TRAFFIC ENGINEERING DEPARTMENT

60 ERNEST ST.

PROVIDENCE, R. I. 02905

781 - 4044

October 4, 1970

The Honorable Councilmen
of The City of Providence

Gentlemen:

This department has received a number of requests for the reduction of the speed limit on certain streets to 15 miles per hour.

The maximum and minimum speed limits are governed by the State of Rhode Island Motor Vehicle Code, and in particular, Chapter 14. In summarizing the numerous paragraphs of Chapter 14, the law specifies that local authorities may not reduce the speed limit of 25 miles per hour in any business or residence area. However, in this regard we do have authority to increase the speed limit, provided that an engineering and traffic investigation is made by an organized traffic engineering department. The professional traffic engineer feels that it is not reasonable or prudent to require a motorist to travel slower than 25 miles per hour under normal driving conditions.

Based on the above explanation you can see that any request for reduction in speed limit is fruitless, since we do not have jurisdiction in this matter.

Very truly yours,

Frank A. Tibaldi
Traffic Engineer

October 8, 1970

The Honorable City Council
City Hall
Providence, Rhode Island

Gentlemen:

A survey was conducted at Cypress and Hope Streets which indicated that a substantial number of pupils cross at this intersection. I concur with the recommendation of Colonel Franklin, Chief of Police, that a crossing guard post should be established for this location.

In addition, the Traffic Engineer has been notified of recommendations by the Police Department for speed signs in this area, the posting of school signs (School for the Deaf) and the possibility of a traffic control light at this location.

Respectfully submitted,

Harry Goldstein

Att: Mr. Vincent
Vespia, City
Clerk

Gentlemen:

In response to a Resolution for the establish-
of a crossing guard post at the intersection of
Academy Avenue and Chalkstone Ave., a survey was
taken which revealed that eleven children crossed
at this location. They all used the "walk light"
and had no difficulty in crossing. I agree with
the recommendation of the Chief of Police that a
crossing guard post is not recommended for this
location.

Respectfully submitted,

Harry Goldstein
