Dear Councilman Lombardi:

I am enclosing herein the map that was apparently omitted from the previous correspondence forwarded to you.

We would be pleased to meet with Bob McMahon and the Public Service Engineer regarding the specific area where lighting is required.

Thank you for your cooperation.

Very truly yours,

JACOB LIGHT, INC.

A detailed street map of a neighborhood in New York City, showing a grid of streets. A thick black line traces a path through the streets, starting from the bottom left, moving north along Washington St, then east along Broadway, and finally north along West 125th St. A large 'X' is drawn over the map, with its center at the intersection of Broadway and West 125th St. The map includes numerous street names such as Washington St, Broadway, West 125th St, and others.

Dear Councilman Lombardi:

As the president of the Hoyle Square Business Association, I am requesting your assistance in improving the street lights in the Hoyle Square area.

Our organization has been quite active in trying to rejuvenate the Hoyle Square area. In fact, in the last six months, merchants have invested several hundred thousand dollars in property renovations.

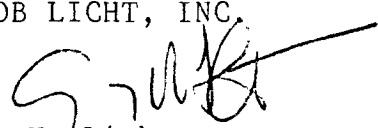

One of our top issues is crime. There is a severe problem with breaking and entering into our stores. We have met with the Providence Police Department, and they are in agreement with our Organization that augmenting and upgrading street lighting in Hoyle Square would subsequently reduce the crime problem. We respectfully request that a resolution be introduced regarding this matter. Robert McMahon of the Providence Department of Public Works and a member of our Organization has agreed to work with us and Narragansett Electric in improving lighting in Hoyle Square.

I have enclosed a map of the area where we would like to see improved street lighting. Please contact me at 331-9555 if you require any further information.

Thank you for your help. We look forward to hearing from you.

Very truly yours,

JACOB LIGHT, INC.
