

resol/residential delivery

# RESOLUTION OF THE CITY COUNCIL

No. 272

Approved May 12, 2000

WHEREAS, many businesses located within the city provide home delivery of their products or services to their customers; and

WHEREAS, the city has become aware that certain businesses have refused to provide home delivery to particular locations within the city; and

WHEREAS, such delivery is refused even in those instances where the customer or client resides within the normal delivery range of those businesses; and

WHEREAS, a normal delivery range shall mean a circular geographic area, with its center at the location from which the delivery services is provided, and with a radius defined by an imaginary line drawn between the center and the most distant point to which the person or business entity provides home delivery services; and

WHEREAS, such a practice is strongly to be discouraged; and

WHEREAS, the city has concern that such practice is discriminatory and biased,

NOW, THEREFORE, BE IT RESOLVED THAT the city strongly urges each and every business, which establishes delivery service as an incident to that business to provide such service to all residents within that normal delivery range.
