portion of Sawyer St. indicated is unpaved and terminates at its eastern extremity at city-owned land which is the former site of the Forestry Department building. The street in question plus all surrounding property is zoned R-1.

A plan for the subdivision of the city-owned property at this location into 13 single family house lots (see attached) has been presented to the City Council and to the Tax Assessor. The plan has been accepted and duly recorded by the Recorder of Deeds.

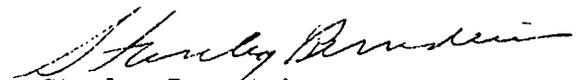

In view of the above action, the portion of Sawyer St. indicated for abandonment will have no further value as a public thoroughfare. Therefore, no objection is offered by this department to the proposed abandonment.

Upon motion of Mr. Casey seconded by Mr. Flynn

The Commission

VOTED: To recommend that this petition be tabled pending further action within the City Council.

REFERRAL NO. 2021 - ABANDONMENT OF PORTION OF SAWYER STREET

A communication from the Committee on Public Works dated November 30, 1979 proposed the abandonment of that portion of Sawyer Street from Stamford Avenue to its easterly termination. This petition was submitted by former Councilman Raymond A. Tomasso on June 25, 1975. An updated study from the Department of Planning and Urban Development is requested by Councilman Harry A. Johnson of the Committee on Public Works.

A field inspection revealed that portion of Sawyer Street from Stamford Avenue to its easterly termination is paved but the sidewalks are unpaved without curbs. Sawyer Street ends at Lot 137, which has been subdivided into 13 single family house lots. The street in question and its surrounding properties are within the R-1 single family zone. An existing and proposed grading and drainage plan for that 13 lots was submitted to the Department of Planning and Urban Development by Netop Associates on July 24, 1979. It indicates that the storm drainage for the lot area adjoining Sawyer Street runs directly into Sawyer Street (see attachment). However, there is no catch basin within the portion of Sawyer Street in question.

On December 18, 1975 a study on this referral was reported to the Committee on Public Works. At that time no storm drainage plan existed or was received by the Department of Planning and Urban Development for Lot 137 (13 lots). No objection was offered by the Department of Planning and Urban Development.

Other than for storm drainage as mentioned above, that portion of Sawyer Street proposed for abandonment will have no further value as a public thoroughfare. Therefore, it is recommended by DPUD that if the storm drainage for Lot 137 will be adequately provided without using Sawyer Street, no objection is offered on this petition by the Commission.

Re: Sawyer Street Abandonment.

Gentlemen:

Subsequent to our review of the proposed Sawyer Street abandonment request as indicated in our letter of Nov. 27, 1979, new information regarding Site drainage has been submitted to this office. This additional information clearly indicates that the Street is essential to proper drainage of surrounding property, and that any changes will possibly create drainage problems. Accordingly, we recommend abandonment of this Street be denied.

Very truly yours,

Dear Councilman Flynn:

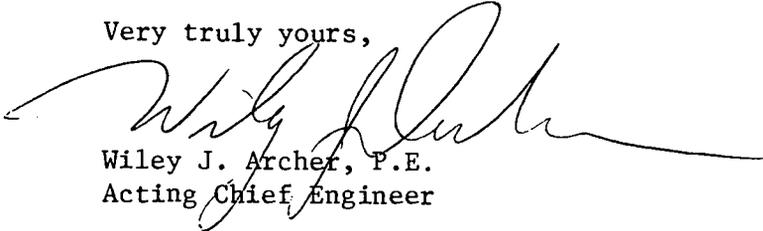

On December 4, 1979 this department received from the City Clerk a memorandum and a copy of a petition to abandon as a public highway a portion of Sawyer Street, and asking this department for an updated report.

The depreciated value of the Water Department facilities to be abandoned, plus the necessary work involved, is as follows:

76 feet of 6" A.C. Main	\$ 694.18
6" Gate Valve	237.48
1½" Copper Service	493.24
Cut & disconnect 6" A.C. Main @ 6x6 tee, plug, strap and install thrust block	580.00
	<u>\$2,004.90</u>
33% Engineering & Overhead	661.62
Total Cost	<u>\$2,666.52</u>

We respectfully request that the petitioner be notified and that he agrees to pay the Water Supply Board the sum of \$2,666.52 before final action is taken by your Committee. Please advise us in writing regarding the final decision.

Very truly yours,

November 26, 1979

Councilman Laurence K. Flynn, Chairman
Committee on Public Works
City Hall
Providence, Rhode Island

Dear Councilman Flynn:

I am writing in reference to our conversation some months ago with regard to the proposed abandonment of a portion of Sawyer Street from Stamford Avenue to its easterly termination, as a public highway.

As you know I am now in the process of developing for single family home construction that parcel of land I purchased from the City known as the Forestry Circle Subdivision.

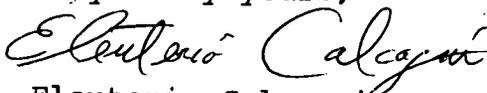

The proposed abandonment of Sawyer Street was initiated in 1975, heard before Committee and tabled due to the fact that the development of the Forestry Circle Subdivision was uncertain at that time.

At this time I am in the process of purchasing lot number 290 which abutts Sawyer Street and my existing property at the Forestry Circle. In surveying the Forestry Circle development, we found that the land may pose drainage problems that would necessitate Sawyer Street remaining open as a public highway.

A Hearing is being held by the City Council Committee on Public Works, Thursday, November 29, 1979 at 7:00 to address this abandonment, and not presently being an abutter, I am concerned in having an opportunity to express my concern with regard to this proposed abandonment and the effect it might have on the Forestry Circle Development as well as the surrounding area.

I would appreciate your consideration in this matter.

Very truly yours,

Eleuterio Calcagni,
Partner

Due to a previous engagement we are unable to attend this council meeting. We the undersigned, are in favor of the proposal to abandon that portion of Sawyer Street from Stamford Avenue to its easterly termination, as a Public Highway.

We are directly affected by this proposal as the southern line of our property abutts that portion of Sawyer Street. We have maintained part of the property affected for a number of years.

In closing, we respectfully request that the building contractor be held to the original proposal which called for the abandonment of a portion of Sawyer Street.

Respectfully,

William A. Briggs Jr.
