Resolved, That the Director of Public Works is requested to replace the sidewalk located in front of 231 Amherst Street.

COUNCILWOMAN FARGNOLI:

Resolution extending sincere congratulations to John T. Campanini, Jr., City Forester for his selection to present a paper on Urban Forestry at the National Urban Forest Conference held in New York City on September 12th-16th, 1995.

Whereas, John T. Campanini, Jr., has been selected by his peers from across the country to present a paper on Urban Forestry at the National Urban Forestry Conference held in New York City on September 12-16, 1995, and

Whereas, John will be representing the City of Providence and the Parks Department, his talk will be on the success of the tree program created through the Neighborhood Planning Program funded by the City Council and the Mary Elizabeth Sharpe Tree Endowment.

Now, therefore, be it Resolved, That the Mayor and the City Council extend sincere congratulations to John T. Campanini, Jr., City Forester for his selection to present a paper on Urban Forestry at the National Urban Forest Conference in New York City.

Resolution recognizing the month of October as National Down Syndrome Awareness Month.

Whereas, Citizens who have Down Syndrome are active citizens who contribute much to the overall quality of life in this great city, and

Whereas, These people who suffer from this grave illness are human beings and should be treated accordingly and with greater public awareness and acceptance of these people will increase their access to community housing, employment, education, social and recreation opportunities, and

Whereas, Our own Parks Department have some kids with a mild case of Down Syndrome and are very good workers who have learned about the different aspects of horticulturing at Roger Williams Park under the supervision of staff and the Superintendent of Parks, and

Whereas, The Down Syndrome Society of Rhode Island, on behalf of the National Down Syndrome Congress, has worked to secure this resolution, and

Whereas, It is the goal of the City of Providence to instill positive perception of people with Down Syndrome.

Now, therefore, be it Resolved, That the Mayor and the City Council of the City of Providence hereby designate October, 1995 as *National Down Syndrome Awareness Month* and challenge the citizens of our community to look beyond a person's particular disability and focus instead upon a person's diverse abilities.

PERSONAL EXPRESSION

COUNCILWOMAN WILLIAMS requests the privilege of the floor to speak on a point of Personal Expression and states:

"Madam President, I wish to communicate to the Council a concern of mine. Earlier this evening with your packet, you received copies of the notices which were distributed anonymously in Ward 2. One at the end of August after which a meeting was held at the Wayland Manor with the President of the Firefighter's Union and a small number of residents. I had no knowledge of the meeting and found out through a friend of mine who attended the meeting, his first question to them was "why isn't Councilwoman Williams here?"

I hope that you will read that first notice because it is very disturbing to me and very insulting and it was at a difficult time in my life, as you know.

So, as soon as I was able to, I arranged for a neighborhood meeting to discuss the concerns of the residents regarding the possibility of the closing of the Humboldt Fire Station. Tuesday night at the neighborhood meeting I arranged, the firefighters were the first ones there handing out literature at the door and showing a video in the meeting room before I arrived. They had not called me, even in courtesy had not called me, to ask me if they could come to my meeting. They were just there!

I have to say that they weren't a disturbance, but they certainly enjoyed the fact that the residents were sufficiently disturbed by the news of the Humboldt Avenue Fire Station closing, that they didn't need to say anything.

We on the Council who are trying to contain costs, are trying to downsize to save money, and this is what most of my constituents want, and have encouraged me to do. I guess I underestimated the importance of the Fire Station presence

at the Humboldt location for the residents of the immediate area. I am sure that the same thing would happen in any of your wards.

Despite the fact that statistically, the incidents of fires in my area is low, my constituents do not feel that they should be punished for that fact. They pointed out to me that many of the structures on the East Side are wooden and old and that quick response is essential. They were also concerned about the response time in a medical emergency since the fire engine is the first vehicle to arrive until the rescue arrives.

Ward 2 also pays the highest taxes in the City and many feel that there should be adequate protection for them and their property. I cannot disagree with any of the comments made at my neighborhood meeting. Therefore, I am requesting your support to keep the Humboldt Fire Station open and continue to provide service in the form of either an engine or a rescue truck. I will be having a meeting shortly with the Commissioner of Public Safety and the Fire Chief to discuss the reorganization and downsizing of the Fire Department. I would suggest that the full Council might be interested in hearing the details of the downsizing so that the City residents will be knowledgeable about the changes.

We need to provide fire safety in a reasonable manner but we also need to improve fire prevention and the enforcement of fire building codes so that the whole City has fewer fires. I must say, that I appreciate that my constituents let me know how they feel and I hope that their fears can be allayed by having the presence of fire apparatus at that location.

I thank you for your support and for the support that I have already received especially from Councilman Jackson for coming to the meeting and to Councilman Allen who offered support after the meeting and even this evening, I thank

you, I thank all of you because you have been very supportive.

I hope that we can keep this because the cost is not keeping the building open, we know that. The cost is in the personnel and I do think that we need to have that station there, particularly in weather that is very bad when there is a possibility that the North Main Street Station

might not be able to get up the hill so we need to keep that station open. But, we need to downsize in a way that will keep perhaps the Rescue going up there, the Journal Bulletin reporter suggested that in his reporting of the meeting, and I certainly hope that comes to fruition. I hope that I have your support, thank you."
