Electric Light Costs

Finance 3:00 P.M.

- 1.) From Annual Report for Public Service Division, Public Works Department Fiscal Year 1964-1965.

Quote:

From

As of April 28, 1964, the City of Providence turned over to the State of Rhode Island the following Freeways:

Olneyville Expressway (Roberts Freeway), Huntington Expressway, North-South Freeway and the George M. Cohan Boulevard. By this transfer of Street Lighting, the City of Providence saves \$22,058.00 dollars per year.

- 2.) The cost of fuel above or below \$10.75 per standard net ton is what determines the rate schedule. However this applies only to the incandescent lights, which only makes a few cents difference above or below the base price. The mercury lights have a standard price year after year.
- 3.) Mutual agreement with Mayor Reynolds and the Narragansett Electric Lighting Company to replace all the existing 15,000 lumen Mercury Vapor lights with 21,000 lumen mercury vapor lights as of September 30, 1965, (3279-15,000c lights).

A former 15,000 O.H. Lumen Light Cost	\$70.98	\$20.00 More
A modern 21,000 O.H. Lumen Light Cost	\$77.00	\$90.98 U.G.
Inc. per year	\$ 6.02	for 1 light

An approximate $3279 \times \$6.02 = \$19,739.58$ per year.

- 4.) Increase over last year, 52-7000 Lumen Mercury Vapor lights. The updating of these \$15.90 incandescents to \$55.00 mercurys is an increase of \$39.10 per light.
 $\$39.10 \times 52 = \2033.20

- 5.) Elmwood Avenue; from 10,000 lumen incandescent to 21,000 lumen mercury vapors (131 lights).
Price of 21,000 lumen mercury U.G. \$114.00 per year.
Former price of 10,000 lumen incandescent U.G. \$91.19
Inc. per light per year \$22.81
 $131 \times \$22.81 = \2988.11

- 6.) Parking Deck; 79160 per year charged to Street Lighting.
 7.) Westminster Hall Lights; To be charged to Street Lighting.

8.) Total expenditures 1963-64 \$497,153.00
 Total expenditures 1964-65 \$504,331.00
 Monthly Average 1963-64 \$41,648.95
 Monthly Average 1964-65 \$42,027.63
 Increase in monthly average \$ 378.68
 Total savings in outages in 1963-1964 \$1579.93
 Total savings in outages in 1964-1965 \$1224.90

9.) Some Recent Updating

Westminster Street Mall Area 22 lights 15000c to 21000 lumen
 Westminster Street Mall Area 15 lights 7000 lumen
 Cranston Street; Westminster Street, Stewart Street 12-New 21,000 Lumen

 Smithfield Avenue Bridge - 6-7000 Lumen
 Remains off Broad Street change Avenue 9/8/04 2-21000 Lumen

- 10.) (Letters to Public Works Department, Vincent Vespa (City Clerk, Mr. Whitaker (Narragansett) updating and improved lighting in 1964-1965 budget.

Orchard Avenue & Orchard Place	\$ 232.00	Additional cost to City of Providence per year
Bridgham Street	\$ 1103.00	" " " "
Silver Spring Street	\$ 1158.96	" " " "
River Avenue	\$ 339.84	" " " "
Winter Street	\$ 145.00	" " " "
Waybosset Hill Redevelopment	\$ 3852.00	" " " "
Burgess Street	\$ 117.36	" " " "
Francis Street & Smith Street	\$ 547.44	" " " "

The cost to the City of Providence per year is only fractional compared to the outlay investment by the Utility Company.

Approximately 70 petitions submitted by Councilman for neighborhood lights are being held for approval by the Department of Public Works.

Additional Cost to City of Providence \$1111.60 per year.

Summary

Street Light has and still is undergoing a tremendous change and modernisation in Providence, in which we can be proud.

It was the result of several meetings between the Narragansett Electric Company officials, Mayor Reynolds and his staff and the Public Service Engineers Department, which enabled the City of Providence to keep to a minimum the mercury light conversion program, which has now been completed. However the monthly bill will not stabilise itself until all of the previous mentioned updating of street lights has been completed.
