PERSONAL PRIVILEGE

Councilman Johnson requests and is granted the Privilege of the Floor to speak on a recent newspaper article in the Evening Bulletin. The basis of this article concerned a bulldozer, allegedly, about to run over some children in a lot that was being taken away from them in the course of being made into a parking lot. It is only a small portion of the playground that is involved.

The Mayor signed a lease which he states he does not remember signing, after it came out of my Committee with full consent of all Committee Members, and he is reported as saying, "there are 150 such measures that come across

this desk every day, do you think I have a chance to read everything." The Mayor then blamed the Democratic controlled City Council. The Democrats did it.

Councilman Johnson further states that he doesn't know how the children of the area could use this section of the playground, only Gurus from India could walk on all the glass and nails there.

Councilman Johnson continues, by stating, that Councilman Cirelli check with the owner of the Restaurant, and it is his understanding that he

intends to clean up a portion of the lot and put up a couple of basketball courts to make better use of the area.

Councilman Johnson concludes, stating that maybe the Mayor should investigate this matter, and suggests that the Mayor start checking everything that comes over his desk.
