CITY OF PROVIDENCE  
SALARY REVIEW COMMISSION

April 29, 1993

The Honorable Vincent A. Cianci, Jr.  
Mayor of the City of Providence  
25 Dorrance Street  
Providence, RI 02903

Dear Mayor Cianci:

In accordance with Article IV Section 415(c) of the Home Rule Charter of the City of Providence, the Salary Review Commission encloses its recommendations with respect to salary levels as mandated by the Charter.

In making its recommendations, the Commission has taken into account salary levels for like positions in comparable communities, the internal salary compression resulting from the fact that no increases have been given with respect to these positions since 1987 and the job description for each position as set forth in the Charter including particularly educational requirements. In addition, we have kept in mind the need of the City to continue to attract the highest quality of public servants.

With the exception of the Boards of Assessment, Canvassers and Licenses, we have recommended a salary range for each position rather than the usual practice of establishing a single rate. The establishment of ranges has two advantages. First this methodology allows flexibility in the future hiring process in that consideration can be given to a particular candidate's qualification and experience. Second, ranges provide the ability to adjust an employee's salary based on performance and similar activity for other city employees.

We call your attention to the fact that we have not taken into account the City's ability to pay any increases at this time, as it is not the Commission's charge to do so. The enclosed information is for your guidance and that of the City Council and we trust that it will be helpful.

Very truly yours,

Salary Review Commission
