IN GENERAL ASSEMBLY

JANUARY SESSION, A. D. 1970

AN ACT

IN AMENDMENT OF AND IN ADDITION TO CHAPTER 489 OF THE PUBLIC LAWS OF 1923 ENTITLED "AN ACT TO PROVIDE FOR THE RETIREMENT OF EMPLOYEES OF THE CITY OF PROVIDENCE", AS AMENDED.

It is enacted by the General Assembly as follows:

Section 1. Subdivision (3) of Section 3 of Chapter 489 of the Public Laws of 1923, as amended, is hereby amended to read as follows:

(3) The retirement board shall report annually in detail to the city council on or before the first Monday in January, showing the fiscal transactions of the system for the fiscal period of the city of Providence next preceding, the amount of the accumulated cash and securities of the system and a copy of the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities.

Section 2. The third paragraph of Subdivision (1) of Section 5 of said Chapter 489 is hereby amended to read as follows:

The retirement board shall certify to the City Controller the proportion of earnable compensation of each member so computed, and he shall deduct such proportion from the compensation of each member on each and every payroll of each department for each and every payroll period; but the City Controller shall not make any deductions for annuity purposes from the annual compensation of a member who elects not to contribute if he has attained the minimum retirement age in the case of a Class A Employee or if he has completed twenty

(20) years of creditable service in the case of a Class B Employee. In determining the amount earnable by a member in a payroll period, the retirement board may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period and it may omit deductions from compensation for any period less than a full payroll period if an employee was not a member on the first day of the payroll period; and to facilitate the making of deductions it may modify the deduction required of any member by such an amount as shall not exceed one-tenth of one percentum of the annual compensation upon the basis of which said deduction is to be made.

Section 3. Paragraph (a) of Subdivision (3) of Section 5 of said Chapter 489 is hereby amended to read as follows:

(a) On account of each member there shall be paid annually into the pension accumulation fund by the City of Providence for the preceding fiscal period, a certain percentage of the earnable compensation of each member to be known as the "normal contribution," and an additional percentage of his earnable compensation to be known as the "deficiency contribution." The rates per centum of such contributions shall be fixed on the basis of the liabilities of the retirement system as shown by actuarial valuations. Until the first valuation, the normal contribution shall be two and sixty-seven one-hundredths per centum and the deficiency contribution shall be two and forty-five one-hundredths per centum of the salaries of all members.

Section 4. Paragraph (d) of Subdivision (3) of Section 5 of said Chapter 489 is hereby amended to read as follows:

(d) The total amount payable in each year to the pension accumulation fund shall be not less than the sum of the rates per centum known as the normal contribution rate and the deficiency contribution rate of the total compensation earnable by all members during the preceding fiscal period; provided, however, the sum of such rates percentum need not exceed the rate

percentum of the earnable salary of all members obtained by deducting from seventy (70%) percentum of the total liabilities of all funds except the annuity savings fund the amount of the funds in hand to the credit of such funds and dividing the remainder by one (1%) percentum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Retirement Board and regular interest. The aggregate payment by the city into the pension accumulation fund shall be sufficient, when combined with the amount in the fund to provide the pensions payable out of the fund during the year then current.

Section 5. Section 6 of said Chapter 489 is hereby amended to read as follows:

SEC. 6. GUARANTEE BY CITY. Regular interest charges payable, the creation and maintenance of reserves in the pension accumulation fund and the maintenance of annuity reserves and pension reserves as provided for in this act are hereby guaranteed by the city of Providence. All income, interest and dividends derived from the deposits and investments authorized by this act shall be used as provided in this act for the payment of regular interest charges and any surplus shall be credited against the contributions required of the city and any deficit in the regular interest requirements shall be added to the city's contribution and paid by the city. Upon the basis of each actuarial valuation and appraisal provided for in this act, the retirement board shall prepare and submit to the committee on finance of the city council on or before the first day of May in each year an itemized statement of the amounts necessary to be appropriated by the city to the various funds during the ensuing fiscal period. The city council shall make an appropriation which shall be sufficient to provide for the contributions required of the city of Providence under this act and the amount so appropriated shall be included in the annual appropriation ordinance and shall be paid by the city treasury to the various funds of the system created by this act.

Section 6. The last paragraph of Section 7 of said Chapter 489 is hereby amended to read as follows:

Should the service of any member in any period of ten consecutive years after last becoming a member amount to less than five years, or should he withdraw his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member.

Section 7. Subdivision (5) of Section 8 of said Chapter 489 is hereby amended to read as follows:

(5) At retirement the total service credited a member shall consist of the service rendered by him as an employee since he last became a member and also if he has a prior service certificate which is in full force and effect, the service as an employee certified on his prior service certificate. In no event shall the total service credited to a Class B member exceed 32 years and 6 months; provided, however, that service rendered by such a member after minimum retirement age shall not be considered as credited service unless the member has continued to make his required contributions after the attainment of such age.

Section 8. Subdivision (11) of Section 8 of said Chapter 489 is hereby amended to read as follows:

(11) Effective October 1, 1968, any person classified as a Class B Employee on April 1, 1968, and who had a period of service in excess of twenty years as of April 1, 1968, may, by written notice filed with the Retirement Board prior to October 1, 1969, elect to pay into the annuity savings fund in such manner as shall be prescribed by said Board an amount equal to three (3%) percentum of his compensation from the 21st through the 25th year of said member's service, and an amount equal to eight (8%) percentum of his compensation from the 26th year of service up to and including the 32nd year and 6th month of his service, with interest thereon from the beginning of said period to the date of payment. Service prior to the fifth day of January, 1925 shall not be included in such period of service. Upon such payment, anything to

the contrary notwithstanding, such amount shall become part of his accumulated contributions, and the period of service on account of which such payment was made shall be added to his period of service since last becoming a member. The crediting of such service shall be both for the purpose of computing the amount of pension which may become payable under this act for the purpose of determining such member's eligibility for the benefits payable hereunder, and the rights of any beneficiary claiming through him.

If said Class B Employee fails to make the additional contributions as required by the provisions of this subdivision, any contributions made subsequent to the completion of 20 years of service shall be used to provide an excess annuity on retirement.

Section 9. Paragraph (c) of Subdivision (2) of Section 9 of of said Chapter 489 is hereby amended to read as follows:

(c) If the member is a Class B Employee a pension which together with his normal annuity, exclusive of any excess annuity, shall be equal to one-fortieth of his final compensation multiplied by the first twenty years of his total service credited, and equal to one-fiftieth of his final compensation multiplied by the number of years of his total service credited in excess of twenty years and, in addition, an excess annuity which shall be the actuarial equivalent of his accumulated excess contributions at the time of his retirement; provided, however, that no Class B Employee shall receive a service retirement allowance, exclusive of any excess annuity, in excess of seventy-five (75%) percentum of his final compensation.

Section 10. Paragraph (b) of Subdivision (4) of Section 9 of said Chapter 489 is hereby amended to read as follows:

(b) If the member is a Class A Employee, a pension which together with his normal annuity, exclusive of any excess annuity, shall be equal to nine-tenths of one-fiftieth of his final compensation multiplied by the number of years of the total service which would have been credited at minimum retirement age had he

remained in service to such age, including certified prior service; and in addition an excess annuity which shall be the actuarial equivalent of his accumulated excess contributions at the time of his retirement; provided, however, that no Class A Employee shall receive an ordinary disability retirement allowance, exclusive of any excess annuity, in excess of forty-five (45%) percentum of his final compensation. In no event shall his pension be less than it would have been had the provisions of this Paragraph (b) as in effect on September 30, 1964 continued without change to his date of retirement.

Section 11. Paragraph (c) of Subdivision (4) of Section 9 of said Chapter 489 is hereby amended to read as follows:

(c) If the member is a Class B Employee, a pension which together with his normal annuity, exclusive of any excess annuity, shall be equal to nine-tenths of one-fortieth of his final compensation multiplied by the number of years of the total service which would have been credited at minimum retirement age had he remained in service at such age, including certified prior service; and in addition an excess annuity which shall be the actuarial equivalent of his accumulated excess contributions at the time of his retirement; provided, however, that no Class B Employee shall receive an ordinary disability retirement allowance, exclusive of any excess annuity, in excess of forty-five (45%) percentum of his final compensation. In no event shall his pension be less than it would have been had the provisions of this Paragraph (c) as in effect on September 30, 1964 continued without change to his date of retirement.

Section 12. The introductory paragraph of Subdivision (6) of Section 9 of said Chapter 489 is hereby amended to read as follows:

(6) Upon retirement for accidental disability a member shall receive a service retirement allowance if on the date of his retirement he has attained age sixty-five if a Class A Employee who had not attained age sixty-one on October 1, 1968, or he has attained age sixty if a Class B Employee who had not attained

age fifty-six on October 1, 1968. A Class A Employee who had attained age sixty-one on October 1, 1968 who retires for accidental disability on or after October 1, 1973 or on or after he has attained age seventy shall receive a service retirement allowance. A Class B Employee who had attained age fifty-six on October 1, 1968 who retires for accidental disability on or after October 1, 1973 or on or after he has attained age sixty-five shall receive a service retirement allowance. In all other cases of accidental disability retirement the member shall receive an accidental disability retirement allowance which shall consist of:

Section 13. Add a new Subdivision (13) to Section 9 of said Chapter 489 to read as follows:

(13) The eligibility for a retirement allowance and the amount of such allowance shall be determined in accordance with the provisions of the Act to Provide for the Retirement of Employees of the City of Providence as in effect on the last day of a member's employment.

Section 14. Subdivision (2) of Section 13 of said Chapter 489 is hereby amended to read as follows:

(2) Said retirement allowance shall be computed at the rate of One Hundred (\$100) dollars per annum for each full year of service as an elective officer of said City of Providence from January 1, 1941 to September 30, 1968; and at the rate of ONE HUNDRED FIFTY (\$150) DOLLARS per annum for a full year of service as an elective officer of said City of Providence from October 1, 1968 to September 30, 1969, and at the rate of two hundred (\$200) dollars per annum for each full year of service as an elective officer of said City of Providence from October 1, 1969, and since any withdrawal of his contributions as provided in subdivision (6) of this section; provided, however, that the total number of full years of service for which an allowance shall be paid shall not exceed twenty-five years, except as provided in the last sentence of subdivision (6) of this section.

Any elective officer in office on May 15, 1969 may by written notice filed with the Retirement Board of the City of Providence prior to October 1, 1969 elect to pay to the Annuity Savings Fund in such a manner as shall be prescribed by said Board, an additional

amount of one hundred (\$100) dollars per year for each full year of service as an elective officer of said City of Providence from January 1, 1941 to September 30, 1968, and an amount of fifty (\$50) dollars per year for a full year of service as an elective officer of said City of Providence from October 1, 1968 to September 30, 1969.

Upon such payment, anything to the contrary notwithstanding, such amount shall become part of his accumulated contribution and the period of service on account of which such payment was made shall be included in his retirement allowance at the rate of two hundred (\$200) per year; provided, however, that the total number of full years of service for which an allowance shall be paid shall not exceed twenty-five years, except as provided in the last sentence of subdivision (6) of this section.

Section 15. Subdivision (6) of Section 13 of said Chapter 489 is hereby amended to read as follows:

(6) Each elective officer of said City who is in office on October 1, 1969 or who subsequent thereto becomes an elective officer, shall contribute Two Hundred (\$200) Dollars per annum of his compensation toward the cost of the benefits provided hereunder. Such contributions with accumulated interest may be withdrawn at any time prior to the commencement of payments hereunder, provided that upon such withdrawal all rights accrued under this section with respect to any service rendered prior to the date of such withdrawal shall terminate. Should a former elective officer elect not to withdraw such contributions with interest as above provided, no interest shall be credited to his contributions after four years shall have elapsed since he ceased to be an elective officer. Required contributions hereunder from elective officers shall cease after twenty-five years of service, and any contributions heretofore deducted for service in excess of twenty-five years prior to October 1, 1970 shall at the option of the elective officer concerned be refunded or applied toward the purchase of retirement benefits under the provisions hereof in excess of twenty-five years, anything herein to the contrary notwithstanding.

Section 16. This act shall take effect upon its passage.

Dear Joe:

I am enclosing herewith Resolution and proposed amendments to the Retirement Act, which will accomplish the following:

1. Section 1, as amended, of the proposed Act, will merely use the language fiscal period instead of fiscal year, to eliminate any possible problem with the nine-month fiscal year under which the City is presently operating.
2. Section 2, as amended, shall state that the Retirement Board shall certify to the City Controller instead of the department head, the amount of deductions to be taken from the employee's salary. This change is made because the department head no longer prepares the deductions in the payroll.
3. Section 3. The only change here is similar to Section 1, in which it is stated fiscal period rather than fiscal year, in order to clear up any problem since the City is now operating on a nine-month period as opposed to a one-year period and this will apply in the future, if we ever again change the fiscal year of the City.
4. Section 4, as amended, clarifies the language of the Act and is establishing a fund or a 70% funding basis.
5. Section 5, as amended, changes the language from fiscal year to fiscal period and changes the date of appropriation request from 1st day of September to 1st day of May.
6. Section 6 changes the Act to allow a member to be out of city service for five years instead of three years and still remain a member of the Retirement System.

7. Section 7 clarifies the language of the previous Act and limits a Class B employee for service not to exceed 32 years and 6 months.

8. Section 8. This Act amends the law to provide that any Class B employee who did not make up the 3% deficiency for service beyond 20 years, such contributions shall be considered an excess annuity.

9. Section 9 clarifies the law as to excess and normal contributions for Class B employees.

10. Section 10 clarifies benefits payable under ordinary disability, for Class A employees.

11. Section 11 clarifies benefits payable under ordinary disability, for Class B employees.

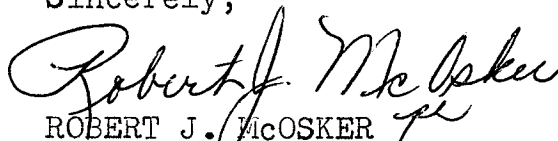

12. Section 12 amends the law to provide a five year phase-in period for accidental disability retirement.

13. Section 13. This section amends the law to provide that the benefits payable for any type of retirement allowance shall be based upon the law in effect on the last day of a member's employment.

14. Sections 14 and 15. These amendments clarify the elected officials act to provide a pension of \$200 a year, not exceeding 25 years of service.

Please have this Resolution and Act referred to the Council for its meeting on Thursday, February 19, 1970.

Sincerely,

ROBERT J. McOSKER

AN ACT

AUTHORIZING THE CITY OF PROVIDENCE TO ISSUE BONDS IN THE AMOUNT OF THREE MILLION (\$3,000,000) DOLLARS FOR THE MODERNIZATION, CONSTRUCTION, REPAIR, RENOVATION OF SCHOOL BUILDINGS AND ACQUISITION OF LAND FOR SCHOOL PURPOSES.

It is enacted by the General Assembly as follows:

SECTION 1. The city of Providence is hereby authorized and empowered, in addition to and not in substitution for authority previously granted, to issue, in addition to the bonds heretofore issued and now outstanding, under its corporate name and seal or a facsimile of such seal, serial bonds in any form which the city council of said city has heretofore approved or may approve, in an amount not exceeding THREE MILLION (\$3,000,000) DOLLARS. The principal thereof and the interest thereon shall be payable in any coin or currency of the United States of America, which at the time of payment is legal tender for public and private debts, and the debts incurred by said bonds shall be obligatory on said city in the same manner and to the same extent as other debts lawfully contracted by said city. The dates of maturity of said bonds shall, in no case, be more than twenty-five (25) years after date of issue; provided, however, that the first installment of the principal of the bonds issued under the provisions of this act shall mature on such date as said city council shall determine, but not later than five (5) years after the date of issuance. No installment of principal of any issue shall exceed the next prior installment by more than fifty (50%) per cent, except for a prior installment earlier than herein required.

SEC. 2. Said bonds shall be signed by the city treasurer and countersigned by the mayor of the city of Providence and shall be issued and sold at such times and in such amounts as the city council of said city shall determine. The bonds may be issued in coupon or registered form

and shall be subject to such provisions for registration and exchange as may be determined by the city council. The premiums, if any, arising from the sale of said bonds shall be applied to the cost of preparing, issuing and marketing the bonds, and any balance of such premiums shall be applied to the payment of the principal of said bonds in the order of their maturity. The proceeds arising from the sale of the bonds authorized by this act shall be delivered to the city treasurer and such proceeds, except as hereinbefore provided in respect to the premiums arising from the sale thereof, shall be expended for the modernization, construction, repair, renovation and acquisition of land for school purposes in the city of Providence, including the purchase or condemnation of land for such purposes. No purchaser or any of said bonds, however, shall be in any way responsible for the proper application of the proceeds derived from the sale thereof. The countersignature of the mayor may be by facsimile signature.

SEC. 3. Any proceeds of bonds or notes issued hereunder or of any applicable federal assistance, pending their expenditure, may be deposited or invested by the city treasurer in demand deposits, time deposits or savings deposits in banks which are members of the Federal Deposit Insurance Corporation (without regard to the limit of insurance) or in obligations issued or guaranteed by the United States of America or any agency or instrumentality thereof or by the state of Rhode Island or as may be provided in any other applicable law of the state of Rhode Island.

SEC. 4. The city of Providence shall annually appropriate a sum sufficient to pay the interest upon the bonds issued and outstanding under the authority of this act and also to pay the principal of the bonds maturing in any such year until said bonds are paid in full. All obligations of said city which are incurred under authority of this act shall be excepted from the operation of section 45-12-2 of the general laws of 1956.

SEC. 5. The city of Providence, acting by resolution of the city council, is authorized to apply for, contract for and expend any federal survey or planning advances or other grants or assistance which may be available for the purposes of this act. To the extent of any inconsistency between this act or any other law of this state and any applicable federal law or regulation, the latter shall prevail. Federal survey or planning advances, with interest where applicable, whether contracted for prior to or after the effective date of this act, may be repaid as a cost of the project under section 2 of this act.

SEC. 6. The question of the approval of this act shall be submitted to the electors of the city of Providence at the general election to be held in November 1970. The question shall be submitted in substantially the following form: "Shall an act, passed at the January 1970 session of the General Assembly, entitled 'An Act Authorizing the city of Providence to Issue Bonds in the Amount of Three Million (\$3,000,000) Dollars for the Modernization, Construction, Repair, Renovation of School Buildings and Acquisition of Land for School Purposes' be Approved?"
