The Honorable City Council  
Committee on Public Works  
City Hall  
Providence, Rhode Island

Gentlemen:

The Traffic Engineering Department has received the following resolution from your Committee and has taken the subsequent action:

Request: That the Traffic Engineer is requested to cause the installation of STOP signs along Knight Street at its intersection with Carpenter Street.

Disposition: Denied. STOP signs exist along Carpenter Street. Knight Street is the through street and carries twice the volume of Carpenter Street. This department feels that no change is warranted at this time.

Very truly yours,
