## TRAFFIC ENGINEERING DEPARTMENT

DWIGHT T. MYERS

Traffic Engineer

ROGER T. CHANDLER

Assistant Traffic Engineer

147 Fountain Street

Providence 3, R. I.

June 24, 1954

The Honorable City Council  
City Hall  
Providence, Rhode Island

Gentlemen:

At the request of Resolution No. 272 dated May 7, 1954, the Traffic Engineer has studied the advisability of installing 15-minute parking for one penny on Greene Street between Washington Street and Fountain Street in place of the present 30-minute parking for five cents.

Investigations carried on in this area indicate that 65 per cent of the people park for less than 30 minutes, 13 per cent for less than 44 minutes, 19 per cent for less than 59 minutes, and 3 per cent in excess of one hour. In view of these observed parking durations and in view of the fact that available space existed at all times during the study, it is felt that the present time limit serves the parking demand more adequately than would a shorter time limit.

In the light of this study, consideration is now being given to possible changes in the time regulation on the upper part of Fountain Street between Greene Street and Jackson Street and to the possible extension of the meter system to this area.

Very truly yours,

*Roger T. Chandler*  
Roger T. Chandler  
Traffic Engineer

Gentlemen:

At the request of Council Resolution #275, dated May 7, 1954, the Traffic Engineer has studied the advisability of limited parking on one side of Ayrault, Felix, Zone and Violet Streets.

Attached herewith are traffic regulations that will establish NO PARKING ANY TIME on one side of the above streets.

Very truly yours,

*Roger T. Chandler*
