

# RESOLUTION OF THE CITY COUNCIL

No. 168

Approved March 23, 1987

WHEREAS, A break in the water main along Arbor Drive apparently re-  
quired the removal of asphalt, and

WHEREAS, Asphalt was placed on top of the excavation which has  
washed away leaving a dangerous condition along the roadway and several manhole  
covers are beginning to detach from the asphalt,

NOW, THEREFORE, BE IT RESOLVED, That the Director of Public Works  
is hereby requested to view the area and to cause the necessary repairs to  
be made to the asphalt surrounding the manhole covers along Arbor Drive.

March 2, 1987

Councilwoman Evelyn V. Fagnoli  
Deputy Majority Leader  
24 Leslie Drive  
Providence, RI 02908

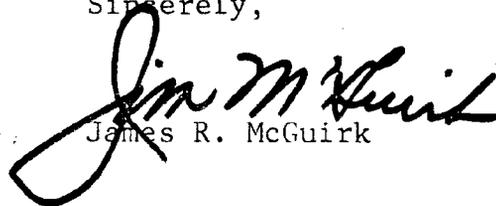

Dear Mrs. Fagnoli:

I am writing to you again as a member of the Elmhurst Arboretum Condominium Association. There was a water main break on Arbor Drive which apparently required the removal of asphalt. Some sort of asphalt was loosely placed on top of the excavation but has long since washed away. Now, a dangerous condition exists on the street because a portion of the street is mud.

Additionally, on the lower part of Arbor Drive, going towards Wyndham, several of the manhole covers are beginning to detach from the asphalt as has happened to others in the last several years. If a permanent resurfacing is not possible, perhaps patchwork repair work that was previously done on the street will have to be tried again.

I realize that the weather has been inclement for these types of repairs, but I wish you would talk to the Department of Public Works to put us on the list for a spring fix.

Sincerely,

  
James R. McGuirk
